TITLE OF EACH CLASS OF SECURITIES TO BE REGISTERED	AMOUNT TO BE REGISTERED(1)	PROPOSED MAXIMUM OFFERING PRICE PER SHARE	PROPOSED MAXIMUM AGGREGATE OFFERING PRICE(2)	AMOUNT OF REGISTRATION FEE(2)
--	----------------------------------	--	--	-------------------------------------

Common Stock, par value \$5.00 per share.....	72,260,989	Not applicable	\$1,845,220,589	\$559,158
--	------------	----------------	-----------------	-----------

(1) Represents the maximum amount of common stock, par value \$5.00 per share,  
 of Western Resources, Inc. ("Western Resources"), issuable upon  
 consummation of the exchange offer for common shares, par value \$0.10 per  
 share (the "Shares"), of ADT Limited ("ADT") based on the maximum Exchange  
 Ratio (as defined in the Preliminary Prospectus) and excluding the Shares  
 owned by Westar Capital, Inc., a wholly-owned subsidiary of Western  
 Resources. According to ADT's Quarterly Report on Form 10-Q for the  
 quarter ended September 30, 1996, as of November 4, 1996, there were  
 issued and outstanding: (i) 141,119,159 Shares, and (ii) a warrant to  
 purchase 15,000,000 Shares, exercisable for six months from September 27,  
 1996 (the "Republic Warrant"). According to ADT's Annual Report on Form

10-K for the fiscal year ended December 31, 1995, as of December 31, 1995, there were 776,250 Liquid Yield Option Notes ("LYONS") issued and outstanding, each of which is exchangeable at the option of the holder for 28.23 Shares. According to ADT's 1996 Proxy Statement (the "Proxy Statement") there were to be 18,572,518 options to purchase Shares outstanding subsequent to the ADT 1996 Annual Meeting . Based on the foregoing and assuming that (i) no Shares have been issued since November 4, 1996, (ii) no options for Shares have been issued other than those reported in the Proxy Statement, (iii) no LYONS have been issued since December 31, 1995, and (iv) the Republic Warrant is invalid, the maximum number of Shares to be cancelled in the exchange would be 143,318,104. However, the actual maximum number of Shares will depend on the facts as they exist on the date of exchange.

(2) Pursuant to Rules 457(f)(1), 457(f)(3) and 457(c) under the Securities Act of 1933, as amended, and solely for the purpose of calculating the registration fee, the registration fee was computed on the basis of the high and low prices of Shares as reported on the New York Stock Exchange Composite Tape on December 16, 1996. The fee is \$559,158, calculated as 1/33 of one percent of the Proposed Maximum Aggregate Offering Price.

Therefore, information concerning ADT and KCPL which has not been made public is not available to Western Resources. Although Western Resources has no knowledge that would indicate that statements relating to ADT or KCPL contained or incorporated by reference in this Preliminary Prospectus in reliance upon publicly available information are inaccurate or incomplete, Western Resources was not involved in the preparation of such information and statements and, for the foregoing reasons, is not in a position to verify any such information or statements.

NO PERSON HAS BEEN AUTHORIZED TO GIVE ANY INFORMATION OR MAKE ANY REPRESENTATION IN CONNECTION WITH THE OFFER OTHER THAN THOSE CONTAINED OR INCORPORATED BY REFERENCE IN THIS PRELIMINARY PROSPECTUS, AND, IF GIVEN OR MADE, SUCH INFORMATION OR REPRESENTATION MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED BY WESTERN RESOURCES, SALOMON BROTHERS INC ("SALOMON"), BEAR, STEARNS & CO. INC. ("BEAR STEARNS") OR CHASE SECURITIES INC. ("CHASE," AND TOGETHER WITH SALOMON AND BEAR STEARNS, THE "DEALER MANAGERS"). THIS PRELIMINARY PROSPECTUS DOES NOT CONSTITUTE AN OFFER OR A SOLICITATION TO ANY PERSON IN ANY JURISDICTION IN WHICH SUCH OFFER OR SOLICITATION IS UNLAWFUL. THE OFFER IS NOT BEING MADE TO, NOR WILL TENDERS BE ACCEPTED FROM OR ON BEHALF OF, ADT SHAREHOLDERS IN ANY JURISDICTION IN WHICH THE MAKING OR ACCEPTANCE THEREOF WOULD NOT BE IN COMPLIANCE WITH THE LAWS OF SUCH JURISDICTION. HOWEVER, WESTERN RESOURCES MAY, IN ITS SOLE DISCRETION, TAKE SUCH ACTION AS IT MAY DEEM NECESSARY TO MAKE THE OFFER IN ANY SUCH JURISDICTION AND EXTEND THE OFFER TO ADT SHAREHOLDERS IN SUCH JURISDICTION. NEITHER THE DELIVERY OF THIS PRELIMINARY PROSPECTUS NOR ANY EXCHANGE HEREUNDER SHALL UNDER ANY CIRCUMSTANCES CREATE ANY IMPLICATION THAT THERE HAS BEEN NO CHANGE IN THE AFFAIRS OF WESTERN RESOURCES OR ADT SINCE THE DATE AS OF WHICH INFORMATION IS FURNISHED OR THE DATE HEREOF.

IN ANY JURISDICTION WHERE THE SECURITIES, BLUE SKY OR OTHER LAWS REQUIRE THE OFFER TO BE MADE BY A LICENSED BROKER OR DEALER, THE OFFER SHALL BE DEEMED TO BE MADE ON BEHALF OF WESTERN RESOURCES BY SALOMON, BEAR STEARNS AND CHASE, AS DEALER MANAGERS, OR ONE OR MORE REGISTERED BROKERS OR DEALERS LICENSED UNDER THE LAWS OF SUCH JURISDICTION.

## PROSPECTUS SUMMARY

The information below is qualified in its entirety by the more detailed information and financial statements appearing elsewhere in this Preliminary Prospectus, including the documents incorporated in this Preliminary Prospectus by reference. ADT Shareholders are urged to read this Preliminary Prospectus and the Annexes hereto, and the documents incorporated herein by reference, in their entirety. As used in this Preliminary Prospectus, the terms "Western Resources," "ADT" and "KCPL" refer to such entity and, unless the context otherwise requires, its subsidiaries.

### WESTERN RESOURCES

Western Resources and its divisions and wholly owned subsidiaries include KPL, a rate-regulated electric and gas division of Western Resources ("KPL"), Kansas Gas and Electric Company ("KGE"), a rate-regulated utility and wholly owned subsidiary of Western Resources, Westar Capital, Inc., Westar Security, Inc., Westar Energy, Inc., The Wing Group, Inc., non-utility subsidiaries, and Mid-Continent Market Center, Inc., a regulated gas transmission service provider ("MCMC"). KGE owns 47% of Wolf Creek Nuclear Operating Corporation ("WCNOC"), the operating company for the Wolf Creek Generating Station ("Wolf Creek"). Western Resources' non-utility subsidiaries market natural gas primarily to large commercial and industrial customers, provide electronic security services, engage in international large power project development and provide other energy-related products and services.

Western Resources is engaged principally in the production, purchase, transmission, distribution and sale of electricity and the delivery and sale of natural gas. Western Resources serves approximately 601,000 electric customers in eastern and central Kansas and approximately 648,000 natural gas customers in Kansas and northeastern Oklahoma. On December 12, 1996, Western Resources and ONEOK, Inc. ("ONEOK") announced a strategic alliance pursuant to which Western Resources will contribute its regulated local natural gas distribution operations, and MCMC and Westar Gas Marketing, Inc. ("Westar Gas Marketing"), and will become the largest shareholder of ONEOK. See "Prospectus Summary--Recent Developments" and "Recent Developments."

Westar Capital is a private investment company, wholly owned by Western Resources, with investments in energy-related and technology-oriented businesses. Westar Capital owns 38,287,111 Shares, or approximately 27% of the outstanding Shares, including 14,115 Shares issuable upon exchange of 500 Liquid Yield Option Notes ("LYONS") of ADT, which are exchangeable for Shares at a rate of 28.23 Shares per LYON.

Westar Security is a rapidly growing electronic security services business with 110,000 customer accounts. Westar Security is currently the tenth largest security company in the United States, by customer count, with operations in eleven states. On December 16, 1996, Western Resources announced an agreement pursuant to which Western Resources will acquire all of the assets of Westinghouse Security Systems, Inc. ("Westinghouse Security"), a subsidiary of Westinghouse Electric Corporation ("Westinghouse"). Westinghouse Security is a national security system monitoring company. See "Prospectus Summary--Recent Developments" and "Recent Developments."

Western Resources was incorporated under the laws of the State of Kansas in 1924. Western Resources' corporate headquarters is located at 818 S. Kansas Avenue, Topeka, Kansas 66612 and its telephone number is (913) 575-6300. Westar Capital's corporate headquarters is located at 818 S. Kansas Avenue, Topeka, Kansas 66612 and its telephone number is (913) 575-6300. See "Business of Western Resources."

### ADT

The following information concerning ADT is derived from the ADT 1995 Form 10-K:

ADT was incorporated in Bermuda on September 28, 1984, under the name Hawley Group Limited and is an exempted company limited by shares with its registered office at Cedar House, 41 Cedar Avenue, Hamilton HM12, Bermuda. The executive office of the subsidiary which supervises ADT's North American activities is located in the United States at One Boca Place, 2255 Glades Road, Suite 421A, Boca Raton, Florida 33431, and its telephone number is (407) 997-8406.

ADT is currently engaged in two service businesses: electronic security services in North America and Europe and vehicle auction and related services in the United States. ADT is the largest provider of electronic security services in North America and the largest provider in the United Kingdom, providing continuous monitoring of commercial and residential security systems for 1.6 million customers. ADT is also the second largest provider of vehicle remarketing services in the United States, operating a network of 28 vehicle auction centers.

ADT's principal activities in the electronic security services businesses are the electronic monitoring of its installed base of security systems and the installation of new, monitored security systems to add to its installed base. Monitored systems may be sold or, as is most often the case, ADT may retain ownership of installed systems. ADT receives contractual recurring fees for monitoring security systems through its electronic monitoring centers and for maintenance of security systems installed at customer premises and other related services. ADT sells, installs and maintains monitored security systems, integrated electronic security systems and other electronic security products for additional fees. In 1995, approximately 60% of ADT's total electronic security services revenues in North America and Europe were derived from contractually recurring fees for electronic monitoring and maintenance of security systems installed at customer premises and other related services. The remainder of ADT's security revenues were derived from the sale and installation of security systems, the installation of security systems in accordance with a monitoring service agreement and the maintenance of security systems on a non-contractual basis.

In September 1996, ADT acquired the entire equity interest in Automated Security (Holding) PLC, a United Kingdom company ("ASH"). ASH is engaged in the provision of electronic security services in North America and Europe. Under the terms of the transaction (the "ASH Transaction"), shareholders of ASH received three Shares for every ninety-two ordinary shares of ASH and two Shares for every thirty-one 5% convertible cumulative redeemable preference shares and 6% convertible cumulative redeemable preference shares of ASH. The total consideration paid by ADT in the ASH Transaction consisted of 7,034,940 Shares and ADT accounted for the ASH Transaction as a pooling of interests.

In a press release issued by ADT on November 6, 1996, ADT announced its intention to sell its United States vehicle auction business. ADT's vehicle auction business operates a network of large modern auction centers which provide an organized wholesale marketplace for the sale and purchase of used vehicles. Principal sellers, or consignors, include new and used vehicle dealers, vehicle manufacturers, fleet operators, leasing companies, financial institutions and government agencies. Principal purchasers include franchise and non-franchise vehicle dealers and distributors who acquire vehicles to sell in the retail market.

#### REASONS FOR THE OFFER

Offer Premium and Dividend Impact. The purpose of the Offer is for Western Resources to obtain control of ADT. Western Resources presently intends, as soon as practicable after consummation of the Offer, to propose and seek to have ADT effect an amalgamation of a newly created subsidiary of Western Resources incorporated under the laws of Bermuda ("Bermuda Sub") with and into ADT pursuant to the provisions of Sections 104 through 109 of the Companies Act, with the amalgamated company operating under the name of ADT (the "Amalgamation").

Western Resources believes that the Offer is in the best interests of the ADT Shareholders because, among other things, the Offer Consideration represents a substantial premium to the per Share price prior to (i) the public announcement of Westar Capital's initial investment in ADT, and (ii) the public announcement of the Offer and the date of this Preliminary Prospectus. The following table shows the premium of the Offer Consideration over the closing per Share price on the NYSE on the last trading day immediately prior to such events.

	ADT OFFER PRICE*	SHARE PRICE	PERCENT DIFFERENTIAL**
	-----	-----	-----

December 21, 1995, the last trading day before the public announcement of Westar's initial investment in ADT.....	\$22.50	\$13.50	66.7%
December 17, 1996, the last trading day before the public announcement of the Offer and the date of this Preliminary Prospectus.....	\$22.50	\$20.13	11.8%

- - - - -

\* Assumes the Offer Consideration is \$7.50 net in cash and \$15.00 of Western Resources Common Stock per Share.

\*\* Based on the closing prices of Western Resources Common Stock and Shares on the indicated dates.

In addition to these substantial per Share price premiums, the Offer also provides ADT Shareholders with the opportunity to receive an ongoing current cash return on their ADT investment in the form of dividends on Western Resources Common Stock. Western Resources has paid dividends every year since its formation in 1924 and dividends have been increased every year since 1958 (except for 1975, in which the dividend remained unchanged). It has been Western Resources' past practice to return a substantial portion of its earnings to shareholders in the form of dividends. Western Resources does not anticipate any significant change with respect to such dividend practice as a result of the Offer or the Amalgamation. However, the declaration of future dividends will depend upon future earnings, the financial condition of Western Resources and other factors.

Enhanced Business Opportunities. Western Resources believes that ADT Shareholders will benefit in several ways in addition to the 12% premium above the per Share closing price on December 17, 1996. Upon consummation of the Offer, Western Resources intends to build upon ADT's leading international presence and quality brand equity in the security business, combining them with Western Resources' fast growing security business, strong core utility business and customer service expertise to become a leading provider of energy related products and services, including security, to homes and businesses. As the energy market deregulates, there will be opportunities for companies to capture market share based on sound utility fundamentals and access to customers. This proposed combination provides ADT Shareholders with an opportunity to leverage the ADT brand name to enter the rapidly expanding deregulated energy market. Combining the ADT brand name with Western Resources' solid financial base and sound utility expertise will give the combined entity a competitive advantage in the newly deregulated energy and energy-related services market. Western Resources believes that the combination of Western Resources and ADT will provide a stable earnings base and a sound foundation resulting in sustainable long-term growth in the deregulated energy and energy related services markets. The combined companies are also expected to achieve meaningful cost savings as a result of operational synergies following consummation of the Offer. For further information regarding Western Resources' analysis of the benefits of the Offer to ADT Shareholders and Western Resources' proposal for the combination of ADT's and Western Resources' businesses, see "Reasons for the Offer--Enhanced Business Opportunities."

#### BACKGROUND OF THE OFFER

In the past, ADT has advised Western Resources that it is not interested in discussing a business arrangement between ADT and Western Resources that could maximize ADT's potential both in its existing security business and in the emerging market of deregulated retail energy distribution. After careful study and consideration, Western Resources has determined that the potential benefits to ADT, Western Resources and the companies' respective shareholders can be best realized through a combination of Western Resources and ADT, and has, therefore, decided to proceed with the Offer.

In December 1995, Western Resources entered into a stock purchase agreement with Laidlaw Transportation, Inc. ("Laidlaw") and Laidlaw, Inc., pursuant to which Westar Capital subsequently purchased a total of 30,800,000 Shares on or prior to March 18, 1996, at an average price of \$14.40 per Share. Since March 18, 1996, from time to time Westar Capital has purchased Shares in the open market at prevailing market prices.

Westar Capital owns 38,287,111 Shares, or approximately 27% of the outstanding Shares, including 14,115 Shares issuable upon exchange of 500 LYONS, which are exchangeable for Shares at a rate of 28.23 Shares per LYON.

On July 1, 1996, ADT entered into an Agreement and Plan of Amalgamation (the "Republic Agreement"), by and among ADT, Republic Industries, Inc. ("Republic") and Republic Sub. Ltd., a newly created wholly owned subsidiary of Republic ("Republic Sub"), pursuant to which Republic Sub was to be amalgamated with and into ADT, with the amalgamated company operating under the name of ADT. Pursuant to the terms of the Republic Agreement, ADT granted to Republic a warrant to subscribe for 15 million Shares at a purchase price of \$20 per share, subject to adjustment (the "Republic Warrant"). The Republic Warrant was to become exercisable for a period of six months following the termination of the Republic Agreement. On September 30, 1996, ADT and Republic jointly announced the termination of the Republic Agreement, citing uncertainty attributable to market conditions, and amended the Republic Warrant to include certain restrictions on the issuance of Shares pursuant thereto and the transfer of such Shares by Republic to persons with interests in 10% or more of ADT. As described below, Western Resources has commenced litigation challenging the validity of the Republic Warrant. See "--Litigation."

On November 4, 1996, ADT declared a distribution of one Right for each outstanding Share, payable to holders of record as of the close of business on November 15, 1996, pursuant to the Rights Agreement. Pursuant to the terms of the Rights Agreement, which provides, among other things, that after certain persons acquire 15% or more (or in certain limited situations, a greater percentage) of the issued and outstanding Shares, holders of Shares (other than such persons), will be entitled to purchase Shares at half of the current market value and that if, after such an acquisition, ADT is involved in an amalgamation, other business combination or certain sale transactions, holders of Shares (other than such persons) will be entitled to purchase either Shares, or common stock of the other party to such transaction, at half of the current market value of such securities. See "The Offer--Conditions of the Offer--Rights Agreement" and "The Offer--The ADT Rights."

On November 6, 1996, ADT announced its intention to sell its United States vehicle auction business.

On December 17, 1996, the Western Resources Board met and determined to proceed with the Offer. On December 18, 1996, in a letter to Mr. Michael A. Ashcroft, Chairman of the Board, President and Chief Executive Officer of ADT, Mr. John E. Hayes, Jr., Chairman of the Board and Chief Executive Officer of Western Resources, informed Mr. Ashcroft and the ADT Board of Western Resources' intention to pursue the Offer and the Amalgamation and encouraged Mr. Ashcroft and the ADT Board to meet with Western Resources to discuss the possibility of a mutually beneficial negotiated transaction.

On December 18, 1996, Western Resources also publicly announced its intention to commence the Offer and Western Resources filed a proxy statement (the "ADT Proxy Statement") with the Commission for use in soliciting proxies from ADT Shareholders for the ADT Special Meeting to remove the present members of the ADT Board, elect the Western Resources Nominees to the ADT Board and take certain other actions to facilitate the consummation of the Offer. On December 18, 1996, Westar Capital deposited a requisition (the "Requisition") with ADT requiring the ADT Board to convene the ADT Special Meeting. See "The ADT Special Meeting."

#### LITIGATION

On December 18, 1996, Western Resources announced that Westar Capital had commenced litigation in the United States District Court for the Southern District of Florida charging ADT and the ADT Board with breaches of their fiduciary duties to ADT and the ADT Shareholders. Specifically, the complaint alleges, among other things, that the ADT Board breached its fiduciary duty to ADT and the ADT Shareholders in connection with the grant of the Republic Warrant and use of the ADT Rights Agreement. Republic is also joined in the lawsuit.

The lawsuit seeks injunctive relief and unspecified damages.

#### THE ADT SPECIAL MEETING

As more fully set forth in the Western Resources Proxy Statement, on December 18, 1996, Westar Capital deposited the Requisition with ADT, pursuant to Section 74 of the Companies Act and Bye-Law 42 of the ADT Bye-Laws, requiring the ADT Board to convene the ADT Special Meeting so that ADT Shareholders will have the opportunity to satisfy the ADT Shareholder Approval Condition. Under the Companies Act and the ADT Bye-Laws, the ADT Board is required to convene the ADT Special Meeting. In the event that the ADT Board does not within twenty-one days from the date of the deposit of the Requisition convene the ADT Special Meeting, Westar Capital may itself convene the ADT Special Meeting. Westar Capital has requested that the date of the ADT Special Meeting be February 18, 1997; however, as of the date of this Preliminary Prospectus, the date, time and place for the ADT Special Meeting have not been determined and there can be no assurance that the ADT Special Meeting will be convened on such date. See "The ADT Special Meeting."

In connection with the ADT Special Meeting, Western Resources is soliciting ADT Shareholders' proxies in favor of (i) the removal of all of the present members of the ADT Board and any person or persons elected or designated by any such director to fill any vacancy or newly created directorship, pursuant to Section 93 of the Companies Act and Bye-Law 71 of the ADT Bye-Laws, (ii) the reduction of the number of seats on the ADT Board to two, and (iii) the election of the Western Resources Nominees, Steven L. Kitchen and Steven A. Millstein, as the directors of ADT (or, if either Western Resources Nominee is unable to serve as a director of ADT due to death, disability or otherwise, any other person designated as a Western Resources Nominee by Western Resources). In order to comply with the requirement of Bye-Law 53 of the ADT Bye-Laws that a director of ADT own one Share, each of the Western Resources Nominees will own at least one Share at the time of the ADT Special Meeting. Each of the foregoing actions (collectively, the "Western Resources Proposals") is designed to facilitate the prompt consummation of the Offer and the Amalgamation.

Only persons entered in the register of members of ADT as holders of Shares at the time of the ADT Special Meeting will be entitled to vote at such meeting unless the ADT Board sets a record date for the ADT Special Meeting. In the event the ADT Board sets a record date for the ADT Special Meeting, only holders of Shares at the close of business on such record date will be entitled to vote at the ADT Special Meeting. Each Share is entitled to one vote upon each matter presented at the ADT Special Meeting. Holders of ADT preferred stock, if any ("ADT Preferred Stock"), are not entitled to vote on any of the Western Resources Proposals. Pursuant to Bye-Law 43 of the ADT Bye-Laws, at any general meeting of ADT not less than two holders of Shares present either in person or by proxy constitutes a quorum for the transaction of business. Each of the Western Resources Proposals may be approved by the affirmative vote of a majority of those Shares voted at the ADT Special Meeting.

#### THE OFFER

General. Western Resources hereby offers, upon the terms and subject to the conditions set forth herein and in the related Letter of Transmittal, to exchange the Offer Consideration for each outstanding Share validly tendered on or prior to the Expiration Date and not properly withdrawn. The Offer Consideration consists of \$7.50 net in cash and that number of shares of Western Resources Common Stock equal to the Exchange Ratio. The term "Exchange Ratio" means the quotient (rounded to the nearest 1/100,000) determined by dividing \$15.00 by the average of the high and low sales prices of Western Resources Common Stock (as reported on the NYSE Composite Transactions reporting system as published in The Wall Street Journal or, if not published therein, in another authoritative source) on each of the twenty consecutive trading days ending with the third trading day immediately preceding the Expiration Date; provided, that the Exchange Ratio shall not be greater

than 0.50420. The term "Expiration Date" shall mean 5:00 p.m., Eastern time on \_\_\_\_\_, 1997, unless and until Western Resources extends the period of time for which the Offer is open, in which event the term "Expiration Date" shall mean the latest time and date at which the Offer, as so extended by Western Resources, shall expire. Pursuant to the Exchange Ratio, each Share will be exchanged for \$7.50 net in cash and \$15.00 of Western Resources Common Stock as long as the Western Resources Average Price is \$29.75 or higher. If the Western Resources Average Price is less than \$29.75, each Share will be exchanged for \$7.50 net in cash and less than \$15.00 of Western Resources Common Stock. See "Reasons for the Offer--The Exchange Ratio." On December 17, 1996, the closing price of the Western Resources Common Stock on the NYSE was \$31.25. Based on such closing price, each Share would be converted into \$7.50 net in cash and \$15.00 of Western Resources Common Stock. The Exchange Ratio will change as the market price of the Western Resources Common Stock changes. ADT Shareholders may call (800) \_\_\_\_\_ any time on or after the date hereof through the Expiration Date for the current Exchange Ratio calculated based on the then-current Western Resources Average Price for the twenty consecutive trading days ending with the third trading day immediately preceding the date the call is placed. The actual Western Resources Average Price and Exchange Ratio will be calculated as of the third trading day immediately prior to the Expiration Date, as described above, and a press release will be issued announcing the actual Exchange Ratio prior to the opening of the second trading day prior to the Expiration Date (as it may be extended from time to time). See "The Offer--General."

Conditions of the Offer. Western Resources' obligation to exchange the Offer Consideration for Shares pursuant to the Offer is conditioned upon, among other things, the satisfaction or, where applicable, waiver of each of the Offer Conditions. Subject to the applicable rules and regulations of the Commission, Western Resources expressly reserves the right, in its sole discretion, at any time or from time to time, to delay acceptance for exchange or, regardless of whether such Shares were theretofore accepted for exchange, exchange of any Shares pursuant to the Offer or to amend or terminate the Offer and not accept for exchange or exchange any Shares not theretofore accepted for exchange or exchanged, upon the failure of any of the conditions to the Offer to be satisfied. Western Resources reserves the absolute right to waive any defect or irregularity in the tender of any securities and to waive any of the Offer Conditions (other than the Western Resources Shareholder Approval Condition, the Regulatory Approval Condition and the condition related to the effectiveness of the Registration Statement). Although Western Resources reserves the right to do so, Western Resources does not currently intend to waive the Minimum Tender Condition, the ADT Shareholder Approval Condition, the ADT Bye-Law Condition or the Rights Plan Condition. See "The Offer--Conditions of the Offer--Minimum Tender Condition," "--Western Resources Shareholder Approval Condition," "--ADT Shareholder Approval Condition," "--Rights Plan Condition," "--ADT Bye-Law Condition," "--Republic Warrant Condition," "--Regulatory Approval Condition," and "--Certain Other Conditions of the Offer." Waiver or amendment of any of these conditions may require an extension of the Offer.

Regulatory Approvals. The acquisition of Shares by Western Resources pursuant to the Offer is subject to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "HSR" Act), and the rules (the "Rules") that have been promulgated thereunder. Western Resources currently has approval under the HSR Act to acquire up to 50% of the outstanding Shares. Western Resources intends to file with the Antitrust Division of the United States Department of Justice (the "Antitrust Division") and the Federal Trade Commission (the "FTC") a Hart-Scott-Rodino Notification Form with respect to the Offer to acquire over 50% of the Shares. Western Resources is also subject to the jurisdiction of the State Corporation Commission of the State of Kansas (the "KCC") with respect to the issuance of certain securities and indebtedness. An application for approval, or waiver of approval, of the issuance of Western Resources Common Stock and debt in connection with the Offer, has been or will be filed with the KCC.

Timing of the Offer. The Offer is currently scheduled to expire on \_\_\_\_\_, 1997; however, it is Western Resources' current intention to extend the Offer from time to time as necessary until all conditions to the Offer have been satisfied or waived. See "The Offer--Extension, Termination and Amendment." Western Resources expects that the Western Resources Shareholder Approval Condition will be satisfied by February 11, 1997,

the date on which it has called a special meeting of its shareholders (the "Western Resources Special Meeting"), to approve the issuance of shares of Western Resources Common Stock in connection with the Offer and an amendment to the Western Resources Articles to increase the number of shares of Western Resources Common Stock authorized for issuance. Western Resources currently anticipates that all of the other conditions to the Offer will be satisfied by the time that each of the ADT Shareholder Approval Condition and the Rights Plan Condition is satisfied. See "The Offer--Conditions of the Offer."

Extension, Termination and Amendment. Western Resources expressly reserves the right (but will not be obligated), in its sole discretion, at any time or from time to time, and regardless of whether any of the events set forth in "The Offer--Conditions of the Offer" shall have occurred or shall have been determined by Western Resources to have occurred, (a) to extend the period of time during which the Offer is open by giving oral or written notice of such extension to the Exchange Agent, which extension will be announced no later than 9:00 a.m., Eastern time, on the next business day after the previously scheduled Expiration Date, and (b) to amend the Offer in any respect (including, without limitation, by decreasing or increasing the consideration offered in the Offer to holders of Shares and/or by increasing or decreasing the number of Shares being sought in the Offer) by giving oral or written notice of such amendment to the Exchange Agent. The rights reserved by Western Resources in this paragraph are in addition to Western Resources' right to terminate the Offer as described in "The Offer--Extension, Termination and Amendment." There can be no assurance that Western Resources will exercise its right to extend the Offer. However, it is Western Resources' current intention to extend the Offer until all Offer Conditions have been satisfied or waived. See "The Offer--Extension, Termination and Amendment." During any such extension, all Shares previously tendered and not withdrawn will remain subject to the Offer, subject to the right of a tendering ADT Shareholder to withdraw his or her Shares. See "The Offer--Withdrawal Rights."

Exchange of Shares; Delivery of Western Resources Common Stock and Cash Consideration. Upon the terms and subject to the conditions of the Offer (including, if the Offer is extended or amended, the terms and conditions of any such extension or amendment), Western Resources will accept for exchange, and will exchange, Shares validly tendered and not properly withdrawn as promptly as practicable after the Expiration Date. See "The Offer--Exchange of Shares; Delivery of Western Resources Common Stock and Cash Consideration."

Withdrawal Rights. Tenders of Shares made pursuant to the Offer are irrevocable, except that Shares tendered pursuant to the Offer may be withdrawn at any time prior to the Expiration Date, and, unless theretofore accepted for exchange and exchanged by Western Resources for the Offer Consideration pursuant to the Offer, may also be withdrawn at any time after \_\_\_\_\_, 1997. See "The Offer--Withdrawal Rights."

Procedure for Tendering Shares. For a holder of Shares validly to tender Shares pursuant to the Offer, (i) a properly completed and duly executed Letter of Transmittal (or manually executed facsimile thereof), together with any required signature guarantees, or an Agent's Message (as defined herein) in connection with a book-entry transfer, and any other required documents, must be transmitted to and received by the Exchange Agent at one of its addresses set forth on the back cover of this Preliminary Prospectus and either certificates for tendered Shares (and Rights, if applicable) must be received by the Exchange Agent at such address or such Shares (and Rights, if applicable) must be tendered pursuant to the procedures for book-entry transfer (in the case of Rights, if available) set forth under "The Offer--Procedure for Tendering" (and a confirmation of receipt of such tender received), in each case, prior to the Expiration Date, or (ii) such ADT Shareholder must comply with the guaranteed delivery procedure set forth under "The Offer--Procedure for Tendering."

Unless the ADT Distribution Date occurs, a tender of Shares will constitute a tender of the associated Rights. ADT Shareholders will be required to tender one Right for each Share tendered in order to effect a valid tender of Shares, unless the Rights Plan Condition has been satisfied or waived.

THE METHOD OF DELIVERY OF SHARE CERTIFICATES AND ALL OTHER REQUIRED DOCUMENTS, INCLUDING DELIVERY THROUGH ANY BOOK-ENTRY TRANSFER FACILITY, IS AT

THE OPTION AND RISK OF THE TENDERING SHAREHOLDER, AND THE DELIVERY WILL BE DEEMED MADE ONLY WHEN ACTUALLY RECEIVED BY THE EXCHANGE AGENT. IF DELIVERY IS BY MAIL, REGISTERED MAIL WITH RETURN RECEIPT REQUESTED, PROPERLY INSURED, IS RECOMMENDED. IN ALL CASES, SUFFICIENT TIME SHOULD BE ALLOWED TO ENSURE TIMELY DELIVERY.

#### THE AMALGAMATION

The purpose of the Offer is to enable Western Resources to acquire control of ADT. Western Resources presently intends, following consummation of the Offer, to propose and seek to have ADT effect the Amalgamation, pursuant to which a newly created subsidiary of Western Resources incorporated under the laws of Bermuda will amalgamate with and into ADT, with the amalgamated company operating under the name of ADT. In the Amalgamation, each then outstanding Share (other than Shares owned by Western Resources or any of its affiliates, Shares held in the treasury of ADT (if ADT is so authorized) or by any subsidiary of ADT and Shares owned by ADT Shareholders who perfect appraisal rights under Bermuda law) would be cancelled in exchange for the right to receive the Offer Consideration.

If the ADT Shareholder Approval Condition is satisfied at the ADT Special Meeting, the Western Resources Nominees have stated their intention to take, subject to the fulfillment of the fiduciary duties they would have as directors of ADT, all actions necessary and desirable to facilitate consummation of the Offer and the Amalgamation including, among other things, (i) either redeeming the Rights or amending the Rights Agreement to make the Rights inapplicable to the Offer, if necessary, in order to satisfy the Rights Plan Condition, (ii) not invoking the provisions of Bye-Law 104 or 46 of the ADT Bye-Laws (as described herein) in connection with the acquisition of Shares by Western Resources pursuant to the Offer or otherwise, (iii) adopting and approving an agreement and plan of amalgamation among ADT, Bermuda Sub and Western Resources pursuant to which Bermuda Sub will amalgamate with and into ADT, with the amalgamated company operating under the name of ADT, and ADT Shareholders (other than Western Resources and ADT and their respective affiliates, and ADT Shareholders who perfect appraisal rights under Bermuda law) will receive the Offer Consideration in exchange for the cancellation of each Share (the "Amalgamation Agreement") and (iv) proposing an amendment to the ADT Bye-Laws providing that an amalgamation may be approved by the affirmative vote of a majority of the votes cast at a general meeting of ADT (the "Bye-Law Amendment").

Pursuant to the Companies Act, each of the Bye-Law Amendment and the Amalgamation Agreement require the approval of ADT Shareholders in order to take effect. Under the ADT Bye-Laws and Section 77(2) of the Companies Act, approval of the Bye-Law Amendment requires the affirmative vote of a majority of votes cast at a general meeting of ADT. Section 106(4A) of the Companies Act provides in part that, unless a company's bye-laws specifically provide otherwise, an amalgamation of a Bermuda company must be approved by a majority vote of three-fourths of those ADT Shareholders voting at a duly called meeting. The ADT Bye-Laws do not currently specify the vote required to approve an amalgamation. Therefore, upon the adoption of the Bye-Law Amendment, approval of the Amalgamation Agreement will also require the affirmative vote of a majority of votes cast at a general meeting of ADT (including Shares owned by Western Resources or its affiliates).

If the Offer is consummated, Western Resources and its affiliates will own a majority of the outstanding Shares. Accordingly, Western Resources and its affiliates will at such time have sufficient voting power in ADT to approve the Bye-Law Amendment and the Amalgamation Agreement independently of the votes of any other ADT Shareholders. Western Resources presently intends to vote any and all Shares then owned by Western Resources and its affiliates to approve such proposals.

The Amalgamation will be subject to certain conditions, including the consent of the Minister of Finance of Bermuda (the "Minister of Finance"). As soon as practicable following the acceptance of Shares by Western Resources pursuant to the Offer, the newly elected ADT Board presently intends to cause all necessary actions to be taken to seek the consent of the Minister of Finance to the Amalgamation. Western Resources has no reason

to believe that the Minister of Finance will not grant approval for the Amalgamation, however, there can be no assurance that the Minister of Finance would grant his consent to the Amalgamation. An adverse decision by the Minister of Finance may not be subject to appeal or review in any court. Western Resources also presently intends to condition the Amalgamation upon holders of not more than 5% of the outstanding Shares at the effective time of the Amalgamation perfecting appraisal rights with respect to the Amalgamation pursuant to Section 106(6) of the Companies Act.

ADT Shareholders will have appraisal rights under Bermuda law in connection with the Amalgamation. See "--Appraisal Rights" and "The Amalgamation--Appraisal Rights."

#### CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The exchange of Shares for the Offer Consideration pursuant to the Offer and Amalgamation will be a taxable transaction for U.S. federal income tax purposes and may also be taxable under applicable state, local and foreign tax laws.

All ADT Shareholders should carefully read the summary of the federal income tax consequences of the Offer and the Amalgamation under "The Offer--Certain Federal Income Tax Consequences" and are urged to consult with their own tax advisors as to the federal, state, local and foreign tax consequences in their particular circumstances.

#### EFFECT OF OFFER ON MARKET FOR SHARES; REGISTRATION UNDER THE EXCHANGE ACT

The exchange of Shares pursuant to the Offer will reduce the number of holders of Shares and the number of Shares that might otherwise trade publicly and, depending upon the number of Shares so purchased, could adversely affect the liquidity and market value of the remaining Shares held by the public.

The Shares are listed and principally traded on the NYSE and are also listed on the BSX, LSE and the FSE. Depending upon the number of Shares acquired pursuant to the Offer, following consummation of the Offer, the Shares may no longer meet the requirements of such exchanges for continued listing and the Shares may no longer constitute "margin securities" for the purposes of the Federal Reserve Board's margin regulations, in which event the Shares would be ineligible as collateral for margin loans made by brokers. For a description of the treatment of Shares in the Amalgamation, see "The Amalgamation."

#### APPRAISAL RIGHTS

In connection with the Amalgamation and pursuant to Section 106(6) of the Companies Act, a registered holder of Shares who does not vote in favor of the Amalgamation, if it is proposed and submitted to a vote of ADT Shareholders, and who is not satisfied that he or she has been offered fair value for his or her Shares, may, within one month of the giving of the notice of the general meeting of ADT Shareholders, apply to the Supreme Court of Bermuda (the "Court") to have the fair value of such dissenting ADT Shareholder's Shares appraised by the Court. Western Resources presently intends to condition the Amalgamation upon, among other things, holders of not more than 5% of the outstanding Shares having perfected appraisal rights with respect to the Amalgamation. See "The Amalgamation--Appraisal Rights."

#### COMPARISON OF THE RIGHTS OF HOLDERS OF SHARES AND WESTERN RESOURCES COMMON STOCK

As a result of the Offer, ADT Shareholders will become shareholders of Western Resources, a Kansas corporation. Such holders will have certain rights as Western Resources shareholders that are different from the rights they currently have in ADT, both because of the differences between the Western Resources Articles and Western Resources' by-laws (the "Western Resources Bylaws"), on the one hand, and the ADT Memorandum of Association and the ADT Bye-Laws, on the other hand, and because of differences between Kansas and Bermuda corporation law. For a comparison of the charter and by-law provisions of Western Resources and ADT and of Kansas and Bermuda law, see "Comparison of the Rights of Holders of Shares and Western Resources Common Stock."

## WESTERN RESOURCES' OFFER FOR KCPL

KCPL is a public utility engaged in the generation, transmission, distribution and sale of electricity to approximately 430,000 customers in western Missouri and eastern Kansas.

On July 8, 1996, Western Resources commenced the KCPL Offer to exchange shares of Western Resources Common Stock for each outstanding share of KCPL Common Stock. See "Western Resources' Offer for KCPL." The purpose of the KCPL Offer is to obtain control of, and ultimately exchange the entire common equity interest in, KCPL. Western Resources intends, as soon as practicable after consummation of the KCPL Offer, to seek to merge KCPL with and into itself (the "KCPL Merger"). Pursuant to the exchange ratio in the KCPL Offer, KCPL shareholders would receive \$31.00 of Western Resources Common Stock in exchange for each share of KCPL Common Stock, subject to a maximum of 1.100 and a minimum of 0.933 shares of Western Resources Common Stock for each share of KCPL Common Stock. According to KCPL's Quarterly Report on Form 10-Q for the period ended September 30, 1996, as of November 5, 1996, there were 61,904,744 shares of KCPL Common Stock outstanding. Based on the number of shares of KCPL Common Stock outstanding on November 5, 1996, if the KCPL Offer and KCPL Merger were consummated, KCPL shareholders would receive approximately 61,409,506 shares of Western Resources Common Stock, representing approximately 31.5% of the total Western Resources Common Stock (assuming that the Offer and the Amalgamation had previously been completed). Western Resources reserves the right, in its sole discretion, at any time or from time to time to amend or terminate the KCPL Offer in accordance with its terms.

On November 15, 1996, representatives of Western Resources' and KCPL's respective boards and managements met and had a cordial discussion regarding the proposed KCPL Merger. On November 25, 1996, representatives of Western Resources' and KCPL's respective boards and managements met again and continued their discussions.

As of December 13, 1996, the most recently scheduled expiration date for the KCPL Offer, approximately 29.6 million shares of KCPL Common Stock, or 48% of the outstanding shares of KCPL Common Stock, had been tendered to Western Resources pursuant to the KCPL Offer. Western Resources believes that this level of tenders demonstrates the support of KCPL shareholders for a merger of Western Resources and KCPL. On December 13, 1996, Western Resources issued a press release which stated that Western Resources and KCPL have agreed to proceed with substantive merger negotiations between now and January 15, 1997, the newly scheduled expiration date for the KCPL Offer. Although there can be no assurance that any agreement will result from such negotiations, if a definitive merger agreement is reached prior to January 15, 1997, it is Western Resources' present intention to terminate the KCPL Offer at such time and proceed with the KCPL Merger.

If an agreement with KCPL is not reached, Western Resources expects that it will extend the KCPL Offer from time to time in its sole discretion until all conditions thereto are satisfied, which Western Resources currently expects to occur prior to the end of 1997. Western Resources' obligation to exchange shares of Western Resources Common Stock for shares of KCPL Common Stock pursuant to the KCPL Offer is subject to various terms and conditions set forth in the KCPL Prospectus. Western Resources reserves the right, in its sole discretion, at any time or from time to time to amend or terminate the KCPL Offer in compliance with applicable law.

## RECENT DEVELOPMENTS

On December 12, 1996, Western Resources and ONEOK announced that they had entered into a strategic alliance in which Western Resources will contribute its regulated local natural gas distribution operations, and MCMC and Westar Gas Marketing, and will become the largest shareholder of ONEOK. A division of ONEOK, the Oklahoma Natural Gas Company, provides local natural gas service to 75 percent of the state of Oklahoma. ONEOK also has interests in natural gas marketing, processing and production.

In the transaction, which is expected to close in mid-1997, Western Resources will receive a 45% equity interest in ONEOK. The equity interest will consist of 2,996,702 shares of ONEOK common stock ("ONEOK Common Stock") and 19,317,584 shares of a new series of convertible preferred stock of ONEOK ("ONEOK Preferred Stock"). The ONEOK Preferred Stock will pay an annual dividend of up to 1.5 times the ONEOK Common Stock dividend, with a minimum dividend of \$1.80 per share. The transaction is expected to be accretive to Western Resources in the first full year.

As a result of its alliance with Western Resources, ONEOK will become the ninth largest gas distribution company in the United States, serving 1.4 million customers. The strategic alliance will also include a marketing agreement under which Western Resources will provide electric energy products, security products and other unregulated services to ONEOK's existing 735,000 customers. The transaction requires the approval of ONEOK's shareholders, the Oklahoma Corporation Commission (the "OCC"), the KCC and the Commission. Pursuant to the HSR Act, the transaction may not be consummated unless certain information has been furnished to the Antitrust Division and the FTC and certain waiting period requirements have been satisfied. Western Resources shareholders will not vote on the transaction.

Western Resources has agreed to pay approximately \$368 million, subject to certain adjustments, and assume certain liabilities and obligations for all of the assets used in, related to or necessary for the operation of the security installation, monitoring and service business currently operated by Westinghouse Security, a subsidiary of Westinghouse. Westinghouse Security serves approximately 300,000 customer accounts. The asset purchase is expected to be completed prior to the end of 1996.

The Amalgamation, pursuant to which Bermuda Sub will amalgamate with and into ADT, will be accounted for as a purchase and the pro forma information set forth below assumes the Amalgamation occurred as of January 1, 1995 and 1996, respectively. The KCPL Merger is expected to be accounted for as a pooling of interests. Accordingly, the historical results of Western Resources and KCPL have been restated to reflect the KCPL Merger for all periods presented. Pro forma information reflecting the Amalgamation and the KCPL Merger has been presented for the nine months ended September 30, 1996 and the year ended December 31, 1995. WESTERN RESOURCES, ADT AND KCPL SELECTED UNAUDITED PRO FORMA COMBINED FINANCIAL INFORMATION

The following selected unaudited pro forma combined financial information combines the consolidated balance sheets and income statements of Western Resources, ADT and KCPL as if the Amalgamation occurred on January 1, 1995 and the KCPL Merger had occurred for all periods presented. These statements are prepared on the basis of accounting for the Amalgamation as a purchase and the KCPL Merger as a pooling of interests and are based on the assumptions set forth in the notes thereto. These statements do not reflect the estimated cost savings and revenue enhancements Western Resources believes will result from the Amalgamation and the KCPL Merger. Therefore, the following information is not necessarily indicative of actual results that would have occurred had the Amalgamation and the KCPL Merger occurred on such dates or of future expected results. REASONS FOR THE OFFER

OFFER PREMIUM AND DIVIDEND IMPACT

Western Resources believes that the Offer is in the best interests of ADT Shareholders because, among other things, the Offer Consideration represents a substantial premium to the price per Share prior to (i) the public announcement of Westar Capital's initial investment in ADT, and (ii) the public announcement of the Offer and the date of this Preliminary Prospectus. The following table shows the premium of the Offer Consideration over the closing per Share price on the NYSE on the last trading day immediately prior to such events.

	OFFER PRICE*	ADT SHARE PRICE	PERCENT DIFFERENTIAL**
	-----	-----	-----
December 21, 1995, the last trading day before the public announcement of Westar Capital's initial investment in ADT.....	\$22.50	\$13.50	66.7%
December 17, 1996, the last trading day before the public announcement of the Offer and the date of this Preliminary Prospectus.....	\$22.50	\$20.13	11.8%

\* Assumes the Offer Consideration is \$7.50 net in cash and \$15.00 of Western Resources Common Stock per Share.

\*\* Based on the closing prices of Western Resources Common Stock and Shares on the indicated dates.

In addition to these substantial per Share price premiums, the Offer also provides ADT Shareholders with the opportunity to receive an ongoing cash return on their ADT investment in the form of dividends on Western Resources Common Stock. Western Resources has paid dividends every year since its formation in 1924 and dividends have been increased every year since 1958 (except for 1975, in which the dividend remained unchanged). It has been Western Resources' past practice to return a substantial portion of its earnings to shareholders in the form of dividends. Western Resources does not anticipate any significant change with respect to such dividend practice as a result of the Offer or the Amalgamation. However, the declaration of future dividends will depend upon future earnings, the financial condition of Western Resources and other factors.

THE EXCHANGE RATIO

The per Share price premium which ADT Shareholders will receive in the Offer, and the dividend which ADT Shareholders will receive as holders of Western Resources Common Stock, will depend on the Exchange Ratio at the time of consummation of the Offer. Such Exchange Ratio will be determined based on the Western Resources Average Price; provided, that the Exchange Ratio will not be more than 0.50420 shares of Western Resources Common Stock per Share. The amount of cash provided in the Offer will be \$7.50 net per Share, regardless of the level of the Exchange Ratio. Pursuant to the Offer, each Share will be exchanged for \$7.50 net in cash and \$15.00 of Western Resources Common Stock as long as the Western Resources Average Price is \$29.75 or higher. If the Western Resources Average Price is less than \$29.75, then each Share will be exchanged for \$7.50 net in cash and less than \$15.00 of Western Resources Common Stock.

The following chart sets forth a range of possible Western Resources Average Prices and the corresponding (i) Exchange Ratio, (ii) dollar value of the Stock Consideration to be received per Share, (iii) the dollar value of the Cash Consideration to be received per Share, (iv) the total dollar value of the Offer Consideration to be received per Share, (v) Share price premium over the closing Share price on the last trading day prior to the public announcement of the Offer, (vi) Share price premium over the closing Share price on the last trading day prior to the public announcement of Westar Capital's initial investment in ADT, and (vii) equivalent 1996 dividend per Share. The Western Resources Average Prices set forth below are for illustrative purposes only and

are not intended to be an exhaustive list of Western Resources Average Prices. There can be no assurance that the actual Western Resources Average Price will be in the range set forth below.

#### ENHANCED BUSINESS OPPORTUNITIES

In addition to the per Share price premium and dividend return provided by the Offer, Western Resources believes that the ADT Shareholders will also benefit from the Offer as a result of becoming shareholders of Western Resources. Western Resources has carefully studied the potential benefits of the combination of the businesses of Western Resources and ADT and, as a result, believes that such a combination will provide a solid financial base to support continued growth in the security business as well as a strong foundation for sustainable long-term growth in the deregulating energy and energy-related products and services markets. As deregulation continues for electric and natural gas utilities, individual homes and businesses will have the opportunity to choose their energy providers. As this process unfolds, companies with nationally recognized brand will have significant advantage in marketing energy and energy-related products and services. Consummation of the Offer and the Amalgamation will position Western Resources to take advantage of this emerging market, as Western Resources intends to leverage ADT's strong brand name by marketing energy and energy-related products and services to existing ADT customers and to new customers who know and trust the ADT brand name.

#### GROWTH OPPORTUNITIES IN THE SECURITY INDUSTRY

The U.S. security business is a growth industry with annual revenues of \$13 billion estimated to be growing at about 10% per year. Many opportunities for further growth exist, particularly in the residential segment.

Currently, the security industry serves approximately 17.4 million residential customers in the U.S. The number of households purchasing security alarm services each year has grown at a 13% rate in recent years with growth expected at an annual rate of 10% through the year 2000. This sustained growth will be driven by a combination of increased demand for security alarm services and the low current penetration rate. Today, only 22% of single family households and 18% of total U.S. households have the protection provided by an electronic security alarm system. With the advent of more reliable, less costly equipment which is easier to install, the price of the average alarm system has decreased dramatically, permitting a significantly larger segment of the population to afford this service. The average price of a residential alarm system was \$1,500 in 1990, compared with only \$1,200 today. This decrease has coincided with an increased awareness and concern over the incidence of crime, and a stronger general desire on the part of consumers to protect their families and property. Industry estimates project the penetration rate of the residential market segment to at least double its current level to over 40% by the year 2005, which would result in the creation

of 17.6 million new residential customers.

The commercial market penetration rate is currently estimated to be 50-60%, with a continued opportunity for growth driven by the same demand factors affecting the residential market. In addition, a large segment of the existing customer base requires upgrading of older systems with newer technology, and the integration of security enhancements such as access control and closed circuit television equipment. The cost of these technologies has decreased dramatically and now offers a more economical and reliable alternative to security guards and outdated methods of controlling and documenting activities within the workplace.

In order to maximize these growth opportunities, successful industry participants would ideally utilize sophisticated mass marketing techniques to reach consumers, develop and leverage strong brand names, and fully achieve the available economies of scale. This maximization is unlikely within the current industry structure due to its high fragmentation of providers. There are presently approximately 9,000-11,000 alarm companies in the U.S. Although over 90% of such companies have less than \$500,000 in annual revenue, these same companies currently have a 75% share of the market. Only 13% of the U.S. market is controlled by larger companies with ADT having the largest share at 7%, which is more than three times the size of the next largest provider.

Western Resources believes that the security industry's characteristics of rapid growth and provider fragmentation offers a unique opportunity for the emergence of a dynamic, growth-oriented market leader. Western Resources believes it is one of the first, and most successful, energy companies to pursue the opportunities presented by the security business. Western Resources' wholly owned security subsidiary, Westar Security, has grown through acquisitions and internal growth. Westar Security currently monitors over 110,000 customer accounts in eleven states, making it the tenth largest monitoring security company, by customer count, in the nation. With the addition of Westinghouse Security's customers, Westar Security will have over 400,000 accounts in 44 states, making it the third largest security service provider in the country. Western Resources believes that a combination of ADT's 1,100,000 residential and 600,000 commercial customers in the U.S., Canada and Europe with Western Resources' financial strength and energy businesses, will expand and strengthen ADT's current industry leadership in the security business.

#### EXPANSION OF BRANDED ENERGY MARKETING

The electric and natural gas utility industry in the United States is rapidly evolving from a historically regulated monopolistic market to a dynamic and competitive integrated marketplace. The successful providers of energy in a deregulated market will not only provide electric or natural gas service but also a variety of other services, including security. Several factors are primarily responsible for the current trend toward deregulation in the energy industry. Three of the most significant factors are: customer demand, technology and economics. Western Resources believes that customer demand is a key element as more sophisticated consumers continue to demand new and innovative options and insist on the development of more efficient products and services to meet their energy-related needs. Western Resources believes that its strong core utility business provides it with the platform to offer the more efficient products and energy services that customers will desire. Furthermore, Western Resources believes it is necessary to continuously seek new ways to add value to its customers' lives and businesses. Recognizing that its current customer base must expand beyond its existing service area, Western Resources views every person, whether in the United States or abroad as a potential customer. Western Resources also recognizes that its potential to emerge as a leading national energy and energy-related services provider is enhanced by having a strong brand name. Western Resources has been establishing its brand identity through the Westar Security name. The combination of Western Resources and ADT would immediately provide an ideal brand name to capitalize on the emerging security and energy marketplaces.

The U.S. electric industry had retail revenues of approximately \$200 billion, serving approximately 117 million homes and businesses, and the U.S. natural gas retail industry had revenues of approximately \$100 billion, serving approximately 58 million homes and businesses in 1995. In Western Resources' view, the

deregulation of the energy business will result in a model similar to that used by the long-distance telecommunications industry, with low-cost providers serving customers throughout the country. However, unlike the long-distance telecommunications market which is dominated by large companies with powerful brands, today's energy market is highly fragmented. In 1995, no utility company had a market share in the U.S. greater than 4%. It is Western Resources' view that this market fragmentation presents a superior opportunity for national industry leaders to emerge. Western Resources believes that a combination with ADT will give it the brand name recognition and complementary services to excel in the emerging deregulated electric and natural gas markets.

In Western Resources' view, there are several product and service streams into any home or business, two being energy and security. The combination of Western Resources and ADT will allow the combined company to integrate energy, energy-related products and services, and security, into a packaged group of products and services to homes and businesses under the internationally recognized ADT brand name. Western Resources believes that energy and security are naturally compatible services with many similar operating requirements such as installation, maintenance, billing and monitoring.

To date, ADT's management has not recognized the opportunities presented by the deregulation of the energy market. Western Resources believes that a combination of the strong core utility business and customer service skills of Western Resources and the brand name, customer base and support infrastructure of ADT will provide both the Western Resources and ADT shareholders with an invaluable opportunity to succeed in the security and energy markets. As the retail electric and natural gas markets become fully open to competition, substantial opportunities exist to increase market share and to sell a menu of integrated services which enhance the comfort and security of energy customers.

#### COST SAVINGS FROM OPERATIONAL SYNERGIES

Western Resources believes that the combination of Western Resources' and ADT's businesses following consummation of the Offer and the Amalgamation would lead to cost savings due to various operating synergies. Western Resources estimates that operational savings would be achieved by adopting the best practices of each of Western Resources and ADT, consolidating facilities and redundant operations, and integrating various corporate and administrative functions, including, but not limited to, finance, accounting, and purchasing.

## BACKGROUND OF THE OFFER

In the past, ADT has advised Western Resources that it is not interested in discussing a business arrangement between ADT and Western Resources that could maximize ADT's potential both in its existing security business and in the emerging market of deregulated retail energy distribution. After careful study and consideration, Western Resources has determined that the potential benefits to ADT, Western Resources and the companies' respective shareholders can be best realized through combination of Western Resources and ADT, and has, therefore, decided to proceed with the Offer.

In December 1995, Western Resources entered into a stock purchase agreement with Laidlaw and Laidlaw, Inc., pursuant to which Westar Capital subsequently purchased a total of 30,800,000 Shares from Laidlaw at an average price of \$14.40 per Share. Since March 18, 1996, from time to time Westar Capital has purchased Shares in the open market at prevailing market prices. Westar Capital owns 38,287,111 Shares, or approximately 27% of the outstanding Shares, including 14,115 Shares issuable upon exchange of 500 LYONS, each of which is exchangeable for Shares at a rate of 28.23 Shares per LYON.

On July 1, 1996, ADT entered into the Republic Agreement, pursuant to which Republic Sub was to be amalgamated with and into ADT, with the amalgamated company operating under the name of ADT. Under the terms of the Republic Agreement, ADT granted to Republic a warrant to purchase 15 million Shares at a purchase price of \$20 per share, subject to adjustment. The Republic Warrant was to become exercisable for a period of six months following the termination of the Republic Agreement. On September 30, 1996, ADT and Republic jointly announced the termination of the Republic Agreement citing uncertainty attributable to market conditions, and amended the Republic Warrant to include certain restrictions on the issuance of Shares pursuant thereto and the transfer of such Shares by Republic to persons with interest in 10% or more of ADT. As described herein, Western Resources has commenced litigation challenging the validity of the Republic Warrant. See "Litigation."

On November 4, 1996, ADT declared a distribution of one Right for each outstanding Share, payable to holders of record as of the close of business on November 15, 1996, pursuant to the Rights Agreement. Pursuant to the terms of the Rights Agreement, which provides, among other things, that after certain persons acquire 15% or more (or, in certain limited situations, a greater percentage) of the issued and outstanding Shares, holders of Shares (other than such persons) will be entitled to purchase Shares at half of the current market value and that if, after such an acquisition, ADT is involved in an amalgamation, other business combination or certain sale transactions, holders of Shares (other than such persons) will be entitled to purchase either Shares or common stock of the other party to such transaction at half of the current market value of such securities. See "Conditions of the Offer--Rights Agreement" and "The Offer--The ADT Rights."

On November 6, 1996, ADT announced its intention to sell its United States vehicle auction business.

On December 17, 1996, the Western Resources Board met and determined to proceed with the Offer. On December 18, 1996, in the letter set forth below to Mr. Ashcroft, Mr. Hayes informed Mr. Ashcroft and the ADT Board of Western Resources' intention to pursue the Offer and the Amalgamation and encouraged Mr. Ashcroft and the ADT Board to meet with Western Resources to discuss the possibility of a mutually beneficial negotiated transaction.

December 18, 1996

Mr. Michael A. Ashcroft  
ADT Limited  
Cedar House  
41 Cedar Avenue  
Hamilton HM12  
Bermuda

Dear Michael:

We have demonstrated our belief in ADT's future by investing \$589 million to purchase 27% of ADT's outstanding common shares, making us ADT's largest shareowner. In the past you and your board have advised us that you are not interested in discussing a business arrangement between our companies

that could maximize ADT's potential, both in its existing security business and in the emerging market of deregulated retail energy distribution.

Now, after careful study and consideration, we have determined that the potential benefits to ADT, Western Resources and ADT's other shareowners from a combination of Western Resources and ADT are simply too compelling to ignore. We firmly believe that this combination will provide significant benefits to our respective shareowners, customers and employees not available to either company on its own.

We believe ADT's full potential can only be realized in a strategic business combination. In our proposed transaction, ADT shareowners will become a part of one of the most innovative and dynamic companies in the business of making people's lives safer and more comfortable. Our subsidiary, Westar Security, is one of the fastest growing security companies in the nation. Combined with ADT, the leading brand name in the security industry, Western Resources will serve the energy and security needs of customers across the country and around the world.

Western Resources, therefore, will file with the Securities and Exchange Commission a preliminary prospectus for an offer by Western Resources to ADT shareowners. Under our proposed offer, ADT shareowners (other than Western Resources and its affiliates) will receive \$7.50 net in cash and \$15.00 of Western Resources common stock in exchange for each ADT common share, up to a maximum of 0.50420 shares of Western Resources common stock. Based upon the closing price of ADT common shares on December 17, 1996, our proposal represents a 12% premium above ADT's market price.

In order to ensure ADT's other shareowners receive the chance to consider our proposal for themselves, we will also demand a special general meeting of ADT shareowners for the purposes of (i) removing the present members of the ADT board, (ii) reducing the number of seats on the ADT board from eight to two, and (iii) electing Western Resources' nominees to the ADT board. We will also file preliminary proxy materials relating to such special meeting. Once the Western Resources nominees are elected to the ADT board, Western Resources intends to consummate the exchange offer and a subsequent amalgamation pursuant to which Western Resources will acquire 100% of ADT's equity.

We trust that you and the other members of ADT's board will consider the best interests of ADT's shareowners, customers and employees and agree to meet with us to achieve a mutually beneficial transaction that ensures that ADT executives and employees will enjoy exciting opportunities for career growth with the combined company. We are, however, committed to achieving the strategic benefits of a business combination of ADT and Western Resources and prepared to take all necessary steps to ensure that we and ADT's other shareowners have the opportunity to decide the future of our investment in ADT.

I look forward to hearing from you soon.

Sincerely,

/s/ John

On December 18, 1996, Western Resources also publicly announced its intention to commence the Offer and Western Resources filed the ADT Proxy Statement with the Commission for use in soliciting proxies from ADT Shareholders to approve the Western Resources Proposals at the ADT Special Meeting. On December 18, 1996 Westar Capital deposited the Requisition with ADT requiring the ADT Board to convene the ADT Special Meeting. See "The ADT Special Meeting."

## LITIGATION

On December 18, 1996, Western Resources announced that Westar Capital had commenced litigation in the United States District Court for the Southern District of Florida charging ADT and the ADT Board with breaches of their fiduciary duties to ADT and the ADT Shareholders. Specifically, the complaint alleges, among other things, that the ADT Board breached its fiduciary duty to ADT and the ADT Shareholders in connection with the grant of the Republic Warrant and use of the ADT Rights Agreement. Republic is also joined in the lawsuit.

The lawsuit seeks injunctive relief and unspecified damages.

## THE ADT SPECIAL MEETING

### THE REQUISITION

As more fully set forth in the Western Resources Proxy Statement, on December 18, 1996, Westar Capital deposited the Requisition with ADT, pursuant to Section 74 of the Companies Act and Bye-Law 42 of the ADT Bye-Laws, requiring the ADT Board to convene the ADT Special Meeting so that the ADT Shareholders will have the opportunity to vote on the Western Resources Proposals and thereby satisfy the ADT Shareholder Approval Condition. Under the Companies Act and the ADT Bye-Laws, the ADT Board is required to convene the ADT Special Meeting. In the event that the ADT Board does not within twenty-one days from the date of the deposit of the Requisition convene the ADT Special Meeting, Westar Capital may itself convene the ADT Special Meeting. Westar Capital has requested that the date of the ADT Special Meeting be February 18, 1997; however, as of the date of this Preliminary Prospectus, the date, time and place for the ADT Special Meeting have not been determined and there can be no assurances that the ADT Special Meeting will be convened on such date.

### MATTERS TO BE BROUGHT BEFORE THE ADT SPECIAL MEETING

In connection with the ADT Special Meeting, Western Resources is soliciting ADT Shareholders' proxies in favor of (i) the removal of all of the present members of the ADT Board and any person or persons elected or designated by any such director to fill any vacancy or newly created directorship pursuant to Section 93 of the Companies Act and Bye-Law 71 of the ADT Bye-Laws, (ii) the reduction of the number of seats on the ADT Board to two, and (iii) the election of the Western Resources Nominees, Steven L. Kitchen and Steven A. Millstein, as the directors of ADT (or, if either Western Resources Nominee is unable to serve as a director of ADT due to death, disability or otherwise, any other person designated as a Western Resources Nominee by Western Resources). In order to comply with the requirement of Bye-Law 53 of the ADT Bye-Laws that a director of ADT own one Share, each of the Western Resources Nominees will own at least one Share at the time of the ADT Special Meeting. Each of the Western Resources Proposals is designed to facilitate the prompt consummation of the Offer and the Amalgamation.

Only persons entered in the register of members of ADT as holders of Shares at the time of the ADT Special Meeting will be entitled to vote at such meeting unless the ADT Board sets a record date for the ADT Special Meeting. In the event the ADT Board sets a record date for the ADT Special Meeting, only holders of Shares at the close of business on such record date will be entitled to vote at the ADT Special Meeting. Each Share is entitled to one vote upon each matter presented at the ADT Special Meeting. Holders of ADT Preferred Stock are not entitled to vote on any of the Western Resources Proposals. Pursuant to Bye-Law 43 of the ADT Bye-Laws, at any general meeting of ADT not less than two holders of Shares present either in person or by proxy constitutes a quorum for the transaction of business. Each of the Western Resources Proposals may be approved by the affirmative vote of a majority of those Shares voted at the ADT Special Meeting.

Western Resources and Westar Capital intend to vote Westar Capital's Shares and those Shares for which Western Resources or its representatives hold valid proxies at the ADT Special Meeting for each of the Western Resources Proposals. It is not expected that any matter other than those referred to herein will be brought before the ADT Special Meeting.

The effect of the Western Resources Proposals will be to replace the current directors of ADT, Michael A. Ashcroft, John E. Dannenberg, Alan B. Henderson, James S. Pasman, Jr., Stephen J. Ruzika, W. Peter Slusser, William W. Stinson and Raymond S. Troubh, with the Western Resources Nominees. The Western Resources Nominees have stated their intention to take, subject to the fulfillment of the fiduciary duties they would have as directors of ADT, all action necessary and desirable to facilitate consummation of the Offer and the Amalgamation including, among other things, (i) either redeeming the Rights or amending the Rights Agreement to make the Rights inapplicable to the Offer, if necessary, in order to satisfy the Rights Plan Condition, (ii) not invoking the provisions of Bye-Law 104 or 46 of the ADT Bye-Laws (as described herein) in connection with the acquisition of Shares by Western Resources pursuant to the Offer or otherwise, (iii) adopting and approving the Amalgamation Agreement pursuant to which Bermuda Sub will amalgamate with and into ADT, with the amalgamated company operating under the name of ADT, and ADT Shareholders (other than Western Resources and ADT and their respective affiliates, and ADT Shareholders who perfect appraisal rights under Bermuda law) will receive the Offer Consideration in exchange for the cancellation of each Share, and (iv) proposing the Bye-Law Amendment providing that an amalgamation may be approved by the affirmative vote of a simple majority of

the votes cast at a general meeting of ADT. For a more complete description of the Western Resources Proposals and for more information regarding the Western Resources Nominees, see the Western Resources Proxy Statement, which is being mailed separately to ADT Shareholders.

## THE OFFER

### GENERAL

Western Resources hereby offers, upon the terms and subject to the conditions set forth herein and in the related Letter of Transmittal, to exchange the Offer Consideration for each outstanding Share validly tendered on or prior to the Expiration Date and not properly withdrawn. The Offer Consideration consists of \$7.50 net in cash and that number of shares of Western Resources Common Stock equal to the Exchange Ratio. The term "Exchange Ratio" means the quotient (rounded to the nearest 1/100,000) determined by dividing \$15.00 by the average of the high and low sales prices of Western Resources Common Stock (as reported on the NYSE Composite Transactions reporting system as published in The Wall Street Journal or, if not published therein, in another authoritative source) on each of the twenty consecutive trading days ending with the third trading day immediately preceding the Expiration Date; provided, that the Exchange Ratio shall not be greater than 0.50420. Pursuant to the Exchange Ratio, each Share will be exchanged for \$7.50 net in cash and \$15.00 of Western Resources Common Stock, as long as the Western Resources Average Price is \$29.75 or higher. If the Western Resources Average Price is less than \$29.75, each share will be exchanged for \$7.50 net in cash and less than \$15.00 of Western Resources Common Stock. On December 17, 1996, the closing price of Western Resources Common Stock on the NYSE was \$31.25. Based on such closing price, each Share would be converted into \$7.50 net in cash and \$15.00 of Western Resources Common Stock. The Exchange Ratio will change as the market price of the Western Resources Common Stock changes. ADT Shareholders may call (800) any time on or after the date hereof through the Expiration Date for the current Exchange Ratio calculated based on the then-current Western Resources Average Price for the twenty consecutive trading days ending with the third trading day immediately preceding the date the call is placed. The actual Western Resources Average Price and Exchange Ratio will be calculated as of the third trading day immediately prior to the Expiration Date, as described above, and a press release will be issued announcing the actual Exchange Ratio prior to the opening of the second trading day prior to the Expiration Date (as it may be extended from time to time).

Tendering shareholders will not be obligated to pay any charges or expenses of the Exchange Agent. Except as set forth in the Instructions to the Letter of Transmittal, transfer taxes on the exchange of Shares pursuant to the Offer will be paid by or on behalf of Western Resources.

The purpose of the Offer is to enable Western Resources to obtain control of ADT. Western Resources presently intends, as soon as practicable after consummation of the Offer, to propose and seek to have ADT effect the Amalgamation. In the Amalgamation, each outstanding Share (other than Shares owned by Western Resources or any of its affiliates, Shares held in the treasury of ADT (if ADT is so authorized) or by any subsidiary of ADT and Shares owned by ADT Shareholders who perfect appraisal rights under Bermuda law) would be cancelled in exchange for the right to receive the Offer Consideration. See "The Amalgamation."

Western Resources and Westar Capital believe that the Offer constitutes a scheme or contract for the purpose of Section 102 of the Companies Act and that holders of Shares which are validly tendered and not withdrawn prior to the Expiration Date will have assented to the Offer in accordance therewith. In certain circumstances, Section 102 would enable Westar Capital to purchase, upon notice, Shares not tendered pursuant to the Offer. See "Comparison of Rights of Holders of Shares and Western Resources Common Stock--Voting Rights in Connection with Business Combinations--Section 102 of the Companies Act."

In the event that Western Resources obtains all of the Shares pursuant to the Offer and/or the Amalgamation, former holders of Shares would own approximately 51.6% of the outstanding shares of Western Resources Common Stock, based on the number of Shares outstanding on November 4, 1996 and stock prices as of December 17, 1996 (the last trading day prior to the date of this Preliminary Prospectus). Such calculation does not give effect to the KCPL Offer or the KCPL Merger.

Western Resources' obligation to exchange the Offer Consideration for Shares pursuant to the Offer is subject to the Minimum Tender Condition, the Western Resources Shareholder Approval Condition, the ADT Shareholder Approval Condition, the Rights Plan Condition, the ADT Bye-Law Condition and the Regulatory Approval Condition (in each case as defined on the cover page of this Preliminary Prospectus) and the other conditions set forth under "-- Certain Conditions of the Offer."

According to ADT's Quarterly Report on Form 10-Q for the period ended September 30, 1996, as of November 4, 1996, there were 141,119,159 Shares outstanding, including 3,182,787 Shares which are owned by a subsidiary of ADT. Westar Capital beneficially owns 38,287,111 Shares, or approximately 27% of the outstanding Shares, including 14,115 Shares issuable upon exchange of 500 LYONS, which are exchangeable for Shares at a rate of 28.23 Shares per LYON.

Requests are being made to ADT pursuant to Rule 14d-5 promulgated under the Exchange Act and Section 66 of the Companies Act for the use of ADT's shareholder lists and security position listings for the purpose of communications with ADT Shareholders and disseminating the Offer to holders of Shares. A final Prospectus and the related Letter of Transmittal and other relevant materials will be mailed to registered holders of Shares and will be furnished to brokers, dealers, commercial banks, trust companies and similar persons whose names, or the names of whose nominees, appear on such shareholder lists, the register of members of ADT or, if applicable, who are listed as participants in a clearing agency's security position listing for subsequent transmittal to beneficial owners of Shares by Western Resources following receipt of such list or listings from ADT.

#### ADT RIGHTS

No separate payment will be made by Western Resources or Westar Capital for the Rights pursuant to the Offer. The Rights are presently evidenced by the certificates for the Shares and the tender by an ADT Shareholder of his or her Shares prior to the Distribution Date (as defined below) will also constitute a tender of the associated Rights. Upon the earlier to occur of (i) 10 days (or such later date as may be designated by a majority of the Continuing Directors (as defined below)) following a public announcement that a person has acquired beneficial ownership of 15% or more of the outstanding Shares (an "Acquiring Person") or (ii) 10 business days (or such later date as may be designated by a majority of the Continuing Directors) following the commencement of a tender offer or exchange offer which would result in the person making the offer becoming an Acquiring Person (the earlier of such dates being called the "Distribution Date"), separate certificates evidencing the Rights will be mailed to holders of record of the Shares as of the close of business on the Distribution Date and such separate Rights certificates alone will evidence the Rights.

If the Distribution Date occurs and separate certificates representing the Rights are distributed by ADT or the Rights Agent to holders of Shares prior to the time a holder's Shares are tendered pursuant to the Offer, certificates representing a number of Rights equal to the number of Shares tendered must be delivered to the Exchange Agent, or, if available, a book-entry confirmation received by the Exchange Agent with respect thereto, in order for such Shares to be validly tendered. If a Distribution Date occurs and separate certificates representing the Rights are not distributed prior to the time Shares are tendered pursuant to the Offer, Rights may be tendered prior to an ADT Shareholder receiving the certificates for Rights by use of the guaranteed delivery procedure described under "--Procedure for Tendering" below.

Western Resources' obligation to exchange the Offer Consideration for Shares pursuant to the Offer is conditioned upon satisfaction of the Offer Conditions. See "--Conditions of the Offer."

#### TIMING OF THE OFFER

The Offer is currently scheduled to expire on \_\_\_\_\_, 1997; however, it is Western Resources' current intention to extend the Offer from time to time as necessary until all conditions to the Offer have been satisfied or waived. See "--Extension, Termination and Amendment." Western Resources expects that the Western Resources Shareholder Approval Condition will be satisfied by February 11, 1997, the date on which it has called the Western Resources Special Meeting to approve the issuance of shares of Western Resources Common Stock in connection with the Offer and an amendment to the Western Resources Articles to increase the number of shares of Western Resources Common Stock authorized for issuance. Western Resources currently anticipates that all of the other conditions to the Offer will be satisfied by the time that each of the ADT Shareholder Approval and the Rights Plan Condition is satisfied. See "--Conditions of the Offer."

## EXTENSION, TERMINATION AND AMENDMENT

Western Resources expressly reserves the right (but will not be obligated), in its sole discretion, at any time or from time to time, and regardless of whether any of the events set forth in "--Conditions of the Offer" shall have occurred or shall have been determined by Western Resources to have occurred, to extend the period of time during which the Offer is to remain open by giving oral or written notice of such extension to the Exchange Agent, which extension will be announced no later than 9:00 a.m., Eastern time, on the next business day after the previously scheduled Expiration Date. There can be no assurance that Western Resources will exercise its right to extend the Offer. However, it is Western Resources' current intention to extend the Offer until all Offer Conditions have been satisfied or waived. During any such extension, all Shares previously tendered and not withdrawn will remain subject to the Offer, subject to the right of a tendering ADT Shareholder to withdraw his or her Shares. See "--Withdrawal Rights."

Subject to the applicable rules and regulations of the Commission, Western Resources also reserves the right, in its sole discretion, at any time or from time to time, (i) to delay acceptance for, exchange of, or, regardless of whether such Shares were theretofore accepted for exchange, exchange of any Shares pursuant to the Offer, or to terminate the Offer and not accept for exchange or exchange any Shares not theretofore accepted for exchange, or exchanged, upon the failure of any of the conditions of the Offer to be satisfied and (ii) to waive any condition (other than the Western Resources Shareholder Approval Condition, the Regulatory Approval Condition and the condition relating to the effectiveness of the Registration Statement) or otherwise amend the Offer in any respect, by giving oral or written notice of such delay, termination or amendment to the Exchange Agent and by making a public announcement thereof. Any such extension, termination, amendment or delay will be followed as promptly as practicable by public announcement thereof, such announcement in the case of an extension to be issued no later than 9:00 a.m., Eastern time, on the next business day after the previously scheduled Expiration Date. Subject to applicable law (including Rules 14d-4(c) and 14d-6(d) under the Exchange Act, which require that any material change in the information published, sent or given to ADT Shareholders in connection with the Offer be promptly disseminated to ADT Shareholders in a manner reasonably designed to inform ADT Shareholders of such change) and without limiting the manner in which Western Resources may choose to make any public announcement, Western Resources shall have no obligation to publish, advertise or otherwise communicate any such public announcement other than by making a release to the Dow Jones News Service.

Western Resources confirms that if it makes a material change in the terms of the Offer or the information concerning the Offer, or if it waives a material condition of the Offer, Western Resources will extend the Offer to the extent required under the Exchange Act. If, prior to the Expiration Date, Western Resources shall increase or decrease the percentage of Shares being sought or the consideration offered to holders of Shares, such increase or decrease shall be applicable to all holders whose Shares are accepted for exchange pursuant to the Offer, and, if at the time notice of any such increase or decrease is first published, sent or given to holders of Shares, the Offer is scheduled to expire at any time earlier than the tenth business day from and including the date that such notice is first so published, sent or given, the Offer will be extended until the expiration of such ten business day period. For purposes of the Offer, a "business day" means any day other than a Saturday, Sunday or a Federal holiday and consists of the time period from 12:01 a.m. through 12:00 midnight, Eastern time.

## EXCHANGE OF SHARES; DELIVERY OF WESTERN RESOURCES COMMON STOCK AND CASH CONSIDERATION

Upon the terms and subject to the conditions of the Offer (including, if the Offer is extended or amended, the terms and conditions of any such extension or amendment), Western Resources will accept for exchange, and will exchange, Shares (and Rights, if applicable) validly tendered and not properly withdrawn as promptly as practicable following the Expiration Date. In addition, subject to applicable rules of the Commission, Western Resources expressly reserves the right to delay acceptance of or the exchange of Shares (and Rights, if applicable) in order to comply with any applicable law. In all cases, exchange of Shares (and Rights, if applicable) tendered and accepted for exchange pursuant to the Offer will be made only after receipt by the Exchange Agent of certificates for such Shares (or a confirmation of a book-entry transfer of such Shares in the

Exchange Agent's account at The Depository Trust Company or the Philadelphia Depository Trust Company (collectively, the "Book-Entry Transfer Facilities")), a properly completed and duly executed Letter of Transmittal (or facsimile thereof) and any other required documents.

For purposes of the Offer, Western Resources will be deemed to have accepted for exchange Shares (and Rights, if applicable) validly tendered and not withdrawn as, if and when Western Resources gives oral or written notice to the Exchange Agent of its acceptance of the tenders of such Shares (and Rights, if applicable) pursuant to the Offer. Delivery of Western Resources Common Stock and Cash Consideration in exchange for Shares (and Rights, if applicable), pursuant to the Offer and cash in lieu of fractional shares of Western Resources Common Stock will be made by the Exchange Agent as soon as practicable after receipt of such notice. The Exchange Agent will act as agent for tendering ADT Shareholders for the purpose of receiving Western Resources Common Stock, the Cash Consideration and cash to be paid in lieu of fractional shares of Western Resources Common Stock from Western Resources and transmitting such Western Resources Common Stock and cash to tendering ADT Shareholders. Under no circumstances will interest with respect to fractional shares be paid by Western Resources by reason of any delay in making such exchange.

If any tendered Shares are not accepted for exchange pursuant to the terms and conditions of the Offer for any reason, or if certificates are submitted for more Shares than are tendered, certificates for such unexchanged Shares will be returned without expense to the tendering ADT Shareholder or, in the case of Shares tendered by book-entry transfer of such Shares into the Exchange Agent's account at a Book-Entry Transfer Facility pursuant to the procedures set forth below under "--Procedure for Tendering," such Shares will be credited to an account maintained within such Book-Entry Transfer Facility as soon as practicable following expiration or termination of the Offer.

#### CASH IN LIEU OF FRACTIONAL SHARES OF WESTERN RESOURCES COMMON STOCK

No certificates representing fractional shares of Western Resources Common Stock will be issued pursuant to the Offer. In lieu thereof, each tendering shareholder who would otherwise be entitled to a fractional share of Western Resources Common Stock will receive cash in an amount equal to such fraction (expressed as a decimal and rounded to the nearest 0.01 of a share) times the closing price for shares of Western Resources Common Stock on the NYSE Composite Tape on the date such ADT Shareholder's Shares are accepted for exchange by Western Resources.

#### WITHDRAWAL RIGHTS

Tenders of Shares (and Rights, if applicable) made pursuant to the Offer are irrevocable, except that Shares (and Rights, if applicable) tendered pursuant to the Offer may be withdrawn pursuant to the procedures set forth below at any time prior to the Expiration Date, and, unless theretofore accepted for exchange and exchanged by Western Resources for the Offer Consideration pursuant to the Offer, may also be withdrawn at any time after \_\_\_\_\_, 1997.

For a withdrawal to be effective, a written, telegraphic, telex or facsimile transmission notice of withdrawal must be timely received by the Exchange Agent at one of its addresses set forth on the back cover of this Preliminary Prospectus, and must specify the name of the person having tendered the Shares (and Rights, if applicable) to be withdrawn, the number of Shares (and Rights, if applicable) to be withdrawn and the name of the registered holder, if different from that of the person who tendered such Shares (and Rights, if applicable).

The signature(s) on the notice of withdrawal must be guaranteed by a financial institution (including most banks, savings and loan associations and brokerage houses) which is a participant in the Securities Transfer Agents Medallion Program, the New York Stock Exchange Medallion Signature Program or the Stock Exchange Medallion Program (an "Eligible Institution") unless such Shares (and Rights, if applicable) have been tendered for the account of any Eligible Institution. If Shares have been tendered pursuant to the procedures for book-entry tender as set forth below under "--Procedure for Tendering," any notice of withdrawal must specify the name

and number of the account at the Book-Entry Transfer Facility to be credited with the withdrawn Shares and must otherwise comply with such Book-Entry Transfer Facility's procedures. If certificates have been delivered or otherwise identified to the Exchange Agent, the name of the registered holder and the serial numbers of the particular certificates evidencing the Shares withdrawn must also be furnished to the Exchange Agent as aforesaid prior to the physical release of such certificates.

All questions as to the form and validity (including time of receipt) of any notice of withdrawal will be determined by Western Resources, in its sole discretion, which determination shall be final and binding. Neither Western Resources, the Exchange Agent, the Information Agent, the Dealer Managers nor any other person will be under any duty to give notification of any defects or irregularities in any notice of withdrawal or will incur any liability for failure to give any such notification. Any Shares (and Rights, if applicable) properly withdrawn will be deemed not to have been validly tendered for purposes of the Offer. However, withdrawn Shares (and Rights, if applicable) may be retendered by following one of the procedures described under "-- Procedure for Tendering" at any time prior to the Expiration Date.

A withdrawal of Shares shall also constitute a withdrawal of the associated Rights. Rights may not be withdrawn unless the associated Shares are also withdrawn.

#### PROCEDURE FOR TENDERING

For an ADT Shareholder validly to tender Shares (and Rights, if applicable) pursuant to the Offer, (i) a properly completed and duly executed Letter of Transmittal (or manually executed facsimile thereof), together with any required signature guarantees, or an Agent's Message (as defined below) in connection with a book-entry transfer, and any other required documents, must be transmitted to and received by the Exchange Agent at one of its addresses set forth on the back cover of this Preliminary Prospectus and either certificates for tendered Shares (and Rights, if applicable) must be received by the Exchange Agent at such address or such Shares (and Rights, if applicable) must be tendered pursuant to the procedures for book-entry tender set forth below (and a confirmation of receipt of such tender received (such confirmation, a "Book-Entry Confirmation")), in each case prior to the Expiration Date, or (ii) such ADT Shareholders must comply with the guaranteed delivery procedure set forth below.

The term "Agent's Message" means a message, transmitted by a Book-Entry Transfer Facility to, and received by, the Exchange Agent, and forming a part of a Book-Entry Confirmation, which states that such Book-Entry Transfer Facility has received an express acknowledgment from the participant in such Book-Entry Transfer Facility tendering the Shares (and Rights, if applicable) that such participant has received and agrees to be bound by the terms of the Letter of Transmittal and that Western Resources may enforce such agreement against such participant.

ADT Shareholders will be required to tender one Right for each Share tendered in order to effect a valid tender of Shares, unless the Rights Plan Condition has been satisfied or waived. Unless the ADT Distribution Date occurs, a tender of Shares will constitute a tender of the associated Rights. If the ADT Distribution Date occurs and separate certificates representing the Rights are distributed by ADT or the Rights Agent to holders of Shares prior to the time a holder's Shares are tendered pursuant to the Offer, certificates representing a number of Rights equal to the number of Shares tendered must be delivered to the Exchange Agent, or, if available, a Book-Entry Confirmation received by the Exchange Agent with respect thereto, in order for such Shares to be validly tendered. If the ADT Distribution Date occurs and separate certificates representing the Rights are not distributed prior to the time Shares are tendered pursuant to the Offer, Rights may be tendered prior to a shareholder receiving the certificates for Rights by use of the guaranteed delivery procedure described below. If Rights certificates are distributed but are not available to a shareholder prior to the time Shares are tendered pursuant to the Offer, a tender of Shares constitutes an agreement by the tendering shareholder to deliver to the Exchange Agent pursuant to the guaranteed delivery procedure described below, prior to the expiration of the period to be specified in the Notice of Guaranteed Delivery and the related Letter of Transmittal for delivery of Rights certificates or a Book-Entry Confirmation for Rights (the "Rights Delivery Period"), Rights certificates

representing a number of Rights equal to the number of Shares tendered. Western Resources reserves the right to require that it receive such Rights certificates (or a Book-Entry Confirmation with respect to such Rights) prior to accepting Shares for exchange.

Nevertheless, Western Resources will be entitled to accept for exchange Shares tendered by a shareholder prior to receipt of the Rights certificates required to be tendered with such Shares or a Book-Entry Confirmation with respect to such Rights and either (i) subject to complying with applicable rules and regulations of the Commission, withhold payment for such Shares pending receipt of the Rights certificates or a Book-Entry Confirmation for such Rights or (ii) exchange Shares accepted for exchange pending receipt of the Rights certificates or a Book-Entry Confirmation for such Rights in reliance upon the guaranteed delivery procedure described below. In addition, after expiration of the Rights Delivery Period, Western Resources may instead elect to reject as invalid a tender of Shares with respect to which Rights certificates or a Book-Entry Confirmation for an equal number of Rights have not been received by the Exchange Agent. Any determination by Western Resources to make payment for Shares in reliance upon such guaranteed delivery procedure or, after expiration of the Rights Delivery Period, to reject as invalid, shall be made, subject to applicable law, in the sole and absolute discretion of Western Resources.

The Exchange Agent will establish accounts with respect to the Shares at the Book-Entry Transfer Facilities for purposes of the Offer within two business days after the date of the mailing of the final Prospectus, and any financial institution that is a participant in any of the Book-Entry Transfer Facilities' systems may make book-entry delivery of the Shares by causing such Book-Entry Transfer Facility to transfer such Shares into the Exchange Agent's account in accordance with such Book-Entry Transfer Facility's procedure for such transfer. However, although delivery of Shares may be effected through book-entry at the Book-Entry Transfer Facilities, the Letter of Transmittal (or facsimile thereof), with any required signature guarantees, or an Agent's Message in connection with a book-entry transfer, and any other required documents, must, in any case, be transmitted to and received by the Exchange Agent at one or more of its addresses set forth on the back cover of this Preliminary Prospectus prior to the Expiration Date, or the guaranteed delivery procedure described below must be complied with. No assurance can be given, however, that book-entry delivery of Rights will be available. If book-entry delivery is not available, a tendering shareholder will be required to tender Rights by means of delivery of Rights certificates or pursuant to the guaranteed delivery procedure set forth below.

No signature guarantee is required on the Letter of Transmittal in cases where (a) the Letter of Transmittal is signed by the registered holder(s) of the Shares (including any participant in one of the Book-Entry Transfer Facilities whose name appears on a security position listing as the owner of Shares) tendered therewith and such holder(s) have not completed the instruction entitled "Special Issuance Instructions" on the Letter of Transmittal or (b) such Shares are tendered for the account of an Eligible Institution. Otherwise, all signatures on the Letter of Transmittal must be guaranteed by an Eligible Institution. If the certificates for Shares or Rights (if any) are registered in the name of a person other than the signer of the Letter of Transmittal, or if certificates for unexchanged Shares or Rights (if any) are to be issued to a person other than the registered holder(s), the certificates must be endorsed or accompanied by appropriate stock powers, in either case signed exactly as the name or names of the registered owner or owners appear on the certificates, with the signature(s) on the certificates or stock powers guaranteed as aforesaid.

THE METHOD OF DELIVERY OF SHARE CERTIFICATES AND ALL OTHER REQUIRED DOCUMENTS, INCLUDING DELIVERY THROUGH ANY BOOK-ENTRY TRANSFER FACILITY, IS AT THE OPTION AND RISK OF THE TENDERING SHAREHOLDER, AND THE DELIVERY WILL BE DEEMED MADE ONLY WHEN ACTUALLY RECEIVED BY THE EXCHANGE AGENT. IF DELIVERY IS BY MAIL, REGISTERED MAIL WITH RETURN RECEIPT REQUESTED, PROPERLY INSURED, IS RECOMMENDED. IN ALL CASES, SUFFICIENT TIME SHOULD BE ALLOWED TO ENSURE TIMELY DELIVERY.

TO PREVENT BACKUP FEDERAL INCOME TAX WITHHOLDING WITH RESPECT TO CASH CONSIDERATION AND CASH RECEIVED IN LIEU OF FRACTIONAL SHARES OF WESTERN

RESOURCES COMMON STOCK, A SHAREHOLDER MUST PROVIDE THE EXCHANGE AGENT WITH HIS OR HER CORRECT TAXPAYER IDENTIFICATION NUMBER AND CERTIFY WHETHER SUCH SHAREHOLDER IS SUBJECT TO BACKUP WITHHOLDING OF FEDERAL INCOME TAX BY COMPLETING THE SUBSTITUTE FORM W-9 INCLUDED IN THE LETTER OF TRANSMITTAL. CERTAIN SHAREHOLDERS (INCLUDING, AMONG OTHERS, ALL CORPORATIONS AND CERTAIN FOREIGN INDIVIDUALS) ARE NOT SUBJECT TO THESE BACKUP WITHHOLDING AND REPORTING REQUIREMENTS. IN ORDER FOR A FOREIGN INDIVIDUAL TO QUALIFY AS AN EXEMPT RECIPIENT, THE SHAREHOLDER MUST SUBMIT A FORM W-8, SIGNED UNDER PENALTIES OF PERJURY, ATTESTING TO THAT INDIVIDUAL'S EXEMPT STATUS.

If an ADT Shareholder desires to tender Shares (and Rights, if applicable) pursuant to the Offer and such shareholder's certificates are not immediately available or such shareholder cannot deliver the certificates and all other required documents to the Exchange Agent prior to the Expiration Date or such shareholder cannot complete the procedure for book-entry transfer on a timely basis, such Shares (and Rights, if applicable) may nevertheless be tendered, provided that all of the following conditions are satisfied:

(a) such tenders are made by or through an Eligible Institution;

(b) a properly completed and duly executed Notice of Guaranteed Delivery, substantially in the form made available by Western Resources, is received by the Exchange Agent as provided below on or prior to the Expiration Date; and

(c) the certificates for all tendered Shares (or a confirmation of a book-entry transfer of such securities into the Exchange Agent's account at a Book-Entry Transfer Facility as described above), in proper form for transfer, together with a properly completed and duly executed Letter of Transmittal (or facsimile thereof), with any required signature guarantees (or, in the case of a book-entry transfer, an Agent's Message) and all other documents required by the Letter of Transmittal are received by the Exchange Agent within three NYSE trading days after the date of execution of such Notice of Guaranteed Delivery.

The Notice of Guaranteed Delivery may be delivered by hand or transmitted by telegram, telex, facsimile transmission or mail to the Exchange Agent and must include a guarantee by an Eligible Institution in the form set forth in such Notice.

In all cases, exchanges of Shares (and Rights, if applicable) tendered and accepted for exchange pursuant to the Offer will be made only after timely receipt by the Exchange Agent of certificates for Shares (and Rights, if applicable) (or timely confirmation of a book-entry transfer of such securities into the Exchange Agent's account at a Book-Entry Transfer Facility as described above), properly completed and duly executed Letter(s) of Transmittal (or facsimile(s) thereof), or an Agent's Message in connection with a book-entry transfer, and any other required documents. Accordingly, tendering ADT Shareholders may be paid at different times depending upon when certificates for Shares (and Rights, if applicable) or confirmations of book-entry transfers of such Shares (and Rights, if applicable) are actually received by the Exchange Agent.

By executing a Letter of Transmittal as set forth above, the tendering ADT Shareholder irrevocably appoints designees of Western Resources as such shareholder's attorneys-in-fact and proxies, each with full power of substitution, to the full extent of such shareholder's rights with respect to the Shares (and Rights, if applicable) tendered by such shareholder and accepted for exchange by Western Resources and with respect to any and all other Shares (and Rights, if applicable) and other securities issued or issuable in respect of the Shares (and Rights, if applicable) on or after 1997. Such appointment is effective, and voting rights will be affected, when and only to the extent that Western Resources deposits the shares of Western Resources Common Stock and Cash Consideration for Shares tendered by such shareholder with the Exchange Agent. All such proxies shall be considered coupled with an interest in the tendered Shares and therefore shall not be revocable. Upon the effectiveness of such appointment, all prior proxies given by such shareholder will be revoked, and no subsequent proxies may be given (and, if given, will not be deemed effective). Western Resources' designees will, with respect to the Shares for which the appointment is effective, be empowered, among other things, to exercise all voting and other rights of such shareholder as they, in their sole discretion, deem proper at any annual, special or

adjourned meeting of ADT Shareholders, by written consent in lieu of any such meeting or otherwise. Western Resources reserves the right to require that, in order for Shares to be deemed validly tendered, immediately upon Western Resources' exchange of such Shares, Western Resources must be able to exercise full voting rights with respect to such Shares.

All questions as to the validity, form, eligibility (including time of receipt) and acceptance for exchange of any tender of Shares (and Rights, if applicable) will be determined by Western Resources, in its sole discretion, which determination shall be final and binding. Western Resources reserves the absolute right to reject any and all tenders of Shares (and Rights, if applicable) determined by it not to be in proper form or the acceptance of or exchange for which may, in the opinion of Western Resources' counsel, be unlawful. Western Resources also reserves the absolute right to waive any of the conditions of the Offer (other than the Western Resources Shareholder Approval Condition, the Regulatory Approval Condition and the condition relating to the effectiveness of the Registration Statement), or any defect or irregularity in the tender of any Shares (and Rights, if applicable). No tender of Shares (and Rights, if applicable) will be deemed to have been validly made until all defects and irregularities in tenders of Shares have been cured or waived. Neither Western Resources, the Exchange Agent, the Information Agent, the Dealer Managers nor any other person will be under any duty to give notification of any defects or irregularities in the tender of any Shares or will incur any liability for failure to give any such notification. Western Resources' interpretation of the terms and conditions of the Offer (including the Letter of Transmittal and instructions thereto) will be final and binding.

The tender of Shares and Rights (if any) pursuant to any of the procedures described above will constitute a binding agreement between the tendering ADT Shareholder and Western Resources upon the terms and subject to the conditions of the Offer.

#### CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of certain federal income tax consequences of the Offer and the Amalgamation. It does not address any tax consequences of the Offer and the Amalgamation to persons who exercise dissenters' rights, if any, to the Amalgamation. This summary may not apply to certain classes of persons, including, without limitation, foreign persons, insurance companies, tax-exempt organizations, financial institutions, dealers in securities, persons who acquired Shares pursuant to the exercise of employee stock options or rights or otherwise as compensation and persons who hold Shares as part of a straddle or conversion transaction. This summary is based upon laws, regulations, rulings and decisions, all of which are subject to change (possibly with retroactive effect), and no ruling has been or will be requested from the Internal Revenue Service (the "Service") on the tax consequences of the Offer and the Amalgamation.

The exchange of Shares for Western Resources Common Stock and cash pursuant to the Offer and Amalgamation will be a taxable transaction for U.S. federal income tax purposes and may also be taxable under applicable state, local and foreign tax laws. In general, for U.S. federal income purposes, each ADT Shareholder will realize gain or loss equal to the difference between (x) the amount of cash and the fair market value of the shares Western Resources Common Stock received and (y) the ADT Shareholder's adjusted tax basis in the Shares exchanged therefor. Such gain or loss will be capital gain or loss if the ADT Shareholder holds the Shares as a capital asset and will be long-term gain or loss if the ADT Shareholder's holding period for the Shares is more than one year. The ADT Shareholder will have a tax basis in the Western Resources Common Stock received equal to the fair market value thereof and the shareholder's holding period for the Western Resources Common Stock will begin on the day following the date of the exchange.

This summary does not address state, local or foreign tax consequences of the Offer and the Amalgamation. Consequently, each holder should consult such holder's own tax advisor as to the specific tax consequences of the Offer and the Amalgamation to such holder.

## EFFECT OF OFFER ON MARKET FOR SHARES; REGISTRATION UNDER THE EXCHANGE ACT

The exchange of Shares pursuant to the Offer will reduce the number of holders of Shares and the number of Shares that might otherwise trade publicly and, depending upon the number of Shares so purchased, could adversely affect the liquidity and market value of the remaining Shares held by the public.

The Shares are listed and principally traded on the NYSE and are also listed on the LSE, the BSX and the FSE. Depending upon the number of Shares acquired pursuant to the Offer, following consummation of the Offer, the Shares may no longer meet the requirements of such exchanges for continued listing. For example, published guidelines of the NYSE indicate that the NYSE would consider delisting the outstanding Shares if, among other things, (i) the number of publicly held Shares (exclusive of holdings of officers, directors and members of their immediate families and other concentrated holdings of 10% or more) should fall below 600,000, (ii) the number of record holders of 100 or more Shares should fall below 1,200 or (iii) the aggregate market value of publicly held Shares should fall below \$5 million.

According to ADT's Quarterly Report on Form 10-Q for the period ended September 30, 1996, there were, as of November 4, 1996, 141,119,159 Shares outstanding, including 3,182,787 Shares which were owned by a subsidiary of ADT. According to the ADT 1995 Form 10-K, there were, as of February 29, 1996, 15,519 holders of record of Shares.

If such exchanges were to delist the Shares, the market therefor could be adversely affected. It is possible that the Shares would be traded on other securities exchanges or in the over-the-counter market, and that price quotations would be reported by such exchanges, or through the National Association of Securities Dealers, Inc., Automated Quotations System ("Nasdaq") or by other sources. The extent of the public market for the Shares and the availability of such quotations would, however, depend upon the number of holders and/or the aggregate market value of the Shares remaining at such time, the interest in maintaining a market in the Shares on the part of securities firms, the possible termination of registration of Shares under the Exchange Act, as described below, and other factors.

The Shares are presently "margin securities" under the regulations of the Federal Reserve Board, which has the effect, among other things, of allowing brokers to extend credit on the collateral of such Shares. Depending on factors similar to those described above with respect to listing and market quotations, following consummation of the Offer the Shares may no longer constitute "margin securities" for the purposes of the Federal Reserve Board's margin regulations, in which event the Shares would be ineligible as collateral for margin loans made by brokers.

The Shares are currently registered under the Exchange Act. Such registration may be terminated by ADT upon application to the Commission if the outstanding Shares are not listed on a national securities exchange and if there are fewer than 300 holders of record of Shares. Termination of registration of the Shares under the Exchange Act would reduce the information required to be furnished by ADT to its shareholders and to the Commission and would make certain provisions of the Exchange Act, such as the short-swing profit recovery provisions of Section 16(b) and the requirement of furnishing a proxy statement in connection with shareholders' meetings pursuant to Section 14(a) and the related requirement of furnishing an annual report to shareholders, no longer applicable with respect to the Shares. Furthermore, the ability of "affiliates" of ADT and persons holding "restricted securities" of ADT to dispose of such securities pursuant to Rule 144 under the Securities Act may be impaired or eliminated. If registration of the Shares under the Exchange Act were terminated, the Shares would no longer be eligible for Nasdaq reporting or for continued inclusion on the Federal Reserve Board's list of "margin securities."

According to the ADT Form 8-A, the Rights currently are registered under the Exchange Act and are listed on the NYSE and the LSE, but currently are attached to the outstanding Shares and are not separately transferable.

## PURPOSE OF THE OFFER; THE AMALGAMATION

The purpose of the Offer is to enable Western Resources to obtain control of ADT. Western Resources presently intends, following consummation of the Offer, to propose and seek to have ADT effect the Amalgamation. In the Amalgamation, each outstanding Share (other than Shares owned by Western Resources or any of its affiliates, Shares held in the treasury of ADT (if ADT is so authorized) or by any subsidiary of ADT and Shares owned by ADT Shareholders who perfect appraisal rights under Bermuda law) would be cancelled in exchange for the right to receive the Offer Consideration. Assuming the Minimum Tender Condition and the Rights Plan Condition are satisfied and Western Resources consummates the Offer, Western Resources believes it would have sufficient voting power to effect the Amalgamation without the vote of any other shareholder of ADT. See "The Amalgamation--Appraisal Rights."

The Amalgamation will be subject to certain conditions, including the consent of the Minister of Finance. As soon as practicable following the acceptance of Shares by Western Resources pursuant to the Offer, the newly elected ADT Board presently intends to cause all necessary actions to be taken to seek the consent of the Minister of Finance to the Amalgamation. Western Resources has no reason to believe that the Minister of Finance will not grant approval for the Amalgamation; however, there can be no assurance that the Minister of Finance would grant his consent to the Amalgamation. An adverse decision by the Minister of Finance may not be subject to appeal or review in any court. Western Resources also presently intends to condition the Amalgamation upon holders of not more than 5% of the outstanding Shares at the effective time of the Amalgamation perfecting appraisal rights with respect to the Amalgamation pursuant to Section 106(6) of the Companies Act. See "Appraisal Rights."

## ADT BYE-LAWS AND PROVISIONS OF THE UNITED KINGDOM CITY CODE

Following their election, the Western Resources Nominees do not currently intend to serve notice pursuant to Bye-Law 104 or Bye-Law 46 of the ADT Bye-Laws upon Western Resources or any affiliate of Western Resources who, following consummation of the Offer, owns 30% or more of the Shares. Thus, in the event the Western Resources Nominees are elected at the ADT Special Meeting, Western Resources believes that Bye-Law 104 and Bye-Law 46 should not apply to Western Resources or its affiliates and the ADT Bye-Law Condition should, therefore, be satisfied.

Pursuant to Bye-Law 104(1)(A) of the ADT Bye-Laws, where any person is or becomes "interested" in Shares, whether as a result of one transaction or a series of transactions, in circumstances in which such person would be obligated to make an offer to shareholders of ADT or to the holders of every class of securities convertible into, or of rights to subscribe for, share capital of ADT under the Rules of the City Code on Take-overs and Mergers of the United Kingdom of Great Britain and Northern Ireland, as amended (the "City Code"), the ADT Board may require such person to make an offer under the City Code as if the City Code applied to ADT but so references in the City Code to the "Panel" are construed as if they were references to the ADT Board. Rule 9 of the City Code, as it is applied by the ADT Bye-Laws, provides that, except with the consent of the ADT Board, when any person (and persons acting "in concert" with such person) acquires shares which carry 30% or more of the voting rights of a company, such person must make an offer for all shares of that class (whether voting or non-voting). The offer must be for cash or offer a cash alternative, in each case at not less than the highest price paid (in cash or otherwise) for shares of the same class by the offeror, or anyone acting in concert with the offeror, during the offer period and within the 12 months prior to commencement of the offer.

Pursuant to Bye-Law 104(3) of the ADT Bye-Laws, where any person is interested, whether as a result of a series of transactions over a period of time or not, in 30% or more of the outstanding Shares, the ADT Board may demand that a cash offer for all of the outstanding voting or non-voting securities of ADT be made if the ADT Board determines that an offer pursuant to Bye-Law 104(1)(A) of the ADT Bye-Laws is not expedient or if a person required to make such an offer fails to do so. Pursuant to Bye-Law 104(4) of the ADT Bye-Laws, if the ADT Board serves a notice under Bye-Law 104(3) of the ADT Bye-Laws, the ADT Board may also require that the offeror offer to purchase securities of ADT convertible into voting or non-voting shares of ADT on terms

considered "fair and reasonable" by the ADT Board in its sole discretion. Such offer must be made within 30 days of the demand.

Unless the ADT Board otherwise agrees, an offer for each class of ADT capital stock under Bye-Laws 104(3) and 104(4) of the ADT Bye-Laws must be for cash or must offer a cash alternative at not less than the highest price paid by the offeror or any person acting in concert with it for shares of such class within the preceding 12 months. Such offer must remain open for at least 14 days after the date on which it becomes unconditional as to acceptances and, in the case of an offer under Bye-Law 104(3), must provide that all shares will be purchased within 21 days of the offer becoming unconditional in all respects.

Subject to any rights or restrictions attached to any class of capital stock of ADT, at any meeting of ADT, a shareholder present in person or by proxy is entitled, on a poll, to one vote for each share held by such shareholder. Pursuant to Bye-Law 46 of the ADT Bye-Laws, a ADT Shareholder is not entitled (except as a proxy for another shareholder) to be present or to vote at any meeting if such ADT Shareholder received a notice under Bye-Law 104 of the ADT Bye-Laws stating that upon failure to make an offer pursuant to Bye-Law 104 before a period of not less than 28 days from the date of service of such notice the ADT Shareholder would not be entitled to vote and the shareholder upon whom such notice was served (i) fails to make such an offer within the period so specified, or (ii) having made such an offer or acquired shares of ADT in contravention of a notice served under Bye-Law 104 of the ADT Bye-Laws, fails to remedy such noncompliance.

If elected, the Western Resources Nominees intend to take all actions necessary and desirable to facilitate consummation of the Offer and the Amalgamation, including, among other things, not invoking the provisions of Bye-Law 104 or Bye-Law 46 of the ADT Bye-Laws in connection with the acquisition of Shares by Western Resources pursuant to the Offer or otherwise.

The foregoing does not purport to be a complete description of Bye-Law 104 or Bye-Law 46 of the ADT Bye-Laws. ADT Shareholders are urged to, and should, read Bye-Law 104 and Bye-Law 46 of the ADT Bye-Laws, copies of which are included herein as Schedules C and D, respectively.

#### CONDITIONS OF THE OFFER

**Minimum Tender Condition.** The Offer is conditioned upon, among other things, there being validly tendered and not withdrawn prior to the Expiration Date a number of Shares which, together with Shares owned by Western Resources and its affiliates, will constitute at least a majority of the total number of outstanding Shares on a fully diluted basis (as though all options or other securities convertible into or exercisable or exchangeable for Shares had been so converted, exercised or exchanged) as of the date the Shares are accepted for exchange by Western Resources pursuant to the Offer. Based upon information set forth in ADT's Quarterly Report on Form 10-Q for the period ended September 30, 1996, as of November 4, 1996, there were 141,119,159 Shares outstanding, including 3,182,787 Shares which were owned by a subsidiary of ADT. Approximately 181,605,215 Shares are expected to be outstanding immediately prior to the consummation of the Offer. Westar Capital owns 38,287,111 Shares, or approximately 27% of the outstanding Shares, including 14,115 Shares issuable upon exchange of 500 LYONS, which are exchangeable for Shares at a rate of 28.23 Share per LYON. Based on the foregoing, Western Resources believes that the Minimum Tender Condition would be satisfied if at least an aggregate of 52,515,497 Shares (or 28.9%) of the Shares expected to be outstanding immediately prior to the consummation of the Offer) had been validly tendered pursuant to the Offer and not withdrawn. Western Resources reserves the right (but shall not be obligated), subject to the rules and regulations of the Commission, to waive or amend the Minimum Tender Condition and to exchange fewer than such number of Shares as would satisfy the Minimum Tender Condition pursuant to the Offer; provided, however, that, in the event of such waiver or amendment, the Offer shall expire no sooner than ten business days from the date of such waiver or amendment.

**Western Resources Shareholder Approval Condition.** The Offer is conditioned, among other things, upon the satisfaction of the Western Resources Shareholder Approval Condition. Pursuant to the rules of the NYSE

(on which the Western Resources Common Stock is listed), the issuance of Western Resources Common Stock pursuant to the Offer and the Amalgamation must be approved by the holders of a majority of the shares of Western Resources Common Stock and Western Resources Preferred Stock ("Western Resources Voting Stock"), voting as a single class, voted at a meeting of such holders at which the total number of votes cast represents over 50% in interest of all shares of Western Resources Voting Stock outstanding on the applicable record date. In addition, pursuant to the Western Resources Articles, approval of the holders of a majority of the shares of Western Resources Voting Stock, voting as a single class, is required to amend the Western Resources Articles to increase the number of shares of Western Resources Common Stock authorized for issuance taking into account the terms of the Offer. Western Resources intends to seek such approvals at the Western Resources Special Meeting to be held on February 11, 1997, at a.m., at , Topeka, Kansas.

ADT Shareholder Approval Condition. The Offer is conditioned upon, among other things, the satisfaction of the ADT Shareholder Approval Condition. As more fully set forth in the Western Resources Proxy Statement, on December 18, 1996, Westar Capital deposited the Requisition with ADT, pursuant to Section 74 of the Companies Act and Bye-Law 42 of the ADT Bye-Laws, requiring the ADT Board to convene the ADT Special Meeting so that ADT Shareholders will have the opportunity to vote on the Western Resources Proposals and thereby satisfy the ADT Shareholder Approval Condition. Under the Companies Act and the ADT Bye-Laws, the ADT Board is required to convene the ADT Special Meeting. In the event that the ADT Board does not within twenty-one days from the date of the deposit of the Requisition convene the ADT Special Meeting, Westar Capital may itself convene the ADT Special Meeting. Westar Capital has requested that the date of the ADT Special Meeting be February 18, 1997; however, as of the date of this Preliminary Prospectus, the date, time and place for the ADT Special Meeting have not been determined and there can be no assurance that the ADT Special Meeting will be convened on such date. See "The ADT Special Meeting."

At the ADT Special Meeting, ADT Shareholders will vote on each of the Western Resources Proposals, as more fully described herein. See "The ADT Special Meeting." Only persons entered in the register of members of ADT as holders of Shares at the time of the ADT Special Meeting will be entitled to vote at such meeting unless the ADT Board sets a record date for the ADT Special Meeting. In the event the ADT Board sets a record date for the ADT Special Meeting, only holders of Shares at the close of business on such record date will be entitled to vote at the ADT Special Meeting. Each Share is entitled to one vote upon each matter presented at the ADT Special Meeting. Holders of ADT Preferred Stock, if any, are not entitled to vote on any of the Western Resources Proposals. Pursuant to Bye-Law 43 of the ADT Bye-Laws, at any general meeting of ADT not less than two holders of Shares present either in person or by proxy constitutes a quorum for the transaction of business. Each of the Western Resources Proposals may be approved by the affirmative vote of a majority of Shares voted at the ADT Special Meeting.

Rights Plan Condition. The Rights Plan Condition may be satisfied in a number of ways, including the following: (i) the current ADT Board may redeem the Rights or amend the Rights Agreement so that the Rights would not be triggered by the Offer and the Amalgamation, (ii) following the satisfaction of the ADT Shareholder Approval Condition, the newly elected ADT Board may, subject to its fiduciary obligations, take such actions as may be necessary with respect to the Rights so that they would not be triggered by the Offer and the Amalgamation, or (iii) Western Resources may be successful in its litigation seeking, among other things, the invalidation of the Rights or an injunction requiring the ADT Board to redeem the Rights. See "Prospectus Summary--Litigation" and "Litigation."

Set forth below is certain additional information concerning the Rights.

#### Rights Agreement

On November 4, 1996, the ADT Board declared a dividend of one Series A First Preference Share Purchase Right for each Share in issue at the close of business on November 15, 1996 and the issuance of one Right with respect to each Share issued after such date but prior to the Distribution Date (as defined below).

The terms of the Rights are set forth in the Rights Agreement. The following description of the Rights does not purport to be complete and is qualified in its entirety by reference to the Rights Agreement which is further described and filed as an exhibit to the ADT Form 8-A.

After the Distribution Date, each Right entitles the holder thereof to purchase from ADT one hundredth of a Series A First Preference Share at a price of \$90 (the "Purchase Price"), subject to adjustment for dilution. The Rights are not exercisable and will not separate from the Shares until the distribution date (the "Distribution Date") which occurs on the earlier to occur of (i) the close of business on the tenth day (or such later date as may be designated by a majority of the Continuing Directors (as defined below)) following the date of the first public announcement that a person (other than certain persons described below) has become the beneficial owner of 15% or more of the Shares then issued and outstanding (an "Acquiring Person") (such date of public announcement being a "Share Acquisition Date") or (ii) the close of business on the tenth business day (or such later date as may be designated by a majority of the Continuing Directors) following the commencement of a tender or exchange offer which would result in the person making the tender or exchange offer becoming an Acquiring Person. None of ADT, a subsidiary of ADT, an employee benefit plan of ADT or of any of its subsidiaries or any person organized, appointed or established by ADT or any of its subsidiaries for or pursuant to such a plan may be considered an Acquiring Person. In addition, a person (together with its affiliates and associates) (a "Grandfathered Person") owning 15% or more of the issued and outstanding Shares (such person's share percentage being a "Grandfathered Percentage") is not an Acquiring Person if such person acquired its Shares prior to 5:00 p.m., Eastern time, on November 4, 1996, provided that such Grandfathered Person will become an Acquiring Person if its Grandfathered Percentage increases. Under this formulation, each of Western Resources and Westar Capital is a "Grandfathered Person."

A "Continuing Director" is defined under the Rights Agreement to be any member of the ADT Board who, while such person is a member of the ADT Board, is not an Acquiring Person (or an affiliate or associate thereof) or a representative or nominee of an Acquiring Person or of any such affiliate or associate and either (i) was a member of the ADT Board immediately prior to the time any person becomes an Acquiring Person or (ii) subsequently becomes a member of the ADT Board, if such person's nomination for election or election to the ADT Board is recommended or approved by a majority of the Continuing Directors.

After any person becomes an Acquiring Person, each Right (other than Rights beneficially owned by an Acquiring Person and its affiliates and associates, or transferees thereof) will entitle the holder thereof to purchase for the Purchase Price, Shares having a market value equal to twice the Purchase Price.

In the event that, after a Share Acquisition Date, (i) ADT consolidates, amalgamates, or otherwise combines with any other person and ADT is either not the continuing or surviving corporation or the Shares are changed or exchanged or (ii) ADT or one of its subsidiaries sell, or otherwise transfer, assets or earning power aggregating more than 50% of the assets or earning power of ADT and its subsidiaries taken as a whole, each Right will entitle the holder thereof to purchase, for the Purchase Price, a number of shares of common stock of the other party to such business combination or sale having a market value equal to twice the Purchase Price.

The Rights may be redeemed at a redemption price of \$.01 per Right at any time prior to the earlier of (i) the close of business on the tenth day following the Share Acquisition Date (or such later date as a majority of the Continuing Directors may designate prior to such time as the Rights are no longer redeemable) and (ii) November 14, 2005. If the Rights are to be redeemed on or after the Share Acquisition Date or after there has been a change in the majority of the directors on the ADT Board as a result of a proxy or consent solicitation and a participant in such solicitation has stated that such person intends to take, or may consider taking, any action which would result in such person becoming an Acquiring Person or would result in the occurrence of any of the events specified in the immediately preceding paragraph, a majority of the Continuing Directors will be required to authorize such redemption.

The Rights Agreement may be amended in any respect prior to the Distribution Date. After the Distribution Date, the Rights Agreement may be amended in certain respects, if such amendments would not adversely affect

the interest of the holders of Rights (other than the Acquiring Person and any of its affiliates or associates). After an Acquiring Person has become such, to be effective, any amendment must be approved by a majority of the Continuing Directors.

Unless previously redeemed in accordance with terms of its Agreement, the Rights will expire on November 14, 2005.

The Rights have certain anti-takeover effects. The Rights will cause substantial dilution to a person or group of persons that attempts to acquire ADT in a manner which causes the Rights to become exercisable.

ADT Bye-Law Condition. The Offer is conditioned upon Western Resources and Westar Capital being satisfied, in their sole discretion, that the provisions of Bye-Law 104 and Bye-Law 46 of the ADT Bye-Laws do not and will not apply to Western Resources, Westar Capital or the acquisition of Shares pursuant to the Offer so as (a) to require Western Resources or Westar Capital to comply with the provisions of Bye-Law 104 of the ADT Bye-Laws or (b) to prevent Western Resources, Westar Capital or any of their affiliates from voting Shares owned by any of them at any time. The ADT Bye-Law Condition will be satisfied following the election of the Western Resources Nominees at the ADT Special Meeting, as the newly elected ADT Board (subject to their fiduciary duties under Bermuda law) do not currently intend to serve notice pursuant to Bye-Law 104 or Bye-Law 46 of the ADT Bye-Laws upon Western Resources or any affiliate of Western Resources who becomes interested, following consummation of the Offer, in 30% or more of the Shares. Thus, in the event the Western Resources Nominees are elected at the ADT Special Meeting, Western Resources believes that Bye-Law 104 and Bye-Law 46 of the ADT Bye-Laws should not apply to Western Resources or its affiliates and the ADT Bye-Law Condition should be satisfied.

For a description of Bye-Law 104 and Bye-Law 46, see "The ADT Special Meeting--ADT Bye-Laws and City Code Provisions" and "Comparison of the Rights of Holders of Shares and Western Resources Common Stock." ADT Shareholders are urged to, and should, read Bye-Law 104 and Bye-Law 46, copies of which are included herein as Schedules C and D, respectively.

Republic Warrant Condition. The Offer is conditioned upon, among other things, the receipt by Westar Capital of a final judgment from a court of competent jurisdiction declaring the Republic Warrant invalid or the expiration of the Republic Warrant prior to the Expiration Date without having been exercised. On December 18, 1996, Western Resources announced that Westar Capital had commenced litigation in the United States District Court for the Southern District of Florida charging ADT and the ADT Board with breaches of their fiduciary duties to ADT and the ADT Shareholders. Specifically, the complaint alleges, among other things, that the ADT Board breached its fiduciary duty to ADT and the ADT Shareholders when it granted the Republic Warrant without receiving adequate consideration from Republic. Republic is also joined in the lawsuit.

Regulatory Approval Condition. The Offer is conditioned upon, among other things, all regulatory approvals required to consummate the Offer (the "Requisite Regulatory Approvals") having been obtained and remaining in full force and effect, all statutory waiting periods in respect thereof having expired and no such approval containing any conditions or restrictions which the Western Resources Board determines will or reasonably could be expected to materially impair the strategic and financial benefits expected to result from the Offer. Western Resources will use its reasonable best efforts to obtain the Requisite Regulatory Approvals. As described below, applications and notices seeking the Requisite Regulatory Approvals have been or will be promptly filed. The Offer cannot proceed in the absence of the Requisite Regulatory Approvals. Although no assurances can be given, Western Resources anticipates that it will receive all regulatory approvals on a timely basis.

Antitrust. Under the HSR Act, and the Rules that have been promulgated thereunder, certain acquisition transactions may not be consummated unless certain information has been furnished to the Antitrust Division and the FTC and certain waiting period requirements have been satisfied. The acquisition of Shares by Western Resources pursuant to the Offer is subject to the HSR Act.

Western Resources currently has approval under the HSR Act to acquire up to 50% of the outstanding Shares. Western Resources intends to file with the Antitrust Division and the FTC a Hart-Scott-Rodino Notification and Report Form with respect to the Offer to acquire over 50% of the Shares. Under the applicable provisions of the HSR Act, the purchase of Shares pursuant to the Offer could not be consummated until the expiration of a 30-day waiting period following the filing of such Form by Western Resources.

Federal and state antitrust enforcement agencies frequently scrutinize under the antitrust laws transactions such as Western Resources' acquisition of Shares pursuant to the Offer. At any time before or after Western Resources' acquisition of Shares, any such agency could take such action under the antitrust laws as it deems necessary or desirable in the public interest, including seeking to enjoin the acquisition of Shares pursuant to the Offer or otherwise or seeking divestiture of Shares acquired by Western Resources or divestiture of substantial assets of Western Resources and/or ADT. Private parties may also bring legal action under the antitrust laws under certain circumstances.

Based upon an examination of publicly available information relating to the businesses in which both Western Resources and ADT are engaged, Western Resources believes that the Offer will not violate the antitrust laws. Nevertheless, there can be no assurance that a challenge to the Offer on antitrust grounds will not be made or that, if such a challenge is made, Western Resources will prevail.

The State Corporation Commission of the State of Kansas (the KCC). Western Resources is subject, as an operating electric and natural gas utility, to the jurisdiction of the KCC with respect to the issuance of certain securities and indebtedness. An application for approval, or waiver of approval, of the issuance of Western Resources Common Stock and debt in connection with the Offer, has been or will be filed with the KCC.

The Antitrust Division, the FTC and the KCC are referred to herein as the "Regulatory Commissions."

General. Except as set forth above, based upon an examination of publicly available information filed by ADT with the Commission and other publicly available information with respect to ADT, Western Resources is not aware of (a) any license or regulatory permit which appears to be material to the business of ADT and its subsidiaries, taken as a whole, and which is likely to be adversely affected by Western Resources' acquisition of Shares pursuant to the Offer or (b) any approval or other action by any state, federal or foreign governmental administrative or regulatory agency or authority that would be required prior to the acquisition of Shares pursuant to the Offer. Western Resources presently intends to take such actions with respect to any approvals as will enable it to consummate the Offer. In this regard, Western Resources expressly reserves the right to challenge the validity and applicability of any state, foreign or other statutes or regulations purporting to require approval of the consummation of the Offer.

There can be no assurance that any license, permit, approval or other action, if needed, would be obtained, or would be obtained without substantial conditions, or, if so obtained, when it would be obtained, or that adverse consequences might not result to ADT, Western Resources or to their respective businesses in the event of adverse regulatory action or inaction.

THE OFFER IS CONDITIONED UPON, AMONG OTHER THINGS, WESTERN RESOURCES HAVING RECEIVED ALL NECESSARY OR DESIRABLE GOVERNMENTAL AND REGULATORY APPROVALS AND CONSENTS FOR THE ACQUISITION OF SHARES PURSUANT TO THE OFFER AND THE OTHER TRANSACTIONS CONTEMPLATED HEREIN, INCLUDING APPROVALS AND CONSENTS FROM THE REGULATORY COMMISSIONS AND SUCH APPROVALS AND CONSENTS HAVING BECOME FINAL ORDERS AND SUCH FINAL ORDERS NOT HAVING IMPOSED TERMS OR CONDITIONS WHICH, IN THE AGGREGATE, WOULD HAVE OR, INSOFAR AS REASONABLY CAN BE FORESEEN, COULD HAVE A MATERIAL ADVERSE EFFECT ON THE BUSINESS, ASSETS, FINANCIAL CONDITION, OR RESULTS OF OPERATIONS OF WESTERN RESOURCES, ADT AND THEIR RESPECTIVE SUBSIDIARIES TAKEN AS A WHOLE.

Certain Other Conditions of the Offer. Notwithstanding any other provision of the Offer and subject to any applicable rules and regulations of the Commission, including Rule 14e-1(c) under the Exchange Act (relating to Western Resources' obligation to exchange or return tendered Shares promptly after the termination or withdrawal of the Offer), Western Resources shall not be required to accept for exchange or exchange any

Shares, may postpone the acceptance for exchange or exchange for tendered Shares and may, in its sole discretion, terminate or amend the Offer as to any Shares not then exchanged if at the Expiration Date any of the Offer Conditions have not been satisfied or waived or if on or after the date of this Preliminary Prospectus and at or prior to the time of exchange of any such Shares (whether or not any Shares have theretofore been accepted for exchange or exchanged pursuant to the Offer), any of the following events shall not have occurred:

(a) The shares of Western Resources Common Stock which shall be issued to the ADT Shareholders in the Offer and the Amalgamation shall have been authorized for listing on the NYSE, subject to official notice of issuance.

(b) The Registration Statement shall have become effective under the Securities Act, and no stop order suspending the effectiveness of the Registration Statement shall have been issued and no proceedings for that purpose shall have been initiated or threatened by the Commission.

(c) No order, injunction or decree issued by any court or agency of competent jurisdiction or other legal restraint or prohibition preventing the consummation of the Offer and/or the Amalgamation or any of the other transactions contemplated by this Preliminary Prospectus shall be in effect. No statute, rule, regulation, order, injunction or decree shall have been enacted, entered, promulgated or enforced by any court, administrative agency or commission or other governmental authority or instrumentality which prohibits, restricts or makes illegal the consummation of the Offer and/or the Amalgamation.

(d) All required material governmental authorizations, permits, consents, orders or approvals which do not impose terms or conditions that could reasonably be expected to have a material adverse effect on Western Resources and/or ADT have been received.

(e) There shall not have occurred or been threatened (i) any general suspension of trading in, or limitation on times or prices for, securities on any national securities exchange or in the over-the-counter market in the United States, (ii) any significant adverse change in interest rates, the financial markets or major stock exchange indices in the United States or abroad or in the market price of Shares, including, without limitation, a decline of at least 10% in either the Dow Jones Average of Industrial Stocks or the Standard & Poor's 500 Index from that existing at the close of business on \_\_\_\_\_, 1996, (iii) any change in the general political, market, economic, regulatory or financial conditions in the United States or abroad that could, in the sole judgment of Western Resources, have a material adverse effect upon the business, properties, assets, liabilities, capitalization, stockholders' equity, condition (financial or otherwise), operations, licenses or franchises, results of operations or prospects of ADT or any of its subsidiaries or the trading in, or value of, the Shares, (iv) any material change in United States currency exchange rates or any other currency exchange rates or a suspension of, or limitation on, the markets therefor, (v) a declaration of a banking moratorium or any suspension of payments in respect of banks in the United States, (vi) any limitation (whether or not mandatory) by any government, domestic, foreign or supranational, or governmental entity on, or other event that, in the sole judgment of Western Resources, might affect, the extension of credit by banks or other lending institutions, (vii) a commencement of a war or armed hostilities or other national or international calamity directly or indirectly involving the United States or (viii) in the case of any of the foregoing existing at the time of the commencement of the Offer, a material acceleration or worsening thereof.

(f) Western Resources shall be satisfied, in its sole discretion, that consummation of the Offer and the Amalgamation will not adversely effect Western Resources' status as an exempt holding company under the Public Utility Holding Company Act of 1935.

The foregoing conditions are for the sole benefit of Western Resources and may be asserted by Western Resources regardless of the circumstances giving rise to any such conditions (including any action or inaction by Western Resources) or may be waived by Western Resources in whole or in part (other than the Western Resources Shareholder Approval Condition, the Regulatory Approval Condition and the condition relating to effectiveness of the Registration Statement). Although Western Resources reserves the right to do so, Western Resources does not currently intend to waive any Offer Condition unless it determines that doing so would not prevent it from consummating the Amalgamation promptly after consummating the Offer. The determination as to whether any condition has been satisfied shall be in the sole judgment of Western Resources and will be final.

and binding on all parties. The failure by Western Resources at any time to exercise any of the foregoing rights shall not be deemed a waiver of any such right and each such right shall be deemed a continuing right which may be asserted at any time and from time to time. Notwithstanding the fact that Western Resources reserves the right to assert the failure of a condition following acceptance for exchange but prior to exchange in order to delay exchange or cancel its obligation to exchange properly tendered Shares, Western Resources will either promptly exchange such Shares or promptly return such Shares.

#### SOURCE AND AMOUNT OF FUNDS

Western Resources estimates that the total amount of funds required pursuant to the Offer to purchase for the Cash Consideration the number of Shares outstanding on a fully diluted basis and to pay fees and expenses related to the Offer will be approximately \$900 million. See "The Offer--Fees and Expenses." Western Resources plans to obtain the funds necessary to finance the Cash Consideration pursuant to credit facilities to be arranged by an affiliate of The Chase Manhattan Bank ("Chase Manhattan Bank"). Western Resources has received a letter from Chase Manhattan Bank and such affiliate in which they state that they are highly confident that they can arrange credit facilities in the amount necessary to fund payment of the Cash Consideration with Chase Manhattan Bank and other lenders. Their view is based, among other things, upon their review of the terms of the Offer, their understanding of Western Resources and public information regarding ADT, and current conditions in the banking and syndicated loan markets.

Election of the Western Resources Nominees and consummation of the Offer may, among other things, (i) result in acceleration of credit facilities currently available to ADT Operations, Inc., a subsidiary of ADT ("ADT Operations"), (ii) enable the holders of certain debt instruments of ADT Operations to require the repurchase of their securities, and (iii) accelerate the date on which certain options outstanding under ADT's stock option plans become exercisable. Although Western Resources and Westar Capital do not believe that these events would materially and adversely impact the financial condition of ADT, the actual impact of such events cannot be presently ascertained and will depend, among other things, on interest rates and future conditions in the credit markets.

#### RELATIONSHIPS WITH ADT

Except as set forth herein under the captions "Prospectus Summary--Background of the Offer" and "Background of the Offer," neither Western Resources nor, to the best of its knowledge, any of the persons listed on Schedule A hereto nor any associate or majority-owned subsidiary of any of the foregoing, beneficially owns or has a right to acquire any equity securities of ADT. Except as set forth herein, neither Western Resources nor to the best of its knowledge, any of the persons or entities referred to above, nor any director, executive officer or subsidiary of any of the foregoing, has effected any transaction in such equity securities during the last 60 days.

Except as described herein, neither Western Resources nor, to the best of its knowledge, any of the persons listed on Schedule A hereto has any contract, arrangement, understanding or relationship with any other person with respect to any securities of ADT, including, but not limited to, any contract, arrangement, understanding or relationship concerning the transfer or the voting of any such securities, joint ventures, loan or option arrangements, puts or calls, guaranties of loans, guaranties against loss or the giving or withholding of proxies. Except as described herein, there have been no contacts, negotiations or transactions, between Western Resources or, to the best of its knowledge, any of the persons listed on Schedule A hereto, on the one hand, and ADT or its affiliates, on the other hand, concerning a merger, consolidation or acquisition, a tender offer or other acquisition of securities, an election of directors, or a sale or other transfer of a material amount of assets. Neither Western Resources, nor, to the best of its knowledge, any of the persons listed on Schedule A hereto, has had any transaction with ADT or any of its executive officers, directors or affiliates that would require disclosure under the rules and regulations of the Commission applicable to the Offer.

#### FEES AND EXPENSES

Western Resources has retained [ ] (" [ ]") to act as Information Agent in connection with the Offer. The Information Agent may contact holders of Shares by mail, telephone, telex, telegraph and personal

interviews and may request brokers, dealers and other nominee shareholders to forward the Offer materials to beneficial owners of Shares. The Information Agent will be paid a customary fee of [\$ ] for such services, plus reimbursement of out-of-pocket expenses, and Western Resources will indemnify the Information Agent against certain liabilities and expenses in connection with the Offer, including liabilities under federal securities laws.

Salomon is acting as financial advisor to Western Resources in connection with its effort to acquire ADT, for which services, and for assistance rendered by Salomon in connection with prior purchases of Shares by Westar Capital, Western Resources has agreed to pay Salomon aggregate fees up to a maximum of \$5 million (a substantial portion of which is contingent upon the consummation of an acquisition of 50% or more of the Shares of ADT or upon consummation of the Amalgamation).

Bear Stearns is acting as financial advisor to Western Resources in connection with its effort to acquire ADT, for which services, and for assistance rendered by Bear Stearns in connection with prior purchases of Shares by Westar Capital, Western Resources has agreed to pay Bear Stearns aggregate fees up to a maximum of \$4.3 million (a substantial portion of which is contingent upon the consummation of an acquisition of 50% or more of the Shares of ADT or upon consummation of the Amalgamation).

Chase is acting as financial advisor to Western Resources in connection with its effort to acquire ADT, for which services Western Resources has agreed to pay Chase aggregate fees up to a maximum of \$1.5 million (a substantial portion of which is contingent upon the consummation of an acquisition of 50% or more of the Shares of ADT or upon consummation of the Amalgamation).

In addition to the compensation set forth above, Western Resources has agreed to reimburse each of the Dealer Managers for its reasonable travel and other out-of-pocket expenses. Western Resources has also agreed to reimburse each of the Financial Advisors for necessary and reasonable attorney's fees incurred in connection with its engagement, and has agreed to indemnify each of Salomon, Bear Stearns, Chase and certain related persons and entities against certain liabilities and expenses in connection with each Dealer Manager's engagement, including certain liabilities under the federal securities laws. In connection with each of Salomon's, Bear Stearns' and Chase's engagement as financial advisor, Western Resources anticipates that certain employees of Salomon, Bear Stearns and Chase may communicate in person, by telephone or otherwise with a limited number of institutions, brokers or other persons who are ADT Shareholders for the purpose of assisting in the Proxy Solicitation. Neither Salomon, Bear Stearns or Chase will receive any fee for or in connection with such solicitation activities by its employees apart from the fees it is otherwise entitled to receive as described above.

In addition to the fees to be received by each of Salomon, Bear Stearns and Chase in connection with its engagement as financial advisor to Western Resources, each of Salomon, Bear Stearns and Chase has in the past rendered various investment banking and financial advisory services for Western Resources for which each has received customary compensation.

Western Resources will pay the Exchange Agent reasonable and customary compensation for its services in connection with the Offer, plus reimbursement for out-of-pocket expenses, and will indemnify the Exchange Agent against certain liabilities and expenses in connection therewith, including liabilities under the federal securities laws. Western Resources will not pay any fees or commissions to any broker or dealer or other person (other than the Dealer Managers and the Information Agent) for soliciting tenders of Shares pursuant to the Offer. Brokers, dealers, commercial banks and trust companies will be reimbursed by Western Resources for customary mailing and handling expenses incurred by them in forwarding material to their customers.

## ACCOUNTING TREATMENT

Western Resources will account for the acquisition of Shares pursuant to the Offer and the Amalgamation using the purchase method of accounting. Accordingly, the purchase price will be allocated to assets acquired and liabilities assumed based on their estimated fair values at the acquisition date. ADT's financial position and results of operations will not be included in Western Resources' consolidated accounts prior to the consummation date of the Amalgamation.

## STOCK EXCHANGE LISTING

The Western Resources Common Stock is listed on the NYSE. Application will be made to list the Western Resources Common Stock to be issued pursuant to the Offer and the Amalgamation on the NYSE. As described above under "The Offer--Conditions of the Offer--Western Resources Shareholder Approval Condition," pursuant to the rules of the NYSE, the issuance of Western Resources Common Stock in the Offer and the Amalgamation must be approved by the holders of a majority of the shares of Western Resources Voting Stock, voting as a single class, voted at a meeting of such holders at which the total number of votes cast represents over 50% in interest of all shares of Western Resources Voting Stock outstanding on the applicable record date.

## THE AMALGAMATION

### GENERAL

If the Western Resources Offer is consummated following the ADT Special Meeting, then it is also presently intended that the newly elected ADT Board will, in accordance with its fiduciary duties, (i) propose an amendment to the ADT Bye-Laws providing that an amalgamation of ADT may be approved by the affirmative vote of a simple majority of those Shares voted at a general meeting of ADT, (ii) propose and approve the Amalgamation Agreement, containing customary terms and conditions, pursuant to which a newly created subsidiary of Western Resources incorporated under the laws of Bermuda will amalgamate with and into ADT, with the amalgamated company operating under the name of ADT, and ADT Shareholders (other than Western Resources and ADT and their respective affiliates and ADT Shareholders who perfect appraisal rights under Bermuda law) will receive the Offer Consideration in exchange for the cancellation of each Share, and (iii) take all other actions as may be necessary to effect the Amalgamation. See "--Appraisal Rights."

Pursuant to the Companies Act, each of the Bye-Law Amendment and the Amalgamation Agreement require the approval of ADT Shareholders in order to take effect. Under Section 77(2) of the Companies Act, approval of the Bye-Law Amendment requires the affirmative vote of a majority of votes cast at a general meeting of ADT. Section 106(4A) of the Companies Act provides in part that, unless a company's bye-laws specifically provide otherwise, an amalgamation of a Bermuda company must be approved by a majority vote of three-fourths of those shareholders voting at a duly called meeting. The ADT Bye-Laws do not currently specify the vote required to approve an amalgamation. Therefore, upon the adoption of the Bye-Law Amendment, approval of the Amalgamation Agreement will also require the affirmative vote of a majority of votes cast at a general meeting of ADT (including Shares owned by Western Resources or its affiliates).

If the Offer is consummated, Western Resources and its affiliates will own a majority of the outstanding Shares. Accordingly, Western Resources and its affiliates will at such time have sufficient voting power in ADT to approve the Bye-Law Amendment and the Amalgamation Agreement independently of the votes of any other ADT Shareholders, and Western Resources presently intends to vote any and all Shares then owned by Western Resources and its affiliates to approve such proposals.

The Amalgamation will be subject to certain conditions, including the consent of the Minister of Finance. As soon as practicable following the acceptance of Shares by Western Resources pursuant to the Offer, the newly elected ADT Board presently intends to cause all necessary actions to be taken to seek the consent of the Minister of Finance to the Amalgamation. Western Resources has no reason to believe that the Minister of Finance will not grant approval for the Amalgamation; however, there can be no assurance that the Minister of Finance would grant his consent to the Amalgamation. An adverse decision by the Minister of Finance may not be subject to appeal or review in any court. Western Resources also presently intends to condition the Amalgamation upon holders of not more than 5% of the outstanding Shares at the effective time of the Amalgamation perfecting appraisal rights with respect to the Amalgamation pursuant to Section 106(6) of the Companies Act. See "--Appraisal Rights."

Rule 13e-3 of the General Rules and Regulations under the Exchange Act, which Western Resources does not believe would be applicable to the Amalgamation as long as the Amalgamation occurred within one year of consummation of the Offer, would require, among other things, that certain financial information concerning ADT, and certain information relating to the fairness of the proposed transaction and the consideration offered to ADT Shareholders therein, be filed with the Commission and disclosed to ADT Shareholders prior to consummation of the Amalgamation.

In addition, Western Resources reserves the right to acquire, following the consummation or termination of the Offer, additional Shares through open-market purchases, privately negotiated transactions, a tender offer or exchange offer, or otherwise, upon such terms and at such prices as it shall determine, which may be more or less favorable than those of the Offer. Western Resources and its affiliates also reserve the right to dispose of

any or all Shares acquired by them pursuant to the Offer or otherwise, upon such terms and at such prices as they shall determine.

In connection with the Offer, Western Resources has reviewed, and will continue to review, on the basis of available information, various possible business strategies that it might consider in the event that it acquires all or substantially all of the common equity interest in ADT. Western Resources also intends to conduct a detailed review of ADT and its assets, corporate structure, capitalization, operations, properties, policies, management and personnel and consider which changes, if any, would be desirable in light of the circumstances which then exist. Such strategies could include, among other things, changes in ADT's business, corporate structure, Memorandum of Association, Bye-Laws, capitalization, the ADT Board or management, and consideration of disposition of certain assets or lines of business of ADT.

Except as noted herein, Western Resources does not have any present plans or proposals that would result in an extraordinary corporate transaction, such as a merger, reorganization or liquidation, or sale or transfer of a material amount of assets, involving ADT or any of its subsidiaries, or any material changes in ADT's corporate structure or business. However, because Western Resources has not had access to ADT's books and records, additional changes may be made after a full review of ADT's operations is completed.

#### APPRAISAL RIGHTS

ADT Shareholders do not have appraisal rights with respect to the Offer.

However, pursuant to Section 106(6) of the Companies Act, a registered holder of Shares who does not vote in favor of the Amalgamation, if it is proposed and submitted to a vote of ADT Shareholders, and who is not satisfied that he or she has been offered fair value for his or her Shares may, within one month of the giving of the notice of the meeting of ADT Shareholders, apply to the Court to have the fair value of such Shares appraised by the Court.

A beneficial owner of Shares who is not the registered holder may not assert appraisal rights. If the stock is owned in a fiduciary capacity, such as by a trustee, guardian or custodian, or by a nominee, the notice asserting appraisal rights must be executed by the fiduciary or nominee as the registered holder of the Shares. If the Shares are owned of record by more than one person, as in a joint tenancy or tenancy in common, the notice must be executed by all joint owners. An authorized agent, including an agent for two or more joint owners, may execute the notice for a registered shareholder; however, the agent must identify the registered holder, disclose the fact that, in executing the notice, he is acting as agent for the registered holder and provide evidence of his authority.

The right of a dissenting shareholder to be paid the fair value of his or her Shares shall cease if the shareholder fails to comply with the procedures set forth in Section 106(6) of the Companies Act, or if the Amalgamation is abandoned for any reason.

Western Resources presently intends to condition the Amalgamation upon, among other things, holders of not more than 5% of the outstanding Shares perfecting appraisal rights with respect to the Amalgamation.

The foregoing does not purport to be a complete statement of the procedures to be followed by ADT Shareholders desiring to exercise dissenters' rights and, in view of the fact that exercise of such rights requires adherence to the relevant provisions of the Companies Act, shareholders who desire to exercise appraisal rights are advised to review with care all applicable provisions of law and to obtain legal counsel in Bermuda concerning proper compliance with applicable provisions of the Companies Act. ADT Shareholders are urged to, and should, read Section 106 of the Companies Act, a copy of which is included herein as Schedule E.

## WESTERN RESOURCES' OFFER FOR KCPL

On July 8, 1996, Western Resources commenced the KCPL Offer to exchange shares of Western Resources Common Stock for each outstanding share of KCPL Common Stock. The purpose of the KCPL Offer is to obtain control of, and ultimately exchange the entire common equity interest in, KCPL. Western Resources intends, as soon as practicable after consummation of the KCPL Offer, to seek to effect the KCPL Merger, pursuant to which KCPL will be merged with and into ADT. Pursuant to the exchange ratio in the KCPL Offer, KCPL Shareholders would receive \$31.00 of Western Resources Common Stock in exchange for each share of KCPL Common Stock subject to a maximum of 1.100 and a minimum of 0.933 shares of Western Resources Common Stock for each share of KCPL Common Stock. According to KCPL's Quarterly Report on Form 10-Q for the period ended September 30, 1996, as of November 5, 1996, there were 61,904,744 shares of KCPL Common Stock outstanding. Based on the number of shares of KCPL Common Stock outstanding on November 5, 1996, if the KCPL Offer and KCPL Merger were consummated, KCPL Shareholders would receive approximately 61,409,506 shares of Western Resources Common Stock, representing approximately 31.5% of the total Western Resources Common Stock (assuming that the Offer and the Amalgamation had previously been completed). Western Resources reserves the right, in its sole discretion, at any time or from time to time to amend or terminate the KCPL Offer in accordance with its terms.

On November 15, 1996, representatives of Western Resources' and KCPL's respective boards and managements met and had a cordial discussion regarding the proposed KCPL Merger. On November 25, 1996, representatives of Western Resources' and KCPL's respective boards and managements met again and continued their discussions.

As of December 13, 1996, the most recently scheduled expiration date for the KCPL Offer, approximately 29.6 million shares of KCPL Common Stock or 48% of the outstanding shares of KCPL Common Stock, had been tendered to Western Resources pursuant to the KCPL Offer. Western Resources believes that this level of tenders demonstrates the support of KCPL Shareholders for a merger of Western Resources and KCPL. On December 13, 1996, Western Resources issued a press release which stated that Western Resources and KCPL have agreed to proceed with substantive merger negotiations between now and January 15, 1997, the newly scheduled expiration date for the KCPL Offer. Although there can be no assurance that any agreement will result from such negotiations, if a definitive merger agreement is reached prior to January 15, 1997, it is Western Resources' present intention to terminate the KCPL Offer at such time and proceed with the KCPL Merger.

If an agreement with KCPL is not reached, Western Resources expects that it will extend the KCPL Offer from time to time in its sole discretion until all conditions thereto are satisfied, which Western Resources currently expects to occur prior to the end of 1997. Western Resources' obligation to exchange shares of Western Resources Common Stock for shares of KCPL Common Stock pursuant to the KCPL Offer is subject to various terms and conditions set forth in the KCPL Prospectus.

## RECENT DEVELOPMENTS

On December 12, 1996, Western Resources and ONEOK announced that they had entered into a strategic alliance in which Western Resources will contribute its regulated local natural gas distribution operations, and MCMC and Westar Gas Marketing, and will become the largest shareholder of ONEOK. A division of ONEOK, the Oklahoma Natural Gas Company, provides local natural gas service to 75 percent of the state of Oklahoma. ONEOK also has interests in natural gas marketing, processing and production.

In the transaction, which is expected to close in mid-1997, Western Resources will receive a 45% equity interest in ONEOK. The equity interest will consist of 2,996,702 shares of ONEOK Common Stock and 19,317,584 shares of ONEOK Preferred Stock. The ONEOK Preferred Stock will pay an annual dividend of up to 1.5 times the ONEOK Common Stock dividend, with a minimum dividend of \$1.80 per share. The transaction is expected to be accretive to Western Resources in the first full year.

As a result of its alliance with Western Resources, ONEOK will become the ninth largest gas distribution company in the United States, serving 1.4 million customers. The strategic alliance will also include a marketing agreement under which Western Resources will provide electric energy products, security products and other unregulated services to ONEOK's existing 735,000 customers. The transaction requires the approval of ONEOK's shareholders, the OCC, the KCC and the Commission. Pursuant to the HSR Act, the transaction may not be consummated unless certain information has been furnished to the Antitrust Division and the FTC and certain waiting period requirements have been satisfied. Western Resources shareholders will not vote on the transaction.

Western Resources has agreed to pay approximately \$368 million, subject to certain adjustments, and assume certain liabilities and obligations for all of the assets used in, related to or necessary for the operation of the security installation, monitoring and service business currently operated by Westinghouse Security, a subsidiary of Westinghouse. Westinghouse Security serves approximately 300,000 customer accounts. The asset purchase is expected to be completed prior to the end of 1996.

#### BUSINESS OF WESTERN RESOURCES

Western Resources and its divisions and wholly owned subsidiaries include KPL, a rate-regulated electric and natural gas division of Western Resources, KGE, a rate-regulated utility and wholly owned subsidiary of Western Resources, Westar Capital, Westar Security, Inc., Westar Energy, Inc., The Wing Group, Inc., non-utility subsidiaries, and MCMC, Inc., a regulated gas transmission service provider. KGE owns 47% of WCNOG, the operating company for Wolf Creek. Western Resources' non-utility subsidiaries market natural gas primarily to large commercial and industrial customers, provide electronic security services, engage in international large power project development and provide other energy-related products and services.

Western Resources is engaged principally in the production, purchase, transmission, distribution and sale of electricity and the delivery and sale of natural gas. Western Resources serves approximately 601,000 electric customers in eastern and central Kansas and approximately 648,000 natural gas customers in Kansas and northeastern Oklahoma. On December 12, 1996, Western Resources and ONEOK announced a strategic alliance pursuant to which Western Resources will contribute its regulated local natural gas distribution operations, and MCMC and Westar Gas Marketing, and will become the largest shareholder of ONEOK. See "Prospectus Summary--Recent Developments" and "Recent Developments."

Westar Capital is a private investment company, wholly owned by Western Resources, with investments in energy-related and technology-oriented businesses. As of December 17, 1996, the last trading day prior to the date of this Preliminary Prospectus, Westar Capital owned 38,287,111 Shares, or approximately 27% of the outstanding Shares, including 500 LYONS exchangeable for Shares at a ratio of 28.23 Shares per LYON.

Western Resources Security is a rapidly growing electronic security services business with 110,000 customer accounts. Western Resources Security has grown through acquisitions and is currently the tenth largest security company in the United States, by customer count, with operations in eleven states. On December 16, 1996, Western Resources announced an agreement pursuant to which Western Resources will acquire all of the assets of Westinghouse Security. Westinghouse Security is a national security system monitoring company. See "Prospectus Summary--Recent Developments" and "Recent Developments."

Western Resources was incorporated under the laws of the State of Kansas in 1924. Western Resources' corporate headquarters is located at 818 S. Kansas Avenue, Topeka, Kansas 66612 and its telephone number is (913) 575-6300.

## UNAUDITED PRO FORMA COMBINED FINANCIAL INFORMATION

The following unaudited pro forma combined financial information presents the consolidated balance sheets and statements of income for the following: (i) Western Resources and ADT, assuming the Amalgamation is accounted for as a purchase; and (ii) Western Resources, ADT and KCPL, assuming the Amalgamation is accounted for as a purchase and the KCPL Merger is accounted for as a pooling of interests.

ADT's financial position and operating results have been presented for the interim period ended September 30, 1996 and the twelve-month period ended December 31, 1995, as if the purchase was consummated on January 1 of each respective period. ADT's financial position and operating results reflect the ASH Transaction, which was accounted for by ADT as a pooling of interests. The combined results of Western Resources and KCPL have been presented for each of the last three fiscal years and the most recent interim period ended September 30, 1996.

The information shown below should be read in conjunction with the consolidated historical financial statements of Western Resources, ADT and KCPL, including ADT's restated financial statements which reflect the ASH Transaction as a pooling of interests, which are incorporated by reference in this Preliminary Prospectus and the KCPL Prospectus (as defined herein). The following information is being presented for illustrative purposes only and is not necessarily indicative of the financial position or operating results that would have occurred had the Amalgamation and the KCPL Merger been consummated at the beginning of the periods for which the Amalgamation and the KCPL Merger are being given effect, nor is it necessarily indicative of future operating results or financial position.

### THE AMALGAMATION

Western Resources currently owns approximately 38.3 million Shares, or approximately 27% of the outstanding Shares. This represents a \$589.4 million investment, at cost, in ADT. Western Resources proposes to acquire the remaining common equity interest of ADT for \$22.50 per Share, subject to adjustment as described herein, and account for such acquisition as a purchase. ADT Shareholders would receive \$15.00 of value in Western Resources Common Stock, subject to certain limitations, and the balance of the purchase price (\$7.50 per Share) would be paid in cash. The pro forma combined balance sheet assumes the recorded amounts of ADT's assets and liabilities approximate their fair values. The preliminary purchase price allocation was made using only publicly available information for ADT and is subject to change. The pro forma combined financial statements do not give effect to any anticipated cost savings or revenue enhancements that may result from the Amalgamation.

During the first quarter of 1996, ADT recorded a non-cash charge of approximately \$744.7 million to recognize the impairment of certain long-lived assets. The impairment charge was largely attributable to reducing the amount of recorded goodwill and had no significant tax effect.

In September 1996, ADT consummated the ASH Transaction, which is to be accounted for as a pooling of interests. In connection with the ASH Transaction, ADT exchanged 7,034,940 Shares for the entire equity interest in ASH. The unaudited pro forma combined financial statements were prepared utilizing the historical audited financial statements and the unaudited interim financial statements, including the notes thereto, of KCPL and ADT. Certain information was derived from the audited consolidated financial statements of ADT contained in the ADT 1995 Form 10-K, and the unaudited interim financial statements, including the notes thereto, contained in ADT's Quarterly Report on Form 10-Q for the period ended September 30, 1996, and ADT's Current Reports on Form 8-K, dated September 5, 1996, October 21, 1996 and November 12, 1996, relating to the ASH Transaction.

## THE KCPL MERGER

Terms of the KCPL Offer permit holders of KCPL Shares to exchange each KCPL Share held for \$31.00 of Western Resources Common Stock, subject to certain limitations, as set forth more fully in the KCPL Prospectus. Pro Forma shares and related earnings and dividends per share information have been calculated assuming an exchange ratio of 1.00405 based on a Western Resources' December 13, 1996 closing stock price of \$30.875.

The KCPL Merger is assumed to generate substantial cost savings. The assumed cost savings, have not been reflected in the pro forma combined balance sheet and statements of income. Transaction costs associated with the KCPL Merger including fees for advisors, attorneys and other consultants and incremental direct costs of completing the KCPL Merger are estimated to approximate \$88 million (which amount includes an additional termination fee of approximately \$53 million that may be payable under the terms of KCPL's Amended and Restated Agreement and Plan of Merger with UtiliCorp). These costs will be expensed in the first reporting period subsequent to the closing of the KCPL Merger to the extent they are required to be paid.

There are no anticipated changes in either Western Resources' or KCPL's accounting policies as a result of the KCPL Merger. Both companies accrue unbilled revenue for energy delivered at the end of each reporting period, use composite depreciation methods at group rates specified pursuant to regulation and have certain other accounting policies which differ from each other as well as from other commercial enterprises due to the nature of how regulators have allowed certain costs to be recovered from customers.

Western Resources has joint interests with KCPL in the LaCygne Station and Wolf Creek. These generating facilities represent approximately 23% of Western Resources' total generating capacity, 39% of KCPL's total generating capacity and 29% of the combined company's total generating capacity.

NOTES TO UNAUDITED PRO FORMA COMBINED FINANCIAL INFORMATION

The pro forma adjustments have been made to the unaudited Pro Forma Combined Financial Statements to reflect the following:

- (a) To record the reduction in cash resulting from interest paid on short- and long-term debt as described in note (e) below.
- (b) To record goodwill resulting from the Amalgamation. The net tangible assets of ADT are expected to approximate their fair value. Goodwill is based upon the total consideration paid in excess of the estimated fair value of the net assets acquired. Goodwill is calculated assuming Western Resources acquires all the outstanding Shares of ADT which Western Resources and its affiliates do not presently hold, the conversion of the LYONS convertible debt to Shares and the exercise of all outstanding options held principally by ADT management for \$22.50 per Share. (See note (j) for a discussion of the Republic Warrant and ADT anti-takeover devices.)

(i) Liquid Yield Option Notes (LYONS) subordinated zero coupon securities are exchangeable for Shares of ADT or redeemable for cash at the option of the holder upon a change of control transaction. Conversion terms allow the holder to exchange each note for 28.23 Shares of ADT. The pro forma calculation of total ADT Shares outstanding assumes the LYONS are converted to common equity.

(ii) Conversion of approximately 18.6 million outstanding option shares held by management has been calculated using the treasury stock method.

- (c) To record the additional long-term debt to be incurred for the \$7.50 per Share Cash Consideration and to refinance short-term debt used to acquire existing Shares, less the elimination of the LYONS convertible debt securities which are expected to be converted to Shares of ADT.

- (d) To record the amortization of goodwill created in the purchase of ADT over a 40-year period. The annual goodwill amortization is expected to approximate \$72.3 million. The adjustment represents the difference between this amount and the historical amount recorded by ADT.
- (e) To record the net effect of interest expense resulting from the following:
- (i) The reduction of interest expense associated with the short-term debt incurred by Western Resources to acquire its initial equity interest in ADT and the increase in interest expense in connection with the issuance of additional long-term debt as detailed in note (c) above to finance the exchange of Shares for the Cash Consideration and refinance short-term debt used to acquire Shares. See note (c). The interest rate on such borrowings is expected to be approximately 8%.
- (ii) The interest expense savings resulting from the conversion of the LYONS debt, which accreted interest at a rate of 6.5%.
- (f) To adjust the income tax provision. The income tax provision exceeds the federal statutory rate of 35% primarily due to the non-deductible goodwill amortization and state income taxes.
- (g) To reflect the net increase to common equity resulting from Western Resources issuing additional common shares needed to acquire the net remaining Shares of ADT, to reflect the impact of the pro forma adjustments and eliminate ADT's stand-alone equity.
- (h) To reflect the elimination of the equity investment recorded by Western Resources for the 38.3 million Shares presently held as an equity investment and the related short-term debt incurred to finance this equity investment which is to be refinanced with long-term debt. See note (c).
- (i) To reflect the issuance of Western Resources Common Stock in connection with the Offer and the Amalgamation, assuming the Republic Warrant expires unexercised:

Terms of the KCPL Offer allow KCPL shareholders to exchange each KCPL Share held for \$31.00 of Western Resources Common Stock, subject to certain limitations as set forth more fully in the KCPL Prospectus. Pro forma shares and related earnings per share have been calculated assuming an exchange ratio of 1.00405 based on Western Resources' December 13, 1996 closing stock price of \$30.875. This exchange ratio

increases common shares outstanding by approximately 258,000 shares for the nine months ended September 30, 1996 and the twelve month period ended December 31, 1995.

- (j) On July 1, 1996, ADT entered into the Republic Agreement, pursuant to which Republic Sub was to be amalgamated with and into ADT with ADT being the surviving company. Under the terms of the Republic Agreement, ADT granted to Republic the Republic Warrant to purchase 15,000,000 Shares at a purchase price of \$20 per Share, subject to adjustment. The Republic Warrant was to become exercisable for a period of six months following the termination of the Republic Agreement. On September 30, 1996, ADT and Republic jointly announced the termination of the Republic Agreement,

citing uncertainty attributable to market conditions, and amended the Republic Warrant to include certain restrictions on the issuance of Shares pursuant thereto and the transfer of such Shares by Republic to persons with an interest in 10% or more of ADT. As described herein, Western Resources has commenced litigation challenging the validity of the Republic Warrant. See "Litigation." The unaudited pro forma combined financial information assumes the Republic Warrant expires unexercised and Western Resources does not incur any significant costs as a result of any anti-takeover initiatives undertaken by ADT. As described herein, Western Resources is initiating steps to hold a special meeting of the ADT Shareholders, and among other matters, Western Resources will be soliciting proxies in favor of the removal of the present members of the ADT Board and the election of the Western Resources Nominees to the ADT Board, who will then take steps needed to either redeem or amend the Rights Agreement to make it inapplicable to the Offer.

(k) EBITDA represents income before interest expense, income taxes, depreciation and amortization and other income (expenses). EBITDA is a meaningful measure of performance because it is commonly used in the security industry to analyze and compare security companies on the basis of operating performance, leverage and liquidity. Presentation of EBITDA is not in accordance with generally accepted accounting principles and should not be considered an alternative to, or more meaningful than, operating income or operating cash flows. EBITDA does not include amounts required for capital additions or to service outstanding debt obligations.

(l) Represents EBITDA as a percent of operating revenues.

## DESCRIPTION OF WESTERN RESOURCES CAPITAL STOCK

The authorized capital stock of Western Resources consists of 85,000,000 shares of Western Resources Common Stock, par value \$5.00 per share, 4,000,000 shares of Western Resources Preference Stock, 600,000 shares of Western Resources Preferred Stock, par value \$100.00 per share (the "Par Value Preferred Stock") and 6,000,000 shares of preferred stock, without par value (the "No Par Value Preferred Stock"). The Par Value Preferred Stock and the No Par Value Preferred Stock are referred to herein together as the "Western Resources Preferred Stock."

### WESTERN RESOURCES COMMON STOCK

As of December 17, 1996, Western Resources had 64,622,390 shares of Western Resources Common Stock issued and outstanding. The holders of Western Resources Common Stock and Western Resources Preferred Stock, voting as one class, are entitled to one vote per share on all matters requiring stockholder action (except for the election of directors) subject to the special voting rights of holders of Western Resources Preferred Stock and Western Resources Preference Stock described below. In all elections for directors, each holder of Western Resources Preferred Stock or Western Resources Common Stock has the right to cast as many votes in the aggregate as equals the number of shares held by him multiplied by the number of directors to be elected; provided, however, that if the holders of the Western Resources Preferred Stock or the holders of the Western Resources Preference Stock are entitled to vote separately as a class for the election of certain directors, the holders of the Western Resources Common Stock shall be entitled to vote separately as a class for the remaining directors. The holders of Western Resources Preferred Stock are entitled to elect a majority of the board of directors if, and so long as, dividends payable on outstanding Western Resources Preferred Stock are in default in an amount equal to four or more quarterly dividends, whether or not consecutive. The holders of Western Resources Preference Stock are entitled to elect two directors if, and so long as, dividends payable on outstanding Western Resources Preference Stock are in default in an amount equal to six or more quarterly dividends, whether or not consecutive. The holders of the Western Resources Common Stock participate ratably in liquidation, subject to the payment to the holders of the Western Resources Preferred Stock and Western Resources Preference Stock of the preferential amounts to which they are respectively entitled.

Dividends on the Western Resources Common Stock may be declared and paid only out of surplus or net profits legally available for the payment of dividends and only when the full dividends on the Western Resources Preferred Stock and the Western Resources Preference Stock have been paid or declared and a sum sufficient for the payment thereof shall have been set apart. In addition, in the event the Capitalization Ratio (as defined below) is less than 20%, dividends (including the proposed payment) on the Western Resources Common Stock and the Western Resources Preference Stock during the twelve month period ending with and including the date of the proposed payment of such dividends may not exceed 50% of the net income available for dividends during the twelve calendar month period ending with and including the second calendar month immediately preceding the date of the proposed payment of dividends on such shares of capital stock. Similarly, if the Capitalization Ratio is 20% or more, but less than 25%, then the payment of dividends on the Western Resources Common Stock and the Western Resources Preference Stock (including the proposed payment) during the twelve month period ending with and including the date of the proposed payment of such dividends may not exceed 75% of the net income of Western Resources available for dividends for the twelve calendar months ending with and including the second calendar month immediately preceding the date of the proposed payment of dividends on such shares of capital stock. Except as permitted by the provisions of the Western Resources Articles summarized in this paragraph, Western Resources may not pay dividends on the Western Resources Common Stock and the Western Resources Preference Stock which would reduce the Capitalization Ratio to less than 25%. "Capitalization Ratio" is defined to mean the ratio of the capital represented by the Western Resources Common Stock and the Western Resources Preference Stock, including premiums on the capital stock of Western Resources, plus the surplus accounts of Western Resources, to the total capital of Western Resources, plus the surplus accounts of Western Resources, at the end of the second calendar month immediately preceding the date of the proposed payment of dividends, adjusted to reflect the proposed payment of dividends.

## WESTERN RESOURCES PREFERRED STOCK

Western Resources is authorized to issue 6,600,000 shares of Western Resources Preferred Stock, which may be issued from time to time in one or more series, each such series to have such distinctive designation or title as may be fixed by the Western Resources board of directors prior to the issuance of any shares thereof. Each series may differ from each other series already outstanding as may be declared from time to time by the Western Resources Board in the following respects: (i) the rate of dividend; (ii) the amount per share, if any, which the Western Resources Preferred Stock shall be entitled to receive upon redemption, liquidation, distribution or sale of assets, dissolution or winding up of Western Resources; (iii) terms and conditions of conversions, if any; and (iv) terms of sinking fund, redemption or purchase account, if any. As of December 17, 1996, Western Resources had three series of Par Value Preferred Stock outstanding: the 4 1/2% Series (138,576 shares outstanding); the 4 1/4% Series (60,000 shares outstanding); and the 5% Series (50,000 shares outstanding), and no shares of No Par Value Preferred Stock were outstanding.

The Western Resources Preferred Stock has special voting rights which are triggered when dividends on the stock are in default in an amount equal to four or more quarterly dividends, whether or not consecutive. If dividends are not paid for four or more dividend periods on all series of Western Resources Preferred Stock then outstanding, the holders of the Western Resources Preferred Stock are entitled to elect the smallest number of directors necessary to constitute a majority of the full Western Resources board of directors until such unpaid dividends shall be paid. In addition, Western Resources may not, without the consent of the holders of at least two-thirds of the Western Resources Preferred Stock then outstanding, (i) define or specify preferences, qualifications, limitations or other rights for authorized but unissued shares of Western Resources Preferred Stock superior to those of outstanding shares of such stock (except for differences attributable to variations in dividend rates, liquidation preferences and redemption prices) or amend, alter, change or repeal any of the express terms or provisions of the then outstanding Western Resources Preferred Stock in a manner substantially prejudicial to the holders thereof, or (ii) issue or sell any Western Resources Preferred Stock or any class of stock ranking prior to or on a parity with the Western Resources Preferred Stock other than in exchange for or for the purpose of effecting the retirement of not less than a like number of shares of Western Resources Preferred Stock or shares of stock ranking prior to or on a parity therewith or securities convertible into not less than a like number of such shares unless (a) aggregate capital applicable to Western Resources Common Stock and Western Resources Preference Stock plus surplus equals the involuntary liquidation preference of all Western Resources Preferred Stock and any such other stock ranking prior thereto or on a parity therewith and (b) Western Resources' net earnings (as defined) for a period of twelve consecutive calendar months within the fifteen calendar months preceding the date of issuance, available for the payment of dividends, shall have been at least two times the annual dividend requirements on the Western Resources Preferred Stock and on any such other stock ranking prior thereto or on a parity therewith after giving effect to the proposed issuance, and the net earnings (as defined), for the same period, available for payment of interest shall have been at least one and one-half times the sum of annual interest requirements and dividend requirements on Western Resources Preferred Stock and such other stock ranking prior thereto or on a parity therewith after giving effect to the proposed issuance.

The Western Resources Articles also provide that without the consent of the holders of at least a majority of the Western Resources Preferred Stock then outstanding, voting as a class, or if more than one-third shall vote negatively, Western Resources shall not: (i) merge or consolidate with or into any other corporation; (ii) sell, lease or exchange all or substantially all of its property or assets unless the fair value of the net assets of Western Resources after completion of such transaction shall at least equal the liquidation value of all outstanding shares of Western Resources Preferred Stock; or (iii) reacquire or pay any dividends or make any other distribution upon shares of the Western Resources Preference Stock or the Western Resources Common Stock or any other class of the stock of Western Resources over which the Western Resources Preferred Stock has preference with respect to the payment of dividends or the distribution of assets, unless after any such action the sum of (a) the capital of Western Resources represented by the outstanding Western Resources Preference Stock, Western Resources Common Stock or other stock over which the Western Resources Preferred Stock has preference, (b) Western Resources' earned surplus, and (c) any capital surplus of Western Resources, shall not

be less than the sum of \$10,500,000 plus an amount equal to twice the annual dividend requirement on all outstanding shares of the Western Resources Preferred Stock and on any such other stock ranking prior thereto or on a parity therewith.

At Western Resources' 1996 Annual Shareholders Meeting, a proposal was approved to amend the Western Resources Articles by removing the voting rights of the holders of Western Resources Preferred Stock relating to the issuance of unsecured indebtedness.

#### WESTERN RESOURCES PREFERENCE STOCK

Western Resources is authorized to issue 4,000,000 shares of Western Resources Preference Stock, which may be issued from time to time in one or more series, each such series to have such distinctive designation or title as may be fixed by the board prior to the issuance of any shares thereof. Each series may differ from each other series already outstanding, as may be declared from time to time by the Western Resources Board, in the following respects: (i) the rate of dividend; (ii) whether shares of Western Resources Preference Stock are subject to redemption, and if so, the amount or amounts per share which the shares of such series would be entitled to receive in case of redemption, and the terms on which such shares may be redeemed; (iii) the amounts payable in the case of the liquidation, distribution or sale of assets, dissolution or winding up of Western Resources; (iv) terms and conditions of conversion, if any; (v) terms of sinking fund, redemption or purchase account, if any; and (vi) any designations, preferences and relative participating, optional or other special rights and qualifications, limitations or restrictions thereof. As of December 17, 1996, Western Resources had 500,000 shares of 7.58% Series Preference Stock outstanding.

The Western Resources Preference Stock has voting rights which are triggered when dividends on the stock are in default in an amount equal to six or more quarterly dividends, whether or not consecutive. If dividends are not paid for six or more dividend periods, the holders of the Western Resources Preference Stock are entitled to elect two directors to the Western Resources board of directors until such unpaid dividends shall be paid. In addition, Western Resources may not, without the consent of the holders of at least two-thirds of the Western Resources Preference Stock then outstanding, voting as a class, (i) amend, alter, change or repeal any of the express terms and conditions of the then outstanding Western Resources Preference Stock in a manner substantially prejudicial to the holders thereof, or (ii) create any class of stock ranking prior to the Western Resources Preference Stock as to dividends or upon liquidation, or securities convertible into shares ranking prior to the Western Resources Preferred Stock in such respects; provided, no such consent shall be required with respect to the taking of any such action relating to the Western Resources Preferred Stock.

COMPARISON OF THE RIGHTS OF HOLDERS OF SHARES AND WESTERN RESOURCES COMMON STOCK

As a consequence of the exchange of Shares in the Offer, shareholders of ADT, a company incorporated under the laws of Bermuda, will become shareholders of Western Resources, a Kansas corporation. The rights of ADT Shareholders are currently governed by Bermuda law (including the Companies Act), the ADT Memorandum of Association and the ADT Bye-Laws. Upon the exchange of Shares for Western Resources Common Stock, the rights of ADT Shareholders will be governed by Kansas law (including the KGCC), the Western Resources Articles and the Western Resources Bylaws. The following is a summary of certain similarities and material differences between the rights of holders of Shares and the rights of holders of Western Resources Common Stock.

The following summary does not purport to be a complete statement of the rights of ADT Shareholders under Bermuda law, the ADT Memorandum of Association, the ADT Bye-Laws and the Rights Agreement as compared with the rights of Western Resources shareholders under Kansas law, the Western Resources Articles and the Western Resources Bylaws, or a complete description of the specific provisions referred to herein. The summary discusses certain material aspects of the above-mentioned corporate laws and instruments but is qualified in its entirety by reference to such laws and instruments, including the aforementioned instruments of ADT and Western Resources. Complete copies of all such laws and instruments may be obtained in the manner set forth above under the caption "Available Information."

Voting at Meetings. Pursuant to Section 77 of the Companies Act, any question proposed for consideration at a general meeting shall be decided on a simple majority of votes or by such majority as the bye-laws of a company may prescribe. Section 77 of the Companies Act provides that it is lawful for any question proposed for consideration at a general meeting to be decided on a show of hands in which each shareholder present in person or by proxy is entitled to one vote and casts such vote by raising his hand. However, before or on the declaration of the result of a show of hands, a poll may be demanded by (i) the Chairman of the meeting, (ii) at least three shareholders present in person or represented by proxy, (iii) any shareholder or shareholders present in person or represented by proxy holding between them one-tenth of the total voting rights of all the shareholders entitled to vote at such meeting, or (iv) a shareholder or shareholders present in person or represented by proxy holding shares in such company conferring the right to vote at such meeting and on which an aggregate sum has been paid up equal to not less than one-tenth of the total sum paid up on all such shares conferring such right. Where a poll has been demanded, every shareholder present in person or by proxy is entitled to one vote for each share held by him.

Section 17-6502 of the KGCC provides that unless otherwise provided in the articles of incorporation of a Kansas corporation and subject to K.S.A. 17-6503, each shareholder of a Kansas corporation is entitled to one vote for each share of capital stock held by such shareholder. The KGCC makes no provision for voting by a show of hands.

Special Meetings of Shareholders. Pursuant to section 74 of the Companies Act and Bye-Law 42 of the ADT Bye-Laws, the ADT Board is required, on the written requisition of shareholders of ADT holding at the date of the deposit of the requisition not less than one-tenth of the paid-up capital of ADT as at the date of the deposit carries the right of voting at general meetings of ADT, to convene a special general meeting of ADT. If the directors do not within twenty-one days from the date of the deposit of the requisition convene a meeting, the requisitionists, or any of them representing more than one half of the total voting rights of all of them, may themselves convene a meeting, but any meeting so convened may not be held after the expiration of three months from the date of deposit of the requisition.

Section 17-6501(e) of the KGCC provides that special meetings of shareholders may be called by the board of directors or by such person or persons as may be authorized by the articles of incorporation or bylaws. The Western Resources Bylaws provide that a special meeting of shareholders may be called by the Western Resources Board, or by the Chairman or the President of Western Resources.

Number of Directors. Section 91(1) of the Companies Act provides that the affairs of a company shall be managed by not less than two directors, who shall be individuals elected in the first place at the statutory meeting and thereafter at each annual general meeting of the company or elected or appointed by the shareholders in such other manner and for such term as may be provided in the company's bye-laws. Section 91(2) of the Companies Act provides that shareholders at a general meeting of a company may authorize the directors of the company to elect or appoint on their behalf an individual or individuals to act as additional directors up to a maximum determined by the shareholders in general meeting. Bye-Law 52(A) of the ADT Bye-Laws provides that the number of directors shall be such number, not less than two, as the shareholders in general meeting may from time to time determine.

Section 17-6301(b) of the KGCC provides that the board of directors of a corporation shall consist of one or more members. The number of directors shall be fixed by, or in the manner provided in, the bylaws, unless the articles of incorporation establish the number of directors, in which case a change in the number of directors shall be made only by amendment of the articles of incorporation. The Western Resources Articles provide that the number of directors shall not be less than seven nor more than fifteen, the precise number to be set by the Western Resources Board, provided that unless approved by a majority of shareholders entitled to vote, the number of directors shall not be reduced if such reduction will shorten the term of an existing director.

Advance Notice of Shareholder Nominations of Directors. Under Bye-Law 52(B) of the ADT Bye-Laws, no person, other than a director retiring at a general meeting of shareholders, shall, unless recommended by the ADT Board, be eligible for election to the office of director at any general meeting unless not less than six and not more than twenty-eight clear days before the day appointed for the meeting there has been given to the Secretary of ADT notice in writing by some shareholder (not being the person to be proposed) entitled to attend and vote at the meeting for which such notice is given of such shareholder's intention to propose such person for election and also notice in writing signed by the person to be proposed of such person's willingness to be elected.

The Western Resources Articles provide a similar advance notice provision. Nominations of persons for election to the Western Resources Board may be made at a meeting of shareholders by any shareholder, provided that the Secretary of Western Resources receives written notice not less than thirty-five days nor more than fifty days prior to the meeting. In the event that less than forty-five days' notice or prior public disclosure of the date of the meeting is given or made by Western Resources to shareholders, the notice of nomination must be received not later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or public disclosure was made. For notice by the shareholder to be timely, it must be received in any event not later than the close of business on the seventh day preceding the day on which the meeting is to be held. Such notice shall contain (i) the names of the nominees and all other information required to be disclosed in a proxy statement, (ii) the name and address of the shareholder making the nomination, (iii) a representation that the shareholder is a holder of record of the stock entitled to vote at the meeting on the date of the notice and intends to appear in person or by proxy at the meeting to nominate the person specified in the notice and (iv) a description of all arrangements or understandings between the shareholder and each nominee and any other person on whose behalf such nominations are being made.

Shareholder Proposal Procedures. Other than advance notice requirements for shareholder proposals involving the election or removal of directors or amendments to the ADT Bye-Laws, neither the Companies Act nor the ADT Bye-Laws require advance notice (other than notice of the meeting itself) of shareholder proposals prior to a meeting of shareholders.

The Western Resources Articles permit any shareholder who is a holder of record at the time of giving the required notice and who is entitled to vote at the shareholders meeting, to bring business before such shareholders meeting. Required notice must be received by the Secretary of Western Resources not less than thirty-five days nor more than fifty days prior to the meeting. In the event that less than forty-five days' notice or prior public disclosure of the date of the meeting is given or made by Western Resources to shareholders, the notice must be received not later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or public disclosure was made. For notice by the shareholder to be timely, it must be

received in any event not later than the close of business on the seventh day preceding the day on which the meeting is to be held. The notice shall contain (i) a brief description of the business desired to be brought forth and the reasons for considering the business, (ii) the name and address of the shareholder as they appear on the books of Western Resources, (iii) a representation that such shareholder is a holder of record of the stock entitled to vote at the meeting on the date of the notice and intends to appear in person or by proxy to present the business specified in the notice and (iv) disclosure of any material interest of the shareholder in such proposal.

Classification of Board of Directors. The ADT Board is not classified and the ADT Bye-Laws do not contemplate a classified board.

Section 17-6301(d) of the KGCC provides that the directors of any corporation may be divided into one, two or three classes by the articles of incorporation or by the corporation's initial bylaws, or by bylaws adopted by a vote of the shareholders; the term of office of those of the first class to expire at the annual meeting next ensuing, of the second class one year thereafter, of the third class two years thereafter, and at each annual election held after such classification and election, directors shall be chosen for a full term, as the case may be, to succeed those whose terms expire. The Western Resources Bylaws provide for three classes of directors as nearly equal in number as possible with no class containing fewer than two directors and with each director holding office for a term of three years.

Cumulative Voting. Both the Companies Act and the KGCC allow, but do not require, cumulative voting for the election of directors. Under the ADT Bye-Laws, ADT Shareholders do not have cumulative voting rights for the election of directors. The Western Resources Bylaws provide for cumulative voting of all shares entitled to vote for the election of directors. Each holder of shares eligible to vote for the election of directors may cast a number of votes in the aggregate equal to the number of shares held by that holder multiplied by the number of directors to be elected, and such votes may be cast for one candidate or distributed among two or more candidates at the shareholder's discretion.

Removal of Directors; Filling Vacancies on the Board of Directors. Section 93 of the Companies Act provides that, subject to a company's bye-laws, the shareholders of a company may at a special general meeting called for that purpose remove a director, provided that notice of any such meeting shall be served on the director concerned not less than fourteen days before the meeting and that the director shall be entitled to be heard at the meeting.

Bye-Law 71 of the ADT Bye-Laws provides that any director may at any time be removed from office as a director of ADT either by resolution of the ADT shareholders to that effect or upon a written resolution specifying that a director has been so removed and signed by all the other directors of ADT. Bye-Law 57 of the ADT Bye-Laws provides that the remaining directors have the power from time to time and at any time to appoint any qualified person to fill a casual vacancy in the board of directors who shall hold office until the next following annual general meeting, and the existing directors may act notwithstanding any vacancy in their number.

Section 17-6301 of the KGCC provides that any director or the entire board of directors may be removed, with or without cause, by the holders of a majority of shares then entitled to vote at an election of directors, except that in the case of a corporation having a classified board of directors, such as Western Resources, shareholders may remove a director only for cause, unless the articles of incorporation provide otherwise. Under the Western Resources Articles and the Western Resources Bylaws, no director, other than one elected because of a default in the payment of dividends on Western Resources Preferred Stock or Western Resources Preference Stock, may be removed except for cause. Pursuant to Section 17-6301 of the KGCC, if less than the entire board of a corporation with cumulative voting is to be removed, no director may be removed without cause if the votes cast against such director's removal would be sufficient to elect such director if then cumulatively voted at an election of the entire board of directors or, if the corporation has classes of directors, as does Western Resources, at an election of the class of directors of which such director is a part.

Pursuant to the Western Resources Bylaws, vacancies in the Western Resources Board caused by death, resignation or otherwise may be filled at any meeting of the Western Resources Board and the replacement directors shall serve until the next annual meeting of shareholders and until their successors are elected and qualified.

Shareholder Action by Written Consent. Pursuant to Section 77A of the Companies Act, anything which may be done by resolution of a company in general meeting or by resolution of a meeting of any class of the shareholders of a company may, without a meeting and without any previous notice being required, be done by resolution in writing signed by all of the shareholders of the company who at the date of the resolution would be entitled to attend the meeting and vote on the resolution; provided, however, that no action by unanimous written consent shall be valid if taken with respect to a resolution to remove either a director or an auditor before the expiration of such director's or auditor's term of office.

Under Section 17-6518 of the KGCC, any action which may be taken by shareholders at any annual or special meeting may be taken without a meeting by unanimous written consent, unless otherwise provided in the articles of incorporation.

Preemptive Rights. No shareholder of ADT or Western Resources has preemptive rights with regard to shares of common or preferred stock.

Amendment of ADT Memorandum of Association and Western Resources Articles. Section 12 of the Companies Act provides that a company may, with the consent of the Minister of Finance, by resolution passed at a general meeting of members of which due notice has been given, alter the provisions of its memorandum of association.

The Western Resources Articles provide that unless and until a specific provision for amending the Western Resources Articles is specially adopted, Western Resources reserves the right, except as otherwise provided, to amend, alter, change or repeal any provision contained in the Western Resources Articles in the manner now or hereafter prescribed by the applicable provisions of the laws of the State of Kansas for amending the articles of incorporation of a Kansas corporation, and all rights conferred upon shareholders are granted subject to such reservation.

The KGCC provides that in connection with every amendment authorized by Section 17-6602 of the KGCC, the board of directors shall adopt a resolution setting forth the amendment proposed, declaring its advisability, and either calling a special meeting of the shareholders entitled to vote for the consideration of such amendment or directing that the amendment proposed be considered at the next annual meeting of the shareholders. Kansas law further provides that such special or annual meeting shall be called and held upon notice in accordance with the manner for the giving of notice of meetings of shareholders. The notice shall set forth such amendment in full or a brief summary of the changes to be effected. If a majority of the outstanding stock entitled to vote thereon and a majority of the outstanding stock of each class entitled to vote thereon as a class have been voted in favor of the amendment, a certificate setting forth the amendment and certifying that such amendment has been duly adopted shall be executed, acknowledged, filed and recorded.

Amendment of Bylaws. Pursuant to Bye-Law 101 of the ADT Bye-Laws and Section 13(5) of the Companies Act, the ADT Board may amend the ADT Bye-Laws, provided that no such amendment will be operative unless and until it is confirmed by the ADT Shareholders at a general meeting of ADT.

The Western Resources Board may make and from time to time alter, amend or repeal any Western Resources Bylaw, subject to the power of the shareholders to amend, alter or repeal the Western Resources Bye-Laws. The provisions of the Western Resources Bylaws regarding the classification of the Western Resources board of directors, the filling of vacancies by directors and the removal of directors may not be amended without the affirmative vote of at least 80% of the outstanding shares of Western Resources entitled to vote.

Interested Directors. Under Bye-Law 64 of the ADT Bye-Laws, no director is disqualified from contracting with ADT and no contract will be avoided by reason of such director holding that office or of the fiduciary relationship thereby established if the requisite disclosure by the interested director is made. Bye-Law 64(7) of the ADT Bye-Laws indicates that a director who to his knowledge is in any way, whether directly or indirectly, interested in a contract or arrangement with ADT shall declare the nature of his interest at the meeting of the directors at which the question of entering into the contract or arrangement is first taken into consideration, if he knows his interest then exists, or in any other case at the first meeting of the directors after he knows that he is or has become so interested.

Under Section 17-6304 of the KGCC, no contract or transaction between a corporation and one or more of its directors or officers or any other corporation or organization in which such directors or officers are directors or officers or have a financial interest shall be void or voidable solely because the directors or officers are present at or participate in the meeting of the board or committee which authorizes the contract or transaction, or solely because such directors' or officers' votes are counted for such purposes if: (1) the material facts as to the relationship or interest and the contract or transaction are disclosed or known to, and the board or committee authorized the contract or transaction by, a majority of the disinterested directors; (2) the material facts are disclosed or known to shareholders entitled to vote thereon and the contract or transaction is approved by them in good faith; or (3) the contract or transaction is fair as to the corporation as of the time it is authorized or approved.

#### Business Combinations.

Article XVII of the Western Resources Articles provides that an affirmative vote of at least 80% of the voting stock of Western Resources and the affirmative vote of at least a majority of the voting stock held by shareholders other than an Interested Shareholder shall be required for the approval or authorization of any Business Combination with an Interested Shareholder; provided, however, that the 80% and majority voting requirements shall not be applicable if: (a) the Business Combination shall have been approved by a majority of the Continuing Directors; or (b) the cash or the Fair Market Value (as determined by a majority of the Continuing Directors) of the property, securities or other consideration to be received in such Business Combination is not less than the highest per share price paid on behalf of the Interested Shareholder for any shares of the Western Resources stock.

"Business Combinations" requiring such a vote include: (i) any merger or consolidation of Western Resources or any of its subsidiaries with any Interested Shareholder; (ii) any sale, lease, exchange, transfer or other disposition of any substantial part of the assets of Western Resources or a subsidiary to an Interested Shareholder; (iii) the issuance of any securities of Western Resources or a subsidiary to an Interested Shareholder other than an issuance on a pro rata basis to all holders of shares pursuant to a stock split or dividend; (iv) any recapitalization or reclassification that would increase the proportionate voting power of an Interested Shareholder; (v) the adoption of any plan or proposal for the liquidation or dissolution of Western Resources proposed on behalf of an Interested Shareholder; (vi) any sale, lease, exchange, transfer or other disposition of all or a substantial part of the assets of an Interested Shareholder to Western Resources or one of its subsidiaries; or (vii) any agreement, contract, arrangement or understanding providing for any of the above transactions. For purposes of the foregoing provisions, an "Interested Shareholder" is defined as (i) any individual, corporation, partnership or other person or entity which, together with its "Affiliates" or "Associates" as such terms are defined in Rule 12b-2 under the Exchange Act, beneficially owns, as such term is defined in Rule 13d-3 under the Exchange Act, in the aggregate 10% or more of the outstanding Voting Stock and (ii) any Affiliate or Associate of such Interested Shareholder; "Continuing Directors" is defined as any director who was a director prior to the Interested Shareholder becoming an Interested Shareholder; "Substantial Part" means 10% or more of the Fair Market Value of Western Resources's total consolidated assets as reflected in the most recent end of year balance sheet; "Voting Stock" is defined as all of the outstanding shares of common stock and preferred stock of Western Resources, with each reference to a proportion of shares of Voting Stock referring to such proportion of the votes entitled to be cast by such shares; and "Fair Market Value" is defined as: (i) in the case of stock, the highest closing sale price during the 30-day period immediately prior to the date in question of a

share of such stock on the NYSE or such other exchange or quotation system; and (ii) in the case of property other than cash or stock, the fair market value of such property on the date in question as determined by a majority of the Continuing Directors.

The affirmative vote of 80% of the voting stock of Western Resources and the affirmative vote of a majority of the voting stock other than the stock held by an Interested Shareholder shall be required to amend, repeal or adopt any provision inconsistent with Article XVII of the Western Resources Articles.

Neither Bermuda law nor ADT's Bye-Laws provide similar restrictions on transactions with Interested Shareholders.

ADT Bye-Law 104. Pursuant to Bye-Law 104(1)(A) of the ADT Bye-Laws, where any person is or becomes "interested" in Shares, whether as a result of one transaction or a series of transactions, in circumstances in which such person would be obligated to make an offer to shareholders of ADT or to the holders of every class of securities convertible into, or of rights to subscribe for, share capital of ADT under the Rules of the City Code, the ADT Board may require such person to make such an offer under the City Code as if the City Code applied to ADT, provided that references in the City Code to the "Panel" will be construed as if they were references to the ADT Board. Rule 9 of the City Code, as it is applied by the ADT Bye-Laws, provides that, except with the consent of the ADT Board, when any person (and persons acting in concert with such person) acquires shares which carry 30% or more of the voting rights of a company, such person must make an offer for all shares of that class (whether voting or non-voting). The offer must be for cash or offer a cash alternative, in each case at not less than the highest price paid (in cash or otherwise) for shares of the same class by the offeror, or anyone acting in concert with the offeror, during the offer period and within the 12 months prior to commencement of the offer.

Section 104(1)(B) of the ADT Bye-Laws provides that when any person has acquired, is in the process of acquiring, or appears to the ADT Board likely to acquire an interest in the capital stock of ADT in circumstances in which such person would be subject to the SARs, the ADT Board may give notice requiring such person to comply with the SARs, and if such person fails to comply, give further notice requiring such person to dispose or to procure the disposal by any person with whom such person has acted in concert of any interest in shares acquired within 30 days of the expiration of such notice. The SARs provide that a person may not, in any period of seven days, acquire shares representing 10% or more of the voting rights in a company if such shares, aggregated with shares already held by the purchaser, would carry 15% or more but less than 30% of the voting rights of such company. The SARs do not apply to an acquisition from a single shareholder if such acquisition is the only acquisition within a seven-day period. The SARs also do not apply to a person who acquires 30% or more of the voting rights in a company.

Pursuant to Bye-Law 104(3) of the ADT Bye-Laws, where any person is interested, whether as a result of a series of transactions over a period of time or not, in 30% or more of the outstanding Shares, the ADT Board may demand that a cash offer for all of the outstanding voting or non-voting securities of ADT be made if the ADT Board determines that an offer pursuant to Bye-Law 104(1)(A) of the ADT Bye-Laws is not expedient or if a person required to make such an offer fails to do so. Pursuant to Bye-Law 104(4) of the ADT Bye-Laws, if the ADT Board serves a notice under Bye-Law 104(3) of the ADT Bye-Laws, the ADT Board may also require that the offeror offer to purchase securities of ADT convertible into voting or non-voting shares of ADT on terms considered "fair and reasonable" by the ADT Board in its sole discretion. Such offer must be made within 30 days of the demand.

Unless the ADT Board otherwise agrees, an offer for each class of ADT capital stock under Bye-Laws 104(3) and 104(4) of the ADT Bye-Laws must be for cash or must offer a cash alternative at not less than the highest price paid by the offeror or any person acting in concert with it for shares of such class within the preceding 12 months. Such offer must remain open for at least 14 days after the date on which it becomes unconditional as to acceptances and, in the case of an offer under Bye-Law 104(3), must provide that all shares will be purchased within 21 days of the offer becoming unconditional in all respects.

Unless the ADT Board otherwise agrees, the offers under Bye-Laws 104(3) through 104(5) of the ADT Bye-Laws must be for cash or a cash alternative at not less than the highest price paid by the offeror or any person acting in concert for shares or convertible securities of such class within the preceding 12 months or, if unavailable or inappropriate, at a price fixed by the directors. Such offer must remain open for at least 14 days after the date on which it becomes unconditional as to acceptances and must provide that all shares will be purchased within 21 days of the offer becoming unconditional in all respects.

The foregoing does not purport to be a complete description of Bye-Law 104. ADT Shareholders are urged to, and should, read Bye-Law 104, a copy of which is included herein as Schedule C.

Neither the Western Resources Articles nor the Western Resources Bylaws contain a similar provision.

Shareholder Rights Plan. As described above in "The Offer--Conditions of the Offer--Rights Agreement," ADT has entered into the Rights Agreement pursuant to which Shares in issue on or after November 15, 1996 entitle the holder thereof to one Right, subject to certain exceptions.

Western Resources is not party to any similar agreement.

#### VOTING RIGHTS IN CONNECTION WITH BUSINESS COMBINATIONS

Generally. Pursuant to Section 106 of the Companies Act, a company's board of directors must submit an amalgamation agreement for shareholder approval and, unless the company's bye-laws provide otherwise, must obtain the approval of the holders of at least three-fourths of those voting at a general meeting of shareholders at which a requisite quorum is present. The ADT Bye-Laws do not currently provide for any vote specific to amalgamations although, if elected, the Western Resources Nominees intend to propose an amendment to the ADT Bye-Laws providing that an amalgamation may be approved by the holders of a simple majority of Shares voted at a general meeting of ADT. An amendment to the ADT Bye-Laws may be accomplished by the affirmative vote of a simple majority of Shares voted at a general meeting of ADT. Bye-Law 43 of the ADT Bye-Laws provides that the quorum necessary for a general meeting of shareholders to approve an amalgamation agreement is two persons holding Shares and present in person or represented by proxy.

Section 17-6701 of the KGCC provides that an agreement of merger or consolidation shall be approved by resolution adopted by the board of directors of the corporation and approved by a majority of the outstanding stock entitled to vote thereon, subject to certain exceptions.

Preferred Shares. Section 106(4) of the Companies Act provides that the holders of a class of shares of an amalgamating company are entitled to vote separately as a class in respect of an amalgamation if the amalgamation agreement contains a provision which would constitute a variation of the rights attaching to any such class of shares.

The Western Resources Articles provide that so long as Western Resources Preferred Stock (as defined herein) is outstanding, Western Resources may not merge or consolidate with any other corporation without the consent of the holders of at least a majority of the outstanding shares of Western Resources Preferred Stock voting separately as a class or, if more than one-third of such holders of the Western Resources Preferred Stock shall vote negatively, the vote of the percentage or number of shares of any and all classes required by the law or the holders of Western Resources Articles; provided, however, that no consent of the holders of Western Resources Preferred Stock shall be required, except as otherwise required by law, with respect to (i) any merger or consolidation approved by the Commission under the Public Utility Holding Company Act of 1935 or (ii) if provision for redemption of the Western Resources Preferred Stock is made prior to the effective time of the merger or consolidation.

Appraisal Rights. Pursuant to Section 106(6) of the Companies Act, any shareholder who did not vote in favor of an amalgamation and who is not satisfied that he has been offered fair value for his shares may within one month of the giving of the notice of a meeting of shareholders to consider such amalgamation apply to the

Court to appraise the fair value of such shareholder's shares. Within one month of the Court appraising the fair value of any shares, the company is entitled either to pay to the dissenting shareholder an amount equal to the value of his or her shares as appraised by the Court, or to terminate the amalgamation.

Section 17-6712 of the KGCC provides that a shareholder has the right to dissent from and receive payment of the value of such shares in the event of the consummation of a plan of merger or consolidation in which the shareholder objected to the plan in writing and held shares which were either not entitled to vote or were not voted in favor of the merger or consolidation. The KGCC further provides, however, that unless otherwise provided in the articles of incorporation of a Kansas corporation, this section does not apply to the holders of any class or series which, on the record date, were either registered on a national securities exchange or were held of record by at least 2,000 shareholders.

Bye-Law 46 of the ADT Bye-Laws. Subject to any rights or restrictions attached to any class of shares of ADT, ADT shareholders present in person or by proxy at any meeting of ADT shall be entitled on a poll to one vote for each share held by such shareholders. However, a ADT shareholder is not entitled (except as a proxy for another shareholder) to be present or vote at any meeting if such shareholder (i) has been served with a notice under Bye-Law 104 stating (a) that such shareholder must make an offer in accordance with Bye-Law 104, and (b) upon failure to make such an offer before the expiration of a specified period not exceeding twenty-eight days or, having made such an offer, upon otherwise failing to comply with the provisions of Bye-Law 104, such shareholder will lose the right to vote, and (ii) such shareholder fails to make a timely offer or remedy the noncompliance.

A shareholder of ADT also loses the right to vote if such shareholder (i) acquires three percent or more of the issued share capital of any class of ADT, either alone or with others, and fails to notify ADT thereof within two days or, already possessing three percent or more, the shareholder fails to notify ADT of a change in the shareholder's interests amounting to one percent or more of the share capital of any class and (ii) such person and the registered holder of such Shares receives a notice from the ADT Board stating that the registered holder of such Shares shall not be entitled to vote during a period of one hundred and eighty days. Also pursuant to Bye-Law 46 of the ADT Bye-Laws, any person who (i) is known or believed by ADT to be interested in Shares of ADT, (ii) has been served a notice by ADT requesting specified information regarding such person's interests in Shares in ADT and stating that upon failure to provide the information within a specified period, the shareholder will lose the right to vote, and (iii) such person fails to comply with the notice within the specified period, shall also lose the right to vote for the period during which such person fails to comply with the notice plus an additional ninety days.

The foregoing does not purport to be a complete description of Bye-Law 46 of the ADT Bye-Laws. ADT Shareholders are urged to, and should, read Bye-Law 46 of the ADT Bye-Laws, a copy of which is included herein as Schedule D.

Kansas Control Share Transaction Provision. Pursuant to Section 17-1286 of the KGCC (the "Kansas Control Share Acquisition Provision"), control shares are shares of an issuing public corporation that would, except for application of the statute, entitle their holder to exercise or direct the exercise of voting power in the election of directors within certain specified ranges (one-fifth or more but less than one-third, one-third or more but less than a majority, a majority or more). A control share acquisition is an acquisition, directly or indirectly, by any person of ownership of, or power to direct the voting of, control shares, either pursuant to a single transaction or various transactions within a 120-day period, or pursuant to a plan to make a control share acquisition.

This provision applies to shares of an issuing public corporation which has 100 or more shareholders, a principal place of business, principal office or substantial assets in Kansas and either more than 10% of its shareholders resident in Kansas, at least 10% of its shares owned by Kansas residents or at least 2,500 shareholders resident in Kansas. Western Resources meets these criteria and is thus an issuing public corporation in Kansas.

Control shares acquired in a control share acquisition have the same voting rights as before the acquisition only to the extent approved by a majority of all shares entitled to vote in the election of directors and a majority of all shares entitled to vote in the election of directors, excluding all interested shares. An acquiring person can request a special meeting of shareholders to consider the voting rights that will attach to his or her control shares.

Interested shares are those over which (i) a person or member of a group that makes or proposes to make a control share acquisition, (ii) an officer of the issuing public corporation, or (iii) an employee of the issuing public corporation who is also a director, exercises voting power in the election of directors.

An issuing public corporation can opt out of the Kansas Control Share Acquisition Provision with a provision in either its articles of incorporation or its bylaws stating that it does not apply. The opt-out is effective only with regard to control share acquisitions which occur after the opt-out has been adopted. The Western Resources Articles and the Western Resources Bylaws do not contain an opt-out at this time.

Unless otherwise provided in the corporation's bylaws or articles of incorporation, control shares may be redeemed if an acquiring person statement has not been delivered to the corporation by the tenth day after the control share acquisition, or if a statement has been filed but the shareholders have voted not to accord voting rights to the control shares. A call for redemption must occur within 30 days after the event that gives the corporation the option to call for redemption the shares and the shares must be redeemed within 60 days of such call.

The definition of "control share acquisition" sets forth certain exceptions, including, without limitation, the acquisition of shares in certain statutory mergers or consolidations to which the issuing public corporation is a party.

Bermuda does not have a similar statute.

Kansas Business Combination Statute. The KGCC prohibits, subject to certain exceptions set forth therein, various business combinations with "interested stockholders" (as hereafter described) including mergers or consolidations of the corporation, or of any direct or indirect majority-owned subsidiary of the corporation, for a period of three years following the date such stockholder became an interested stockholder unless (a) prior to such date the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder, (b) upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced (determined in accordance with the KGCC), or (c) on or subsequent to such date the business combination is approved by the board of directors and authorized at an annual or special meeting of the shareholders of the corporation (but not by written consent of the shareholders), by the affirmative vote of at least 66 2/3% of the outstanding voting shares of the corporation which are not owned by the interested stockholder. "Interested stockholder" means, subject to certain exceptions, any person, other than the corporation or any direct or indirect majority-owned subsidiary of the corporation, that is (i) the owner of 15% or more of the outstanding voting stock of the corporation, or (ii) an affiliate or associate of the corporation and was the owner of 15% or more of the outstanding voting stock of the corporation at any time within the three-year period immediately prior to the date on which it is sought to be determined whether such person is an interested stockholder, and the affiliates and associates of such person.

Bermuda does not have a similar statute.

Section 102 of the Companies Act. Section 102 of the Companies Act provides that where a scheme or contract involving the transfer of shares in a company (the "transferor company") to another company (the "transferee company") has, within four months after the making of the offer, been approved by the holders of not less than nine-tenths in value of the shares whose transfer is involved, other than shares already held at the date of the offer by, or by a nominee for, the transferee company or its subsidiary, the transferee company may, within two months from the expiration of the four month period, give notice to any dissenting shareholder that it

desires to acquire his shares, and then such transferee company shall be entitled and bound, unless upon application by the dissenting shareholder the Court orders otherwise, to acquire such shares on the terms on which shareholders that approved such scheme or contract transferred their shares. The transferor company must offer the same terms to all holders of shares of the same class as the shares which are the subject of such offer.

Where shares in the transferor company of the same class as the shares whose transfer is involved are already held by the transferee company to a value greater than one-tenth of the aggregate of their value and that of the shares whose transfer is involved, the holders who approve the scheme or contract, besides holding not less than nine-tenths in value of the shares, must also be not less than three-fourths in number of the holders of those shares. For the purpose of Section 102 of the Companies Act, "dissenting shareholder" includes a shareholder that has not assented to a scheme or contract and any shareholder that has failed or refused to transfer shares to the transferee company.

Within one month of the transfer of nine-tenths in value of the transferor company's shares to the transferee company, or to its nominee or subsidiary, the transferee company shall notify the holders of the remaining shares of such transfer. Within three months of the giving of notice, any such remaining holder of shares may require the transferee company to acquire his shares, and the transferee company shall be required to acquire such shares on the same terms as provided for in the scheme or contract or upon such terms as may be agreed or upon such terms as the Court may determine upon application of the transferee company or the shareholder.

Section 103 of the Companies Act. Pursuant to Section 103 of the Companies Act, a holder or holders of not less than 95% of the shares of any class of shares in a Bermuda company may give notice to the remaining shareholders or class of shareholders of the intention to acquire their shares on the terms set out in the notice. Section 103 provides that when such notice is given, the acquiring holder or holders shall be entitled and bound to acquire the shares of the remaining shareholders on the terms set out in the notice unless a remaining shareholder applies to the Court for an appraisal under Section 103(2). A shareholder to whom a notice has been given pursuant to Section 103 may within one month of receiving the notice apply to the Court to appraise the value of the shares to be purchased from him, and the acquiring holder or holders is entitled to acquire the shares at the price fixed by the Court or cancel the notice given pursuant to Section 103.

Merger of Parent Corporation and Subsidiary Corporation under Section 17-6703 of the KGCC. Under Section 17-6703 of the KGCC, where 90% of the outstanding shares of each class of stock of a corporation is owned by another corporation, and one such corporation is a Kansas corporation and the other is a Kansas corporation or a corporation of any other state or states or of the District of Columbia, and the laws of such other state or states or the District of Columbia permit a corporation of such jurisdiction to merge with a corporation of another jurisdiction, the corporation that has such ownership may merge such other corporation into itself, or may merge itself into such other corporation by executing, acknowledging and filing a certificate of ownership and merger. If the parent corporation is not the surviving corporation, the certificate of ownership and merger must state the proposed merger was adopted by a majority of the outstanding stock of the parent corporation entitled to vote thereon. In the event that all of the stock of a subsidiary Kansas corporation party to a merger under Section 17-6704 of the KGCC is not owned by the parent corporation, the Shareholders of such subsidiary Kansas corporation have appraisal rights under Kansas law.

Directors' Standard of Care and Indemnification. Bye-Law 102 of the ADT Bye-Laws provides that every director, secretary and other officer of ADT shall be indemnified by ADT against all costs, losses and expenses which any such officer may incur or become liable for by reason of any contract entered into, or any act or thing done by such officer or in any way in the discharge of such officer's duties, provided that the indemnity contained in the ADT Bye-Laws shall not extend to any matter which would render it void under the Companies Act.

Section 98 of the Companies Act permits a company to indemnify its officers and employees in respect of any loss arising or liability attaching to such persons by virtue of any rule of law in respect of any negligence, default, breach of duty or breach of trust of which the officer or employee may be guilty in relation to the

company or any subsidiary thereof; provided, however, that the company shall not indemnify an officer or employee against any liability arising out of any fraud or dishonesty of which such person may be guilty.

Bye-Law 103 of the ADT Bye-Laws further provides that no director, secretary or other officer of ADT shall be liable for (i) the acts, receipts, neglects or defaults of any other director or officer of ADT, (ii) joining in any receipt or other act for conformity, (iii) any loss or expense happening to ADT through the insufficiency or deficiency of title to any property acquired by order of the directors for or on behalf of ADT, (iv) the insufficiency or deficiency of any security in or upon which any of the monies of ADT shall be invested, (v) any loss or damage arising from the bankruptcy, insolvency or tortious act of any person with whom any monies, securities or effects shall be deposited, (vi) any loss occasioned by any error of judgment, omission, default, or oversight on such person's part, or (vii) any other loss, damage or misfortune that may happen in relation to the execution of the duties of such person's office or in relation thereto, unless the same happens through such person's own willful negligence, willful default, fraud or dishonesty.

Under Section 97(1) of the Companies Act, every officer of a Bermuda company in exercising his powers and discharging his duties is required to act honestly and in good faith with a view to the best interests of the company, and to exercise the care, diligence and skills that a reasonably prudent person would exercise in comparable circumstances.

The Western Resources Articles provide that each person who was or is or is threatened to be made a party to, or is involved in, any action, whether civil, criminal, administrative or investigative, by reason of the fact that he or she, or a person of whom he or she is the legal representative, is or was a director or officer, of Western Resources or is or was serving at the request of Western Resources as a director, officer, employee or agent of another corporation or other enterprise including service with respect to employee benefit plans, whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, officer, employee or agent, shall be indemnified and held harmless by Western Resources to the fullest extent authorized by the KGCC.

The KGCC does not provide for a standard of care or affix fiduciary duties to corporate directors but does permit indemnification of directors. Pursuant to Section 17-6305 of the KGCC, a corporation shall have power to indemnify any person who was or is, or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the corporation, by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or other enterprise if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe such person's conduct was unlawful. A corporation may indemnify any such person who was or is a party, or is threatened to be made a party, to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation (except in certain circumstances where such person has been adjudged to be liable to the corporation). The indemnification described above may cover expenses, judgments and amounts paid in settlement, and is not exclusive of any other rights to which such person seeking indemnification may be otherwise entitled.

Dividends; Declarations and Payments. Under Section 54 of the Companies Act, a company shall not declare or pay a dividend, or make a distribution out of contributed surplus, if there are reasonable grounds for believing that either the company is, or would after the payment be, unable to pay its liabilities as they became due, or that the realizable value of the company's assets would thereby be less than the aggregate of its liabilities and its issued share capital and share premium accounts.

Under Section 17-6420 of the KGCC, the directors of a corporation, subject to any restrictions contained in its articles of incorporation, may declare and pay dividends upon the shares of its capital stock either (1) out of

its surplus, as defined in and computed in accordance with Sections 17-6404 and 17-6604 of the KGCC, or (2) in case there shall be no such surplus, out of its net profits for the fiscal year in which the dividend is declared or the preceding fiscal year. If the capital of the corporation shall have been diminished by depreciation in the value of its property, or by losses, or otherwise, to an amount less than the aggregate amount of the capital represented by the issued and outstanding stock of all classes having a preference upon the distribution of assets, the directors of such corporation shall not declare and pay out of such net profits any dividends until the deficiency in the amount of capital represented by the issued and outstanding stock of all classes having a preference upon the distribution of assets shall have been repaired.

## BYE-LAW 104. TAKE-OVER OFFERS FOR THE COMPANY

- (1) (A) Where any person is or becomes interested, whether as a result of transactions over a period of time or not, in shares in the capital of the Company in circumstances in which he would be obliged to make or extend an offer or offers to shareholders or holders of other securities or rights referred to in paragraph (4) below of the Company under the Rules for the time being of the City Code on Takeovers and Mergers of the United Kingdom of Great Britain and Northern Ireland (the "City Code", which expression shall include any revision or modification thereof) issued by the Panel on Takeovers and Mergers ("the Panel", which expression shall include any body which succeeds to the functions of the said Panel) if the Company was a company incorporated in the United Kingdom of Great Britain and Northern Ireland to which the City Code applied, the Directors may serve upon that person a notice requiring him to make or extend an offer or offers in writing in accordance with the requirements of the City Code in all respects as if the City Code did apply to the Company but so that references in the City Code to the Panel shall be construed, for the purposes of this Bye-Law, as if they were references to the Board of Directors of the Company.
- (B) Where any person has acquired, is in the process of acquiring, or appears to the Directors likely to acquire an interest in shares in the capital of the Company in circumstances in which he would be subject to the Rules Governing Substantial Acquisitions of Shares (the "SARs"), which expression shall include any revision or modification thereof issued by the Panel, if the Company was a company incorporated in the United Kingdom of Great Britain and Northern Ireland to which the SARs applied, the Directors may serve upon that person a notice requiring him to comply with the provisions of the SARs in relation to any acquisition made (after the date of adoption of this paragraph (1)(B)) or proposed to be made by him and if that person has made (after the date of adoption of this paragraph (1)(B)) or subsequently makes any acquisition in contravention of the provisions of the SARs such a notice or a further notice issued by the Directors may require that person to dispose or to procure the disposal by any person with whom he has acted in concert of any interest in shares so acquired within twenty-eight days of the date of such notice.
- (C) If a notice served under paragraph (1)(B) requiring a disposal of shares is not complied with in accordance with its terms and has not been withdrawn, the Directors may, so far as they are able, dispose of the shares to which such notice relates at the best price reasonably obtainable in all the circumstances in which case they shall give written notice of such disposal to the person or persons on whom such notice was served. Except as hereinafter provided such a disposal shall be completed as soon as reasonably practicable after the giving of a notice under this paragraph (1)(C) as may in the opinion of the Directors be consistent with obtaining the best price reasonably obtainable and in any event within thirty days of expiry of such notice provided that a disposal under this paragraph (1)(C) shall be suspended during the period when dealings by the Directors in the Company's shares are not permitted either by law or by the regulations of any stock exchange upon which those shares of the Company which are to be disposed of are listed, but any disposal under this paragraph which is suspended as aforesaid shall be completed within thirty days after expiry of the period of such suspension and provided further that neither the Company nor the Directors shall be liable to any holder or any person having an interest in any share or other person for failing to obtain the best price so long as the Directors act in good faith within the period specified above.
- (D) For the purpose of effecting any disposal under paragraph (1)(C) above, the Directors may authorise in writing any officer or employee of the Company to execute any necessary transfer on behalf of any holder and may issue a new certificate to the purchaser. The net proceeds of such disposal shall be received by the Company, whose receipt shall be a good discharge for the purchase money, and shall be paid (without any interest being payable thereon) to the former holder upon surrender by him of the certificate in respect of the shares sold and formerly held by him.

- (E) The provisions of these Bye-Laws relating to the protection of purchasers of shares sold under a lien or upon forfeiture shall apply mutatis mutandis to disposals under this Bye-Law.
- (2) Any notice served under paragraph (1) above may also require the person on whom it is served to execute an undertaking under seal in favour of the Directors (as trustees for all the holders of shares in the capital of the Company) and in a form satisfactory to the Directors to observe and perform the rules and requirements of the City Code or the SARs as the case may be as if the same were applicable to the Company and in the manner prescribed in paragraph (1) above.
- (3) Where any person is interested, whether as a result of a series of transactions over a period of time or not, in Common Shares which (taken together with shares held or acquired by persons acting in concert with him) represent 30 per cent. or more of all the Common Shares for the time being in issue and the Directors determine that it is not expedient to serve a notice under paragraph (1)(A) above or if any person upon whom such a notice is served fails within thirty days to comply with the same, the Directors may serve upon that person a notice requiring him to make an offer in writing (the "Offer"), within 30 days of the date of such notice on the basis set out in the following paragraphs, to the holders of every class of share capital of the Company (whether voting or non-voting) to purchase all such shares for cash on terms that payment in full therefor will be made within 21 days of the Offer becoming or being declared unconditional in all respects.
- (4) Where the Directors serve a notice upon any person in accordance with paragraph (3) above, they may also include in that notice a requirement that such person shall make an appropriate offer or proposal in writing to the holders of every class of securities convertible into, or of rights to subscribe for, share capital of the Company (whether such share capital is voting or non-voting). Such appropriate offer or proposal is referred to in this Bye-Law as a "Convertible Offer". The Convertible Offer shall be made at the same time as the Offer. The terms of the Convertible Offer shall be such terms as the Directors, in their absolute discretion, consider to be fair and reasonable having regard to the terms of the Offer and the Directors shall notify such terms to the person specified in paragraph (3) above (the "Offeror"). The Convertible Offer shall be conditional only upon the Offer becoming or being declared unconditional in all respects.
- (5) In addition to the Offeror, the Directors may require, in their absolute discretion, each of the principal members of a group of persons acting in concert with him and who appear to be interested in any shares in, or convertible securities of, the Company to make the Offer and/or the Convertible Offer. For the purposes of this Bye-Law, persons shall be deemed to be acting in concert if, pursuant to an agreement or understanding (whether formal or informal) they actively co-operate in acquiring or seeking to acquire shares in, or convertible securities of, the Company.
- (6) Unless the Directors otherwise agree, an offer made under paragraphs (3), (4) or (5) of this Bye-Law must, in respect of each class of share capital or convertible securities involved, be in cash or be accompanied by a cash alternative offer at not less than the highest price paid by the Offeror or any person acting in concert with it for shares or convertible securities of that class within the preceding 12 months. If such price cannot be ascertained by the Directors or if such shares or convertible securities have been acquired other than for cash pursuant to a bargain made on any recognised stock exchange or if the Directors consider that such highest price is, for any reason, inappropriate, unfair or unreasonable having regard to the size and timing of the relevant purchases, the relationship (if any) between the seller and purchaser of such shares or convertible securities or the number of shares or convertible securities purchased in the preceding 12 months, the Directors may, in any such case, fix the price at which the Offer, the Convertible Offer or the cash alternative offer is to be made. The cash Offer, the cash Convertible Offer or the cash alternative offer must, in each case, remain open for not less than 14 days after the date on which the Offer or the Convertible Offer, as the case may be, has become or is declared to be unconditional as to acceptances.

(7) Any person who makes or is about to make or who is or can be required to make an offer under this Bye-Law or who has made such an offer which has lapsed, shall observe and shall procure that any persons acting in concert with him shall observe the rules and requirements of the City Code both in letter and in spirit prior to, during the pursuit of and, if applicable, after the failure of such an offer.

(8) For the purposes of this Bye-Law, any questions or disputes arising out of the grant of consent by the Directors, the comparability of offers, the terms of offers, any question as to whether any person shall be regarded as acting in concert with another, any question regarding the interpretation or application of the City Code and the meaning of any terms or phrases used in this Bye-Law or the City Code shall be determined by the Directors in their absolute discretion.

PROVIDED THAT no Member shall be entitled (save as proxy for another Member) to be present or vote at any meeting, either personally or by proxy, or to exercise any privilege in relation to meetings of the Company conferred by membership, or be reckoned in a quorum:--

- (A) in respect of any share held by him (whether alone or jointly with any other person) on which there shall not have been paid all calls for the time being due and payable, together with interest and expenses (if any); or

  - (ii) contains a statement to the effect that upon failure to supply such information before the expiry of a period specified in such notice (being such reasonable period as the Directors shall determine from the date of service of such notice) the registered holder of such shares shall not be entitled to vote or otherwise exercise the rights referred to in this Bye-Law and the person on whom such notice was served fails to supply such information within the period so specified.

  - (b) the disqualification provisions of this sub-paragraph (B) shall take effect only upon the service on the registered holder of the shares in question of a notice to the effect that he has thereby become subject to the said disqualification for so long as the information requested pursuant to this sub-paragraph (B) has not been supplied to the Company and for a period of ninety days thereafter; and
  - (c) for the purpose of this sub-paragraph (B) a person shall be treated as appearing to be interested in any shares if (after taking into account any information supplied in response to any notice under paragraph (2) of this Bye-Law and any other information) the Company knows or has reasonable cause to believe that the person in question is or may be interested in the shares.
- (C) in respect of any shares held by him in relation to which he or any person appearing to be interested in such shares has been duly served with a notice under Bye-Law 104 which:--
- (i) requires him or such other person to make an offer in accordance with, or otherwise comply with the terms of, such Bye-Law; and

- (ii) contains a statement to the effect that upon failure to make such an offer before the expiry of a period specified in such notice (being not less than twenty-eight days from the date of service of such notice) or, having made such an offer or acquired such shares in contravention of a notice served under that Bye-Law, otherwise fails to comply with the provisions of Bye-Law 104 the registered holder of such shares shall not be entitled to vote or otherwise exercise the rights referred to in this Bye-Law and the person on whom such notice was served fails to make such an offer within the period so specified or fails to remedy such non-compliance.

Provided that:-

- (a) the Company shall be entitled to serve a notice under paragraph (2) of this Bye-Law which fulfils sub-sub-paragraphs (i) and (ii) above on a person who is not the registered holder of shares in the Company only if the registered holder of the shares in question has previously been, or is, simultaneously with the service of such a notice, served by the Company with a notice under Bye-Law 104; and
  - (b) the disqualification provisions of this sub-paragraph (C) shall take effect only upon the service on the registered holder of the shares in question of a notice to the effect that he has thereby become subject to the said disqualification and shall subsist until an offer is made in accordance with Bye-Law 104 and such offer becomes or is declared unconditional in all respects in accordance with its terms.
- (D) in respect of any shares in relation to which he and any person specified in paragraph (3) of this Bye-Law has been duly served with a notice under paragraph (3) which remains in effect.
- (2) (A) The Company may by notice in writing require any person whom the Company knows or has reasonable cause to believe to be interested in shares in the Company to indicate whether or not it is the case and, where that person holds any interest in any such shares, to give such further information as may be required in accordance with sub-paragraph (B) below.
- (B) Any such notice may require the person to whom it is addressed to give particulars of his own present interests in shares in the Company.
- (C) The particulars referred to above include particulars of the identity of persons interested in the shares in question and of whether persons interested in the same shares are parties to any agreement or arrangement relating to the exercise of any of the rights conferred by the holding of the shares.
- (D) A notice under this Bye-Law shall require any information given in response to the notice to be given in writing within such reasonable time as the Directors may determine and is specified in the notice.
- (E) For the purposes of this Bye-Law, a person who is interested in a right to subscribe for or convert into shares in the Company shall be deemed to be interested in shares in the Company and references to interests in shares shall include any interest whatsoever in such shares including, without limitation, a right to control directly or indirectly the exercise of any right conferred by the holding of shares alone or in conjunction with a person deemed to be acting in concert for the purposes of Bye-Law 104 and the interest of any person shall be deemed to include the interest of any other person deemed to be acting in concert as aforesaid.
- (F) A notice which has taken effect under this Bye-Law shall remain in effect in accordance with its terms following a transfer of the shares to which it relates unless and until the Directors determine otherwise and notify the registered holder accordingly.
- (G) The right to receive payments of income or capital which become due or payable in respect of any share during a period of

disqualification applicable to such share under this Bye-Law shall be suspended during such period of disqualification without any liability of the Company to the

Member for late payment or non-payment and the Company may retain such sums for its own use and benefit during such period of suspension and the holders of such shares may, in the discretion of the Directors, be excluded from participation in any further issue of shares by reference to an existing holding of shares at a point in time during such period of suspension. No trust shall be created in respect of any such debt, no interest shall be payable in respect of the same and the Company shall not be required to account for any money earned on such amount, which may be employed in the business of the Company or invested in such investments as the Directors may from time to time think fit.

- (3) (A) Where any person whether alone or in circumstances where for the purposes of Bye-Law 104 he is acting in concert with other persons acquires or has acquired interests in shares which (including the interests of persons with whom he is acting in concert as aforesaid) amount to three per cent. or more of the issued share capital of any class of the Company he shall within two days following the date on which he became aware (or ought reasonably to have become aware) of the acquisition of such an interest notify the Company of the existence of such interest and shall in making such notification to the Company also supply the particulars referred to in sub-paragraphs (2)(B) and (2)(C) above and so long as his interest as aforesaid amounts to three per cent. or more of the issued share capital of any class of the Company he shall notify the Company of any change in his interests (including the interests of persons with whom he is acting in concert as aforesaid) amounting to one per cent. or more of the issued share capital of any class of the Company within two days following the date on which he became aware (or ought reasonably to have become aware) of such change.

- (B) If any person has failed to make a notification in accordance with sub-paragraph (3)(A) above (notwithstanding that such notification has been made after the said period of two days) the Directors may serve a notice on such person stating that the registered holder of the shares in which that person is interested shall not be entitled to vote or otherwise exercise the rights referred to in this Bye-Law in respect of any shares or a number of shares specified in the notice held by that registered holder during the one hundred and eighty days following the service of such notice provided that the registered holder of such shares has previously been, or is simultaneously with the service of such a notice, served with a notice under this sub-paragraph.

- (C) If the Directors resolve that they have reasonable cause to believe that a person is or may be interested in shares of the Company or that any such shares are or may be shares in which any person is interested and that they have made reasonable enquiries to establish whether a person is so interested, or whether they are such shares, as the case may be, such person shall for the purposes of this Bye-Law be deemed to be interested in shares or, as the case may be, such shares shall be deemed to be shares in which such person is interested, from the date of such resolution until any such time as the Directors resolve otherwise.

- (D) Any belief, resolution or decision of the Directors which is held or made in pursuance or purported pursuance of any of the provisions of this Bye-Law shall be conclusive, final and binding on all persons concerned, and the validity of any act or thing which is done or caused to be done by the Directors in pursuance or purported pursuance of any of such provisions shall not be capable of being impeached by anyone on the ground that there was not any basis or reasonable basis on which the Directors could have arrived at any such belief or made any such resolution or decision, or on the ground that any conclusion of fact on which the Directors relied or might have relied for the purposes of arriving at any such belief or making any such resolution or decision was incorrect, or on any other ground whatsoever.

- (E) In calculating the number of days allowed for any notification to be made under this Bye-Law 46(3), any day which is a Saturday or Sunday shall be disregarded.

## THE COMPANIES ACT

## SECTION 106. SHAREHOLDER APPROVAL

## SHAREHOLDER APPROVAL

(1) The directors of each amalgamating company shall submit the amalgamation for approval to a meeting of the holders of shares of the amalgamating company of which they are directors and, subject to subsection (4), to the holders of each class of such shares.

(2) A notice of a meeting of shareholders complying with section 75 shall be sent in accordance with that section to each shareholder of each amalgamating company, and shall--

(a) include or be accompanied by a copy or summary of the amalgamation agreement; and

(b) subject to subsection 2A, state--

(i) the fair value of the shares as determined by each amalgamating company; and

(ii) that a dissenting shareholder is entitled to be paid the fair value of his shares.

(2A) Notwithstanding subsection 2(b)(ii), failure to state the matter referred to in that subsection does not invalidate an amalgamation.

(3) Each share of an amalgamating company carries the right to vote in respect of an amalgamation whether or not it otherwise carries the right to vote.

(4) The holders of shares of a class of shares of an amalgamating company are entitled to vote separately as a class in respect of an amalgamation if the amalgamation agreement contains a provision which would constitute a variation of the rights attaching to any such class of shares for the purposes of section 47.

(4A) The provisions of the bye-laws of the company relating to the holding of general meetings shall apply to general meetings and class meetings required by this section provided that, unless the bye-laws otherwise provide, the resolution of the shareholders or class must be approved by a majority vote of three-fourths of those voting at such meeting and the quorum necessary for such meeting shall be two persons at least holding or representing by proxy more than one-third of the issued shares of the company or the class, as the case may be, and that any holder of shares present in person or by proxy may demand a poll.

(5) An amalgamation agreement shall be deemed to have been adopted when it has been approved by the shareholders as provided in this section.

(6) Any shareholder who did not vote in favour of the amalgamation and who is not satisfied that he has been offered fair value for his shares may within one month of the giving of the notice referred to in subsection (2) apply to the Court to appraise the fair value of his shares.

(6A) Subject to subsection (6B), within one month of the Court appraising the fair value of any shares under subsection (6) the company shall be entitled either--

(a) to pay to the dissenting shareholder an amount equal to the value of his shares as appraised by the Court; or

(b) to terminate the amalgamation in accordance with subsection (7).

(6B) Where the Court has appraised any shares under subsection (6) and the amalgamation has proceeded prior to the appraisal then, within one month of the Court appraising the value of the shares, if the amount paid to the dissenting shareholder for his shares is less than that appraised by the Court the amalgamated company shall pay to such shareholder the difference between the amount paid to him and the value appraised by the Court.

(6C) No appeal shall lie from an appraisal by the Court under this section.

(6D) The costs of any application to the Court under this section shall be

in the discretion of the Court.

(7) An amalgamation agreement may provide that at any time before the issue of a certificate of amalgamation the agreement may be terminated by the directors of an amalgamating company, notwithstanding approval of the agreement by the shareholders of all or any of the amalgamating companies.

ITEM 20. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Article XVIII of the Western Resources Articles (Exhibit 3.1 hereto), provides that a director of Western Resources shall not be personally liable to Western Resources or its stockholders for monetary damages for breach of fiduciary duty as a director except for liability (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for paying a dividend or approving a stock repurchase in violation of the KGCC, or (iv) for any transaction from which the director derived an improper personal benefit. This provision is specifically authorized by Section 17-6002(b)(8) of the KGCC.

Section 17-6305 of the KGCC (the "Indemnification Statute") provides for indemnification by a corporation of its corporate officers, directors, employees and agents. The Indemnification Statute provides that a corporation may indemnify such persons who have been, are, or may become parties to an action, suit or proceeding due to their status as directors, officers, employees or agents of the corporation. Further, the Indemnification Statute grants authority to a corporation to implement its own broader indemnification policy. Article XVIII of the Western Resources Articles (Exhibit 3.1 hereto) requires Western Resources to indemnify its directors and officers to the fullest extent provided by Kansas law, as the same may be amended. Further, as is provided for in Article XVIII, Western Resources has entered into indemnification agreements with its directors, which provide indemnification broader than that available under Article XVIII and the Indemnification Statute.

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that

a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned Registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11 or 13 of this Form within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

The undersigned Registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

IMPORTANT TAX INFORMATION

Certain shareholders (including, among others, all corporations and certain foreign individuals) are not subject to backup withholding. In order for a foreign individual to qualify as an exempt recipient, that shareholder must submit a Form W-8, signed under penalties of perjury, attesting to that individual's exempt status. A Form W-8 can be obtained from the Exchange Agent. See the enclosed Guidelines for Certification of Taxpayer Identification Number on Substitute Form W-9 for additional instructions.

Backup withholding is not an additional tax. Rather, the tax liability of persons subject to backup withholding will be reduced by the amount of tax withheld. If withholding results in an overpayment of taxes, a refund may be obtained from the Internal Revenue Service.

INSTRUCTIONS TO LETTER OF TRANSMITTAL

FORMING PART OF THE TERMS AND CONDITIONS OF THE OFFER

1. GUARANTEE OF SIGNATURES. No signature guarantee is required on the Letter of Transmittal in cases where:

- (a) the Letter of Transmittal is signed by the registered holder(s) of the Shares (which term, for purposes of this document, shall include any participant in one of the Book-Entry Transfer Facilities whose name appears on a security position listing as the owner of Shares) tendered with the Letter of Transmittal and such holder(s) have not completed the instruction entitled "Special Issuance Instructions" on the Letter of Transmittal, or
- (b) such Shares are tendered for the account of an Eligible Institution (as defined below).

Otherwise, all signatures on the Letter of Transmittal must be guaranteed by a financial institution (including most banks, savings and loan associations, brokerage houses and credit unions) which is a participant in the Securities Transfer Agents Medallion Program, the New York Stock Exchange Medallion Signature Guarantee Program or the Stock Exchange Medallion Program (an "Eligible Institution"). See Instruction 5.

2. DELIVERY OF LETTER OF TRANSMITTAL AND CERTIFICATES OR BOOK-ENTRY CONFIRMATIONS. The Letter of Transmittal is to be used either:

- (a) if certificates are to be forwarded with the Letter of Transmittal, or
- (b) if tenders are to be made pursuant to the procedures for tender by book-entry transfer set forth in "The Offer--Procedure for Tendering" in the Prospectus (as defined herein), unless an Agent's Message is utilized.

Certificates for all physically tendered Shares ("Share Certificates"), or confirmation of any book-entry transfer into the Exchange Agent's account at one of the Book-Entry Transfer Facilities of Shares tendered by book-entry transfer, as well as the Letter of Transmittal or facsimile thereof, properly completed and duly executed with any required signature guarantees, and any other documents required by the Letter of Transmittal, must be received by the Exchange Agent at one of its addresses set forth herein on or prior to the Expiration Date (as defined in the Prospectus).

Shareholders whose certificates are not immediately available or who cannot deliver their certificates and all other required documents to the Exchange Agent on or prior to the Expiration Date or who cannot complete the procedures for book-entry transfer on a timely basis may nevertheless tender their Shares by properly completing and duly executing a Notice of Guaranteed Delivery pursuant to the guaranteed delivery procedure set forth in "The Offer--Procedure for Tendering" in the Prospectus.

In order to utilize the guaranteed delivery procedure: (i) your tender must be made by or through an Eligible Institution; (ii) a properly completed and duly executed Notice of Guaranteed Delivery substantially in the form made available by Western Resources must be received by the Exchange Agent on or prior to the Expiration Date; and (iii) the Share Certificates for all tendered Shares (or a confirmation of a book-entry transfer of such securities into the Exchange Agent's account at a Book-Entry Transfer Facility of Shares tendered by book-entry transfer), in proper form for transfer, together with a properly completed and duly executed Letter of Transmittal (or facsimile thereof) with any required signature guarantees (or, in the case of a book-entry delivery, an Agent's Message) and all other documents required by the Letter of Transmittal, must be received by the Exchange Agent within three New York Stock Exchange, Inc. trading days after the date of execution of such Notice of Guaranteed Delivery.

IF SHARE CERTIFICATES ARE FORWARDED SEPARATELY TO THE EXCHANGE AGENT, A PROPERLY COMPLETED AND DULY EXECUTED LETTER OF TRANSMITTAL MUST ACCOMPANY EACH SUCH DELIVERY.

THE METHOD OF DELIVERY OF SHARE CERTIFICATES AND ALL OTHER REQUIRED DOCUMENTS, INCLUDING DELIVERY THROUGH ANY BOOK-ENTRY TRANSFER FACILITY, IS AT THE OPTION AND RISK OF THE TENDERING SHAREHOLDER, AND THE DELIVERY WILL BE DEEMED MADE ONLY WHEN ACTUALLY RECEIVED BY THE EXCHANGE AGENT. IF DELIVERY IS BY MAIL, REGISTERED MAIL WITH RETURN RECEIPT REQUESTED, PROPERLY INSURED, IS RECOMMENDED. THE REPLACEMENT COST OF CERTIFICATES FOR SECURITIES IS GENERALLY 2% OF MARKET VALUE. IN ALL CASES, SUFFICIENT TIME SHOULD BE ALLOWED TO ENSURE TIMELY DELIVERY.

No alternative, conditional or contingent tenders will be accepted and no fractional Shares will be accepted. All tendering shareholders, by execution of the Letter of Transmittal (or facsimile thereof), waive any right to receive any notice of the acceptance of their Shares for exchange.

3. INADEQUATE SPACE. If the space provided herein is inadequate, the certificate numbers and/or the number of Shares should be listed on a separate piece of paper and returned with the Letter of Transmittal.

4. PARTIAL TENDERS (NOT APPLICABLE TO SHAREHOLDERS WHO TENDER BY BOOK-ENTRY TRANSFER). If fewer than all the Shares evidenced by any certificate submitted are to be tendered, fill in the number of Shares which are to be tendered in the box on page 2 of the Letter of Transmittal. In such cases, new certificate(s) for the remainder of the Shares that were evidenced by your old certificate(s) will be sent to you, unless otherwise indicated in the box marked "Special Delivery Instructions" on page 4 of the Letter of Transmittal, as soon as practicable after the Expiration Date. All Shares represented by certificates delivered to the Exchange Agent will be deemed to have been tendered unless otherwise indicated.

5. SIGNATURES ON LETTER OF TRANSMITTAL; STOCK POWERS AND ENDORSEMENTS. If the Letter of Transmittal is signed by the registered holder(s) of the Shares tendered, the signature must correspond with the name(s) as written on the face of the certificates without alteration, enlargement or any change whatsoever.

If any of the Shares tendered are owned of record by two or more joint owners, all such owners must sign the Letter of Transmittal.

If you wish to tender Shares and have more than one certificate and those certificates are registered in more than one name, it will be necessary to complete, sign and submit as many separate Letters of Transmittal as there are different registrations of certificates.

If the Letter of Transmittal or any certificates or stock powers are signed by trustees, executors, administrators, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing, and proper evidence satisfactory to Western Resources of their authority so to act must be submitted.

If the Letter of Transmittal is signed by the registered holder(s) of the Shares transmitted with the Letter of Transmittal, no endorsements of certificates or separate stock powers are required unless Western Resources Common Stock or certificates for Shares not tendered or accepted are to be issued in the name of a person other than the registered holder(s). Signatures on such certificates or stock powers must be guaranteed by an Eligible Institution.

If the Letter of Transmittal is signed by a person other than the registered holder of the certificate(s) listed, the certificate(s) must be endorsed or accompanied by appropriate stock powers, in either case signed exactly as the name or names of the registered holder or holders appear on the certificates(s). Signatures on such certificates or stock powers must be guaranteed by an Eligible Institution.

6. STOCK TRANSFER TAXES. Western Resources will pay or cause to be paid any stock transfer taxes with respect to the transfer and sale of Shares to it or its order pursuant to the Offer. Western Resources will not pay or cause to be paid any stock transfer taxes to the extent such taxes are the obligation solely of the transferor. If, however, delivery of the consideration in respect of the Offer is to be made to, or (in the circumstances permitted hereby) if certificates for Shares not tendered or accepted are to be registered in the name of any person other than the registered holder, or if tendered certificates are registered in the name of any person other than the person(s) signing the Letter of Transmittal, the tendering holder must provide satisfactory evidence of the payment of any applicable transfer taxes (whether imposed on the registered holder or such person) payable on account of the transfer to such person prior to the delivery of the consideration pursuant to the Offer.

EXCEPT AS PROVIDED IN THIS INSTRUCTION 6, IT WILL NOT BE NECESSARY FOR TRANSFER TAX STAMPS TO BE AFFIXED TO THE CERTIFICATES LISTED IN THE LETTER OF TRANSMITTAL.

7. SPECIAL ISSUANCE AND DELIVERY INSTRUCTIONS. If certificates for Western Resources Common Stock and the check to be issued for cash in an amount of \$7.50 net per Share and for cash in lieu of fractional shares, if any, of Western Resources Common Stock are to be issued in the name of a person other than the signer of the Letter of Transmittal or if certificates for Western Resources Common Stock and the check to be issued for cash in an amount of \$7.50 net per Share and cash in lieu of fractional shares, if any, of Western Resources Common Stock are to be mailed to someone other than the signer of the Letter of Transmittal or to an address other than that shown on the address label, the boxes marked "Special Issuance Instructions" or "Special Delivery Instructions" on page 4 of the Letter of Transmittal should be completed.

8. REQUESTS FOR ASSISTANCE OR ADDITIONAL COPIES. Questions or requests for assistance may be directed to, or additional copies of the Prospectus, the Letter of Transmittal, the Notice of Guaranteed Delivery and other tender offer materials may be obtained from, the Information Agent or the Dealer Managers at their respective telephone numbers and/or addresses set forth on the back of the Letter of Transmittal or from your broker, dealer, commercial bank or trust company.

9. SUBSTITUTE FORM W-9. Each tendering shareholder is required to provide the Exchange Agent with a correct Taxpayer Identification Number ("TIN"), generally the shareholder's social security or federal employer identification number, on Substitute Form W-9 on page 3 of the Letter of Transmittal. If a shareholder fails to provide a TIN to the Exchange Agent, such shareholder may be subject to a \$50 penalty imposed by the Internal Revenue Service. In addition, payments of cash in lieu of fractional shares of Western Resources Common Stock that are made to such shareholder with respect to Shares accepted pursuant to the Offer may be subject to backup withholding of 31%. The box in Part 3 of the Substitute Form W-9 may be checked if the tendering shareholder has not been issued a TIN and has applied for a number or intends to apply for a number in the near future. If the box in Part 3 is checked and the Exchange Agent is not provided with a TIN within 60 days, the Exchange Agent will withhold 31% of all payments of cash thereafter until a TIN is provided to the Exchange Agent. The shareholder is required to give the Exchange Agent the social security number or employer identification number of the record owner of the Shares or of the last transferee appearing on the stock powers attached to, or endorsed on, the Shares. If the Shares are in more than one name or are not in the name of the actual owner, consult the enclosed Guidelines for Certification of Taxpayer Identification Number on Substitute Form W-9 for additional guidance on which number to report.

IMPORTANT: THE LETTER OF TRANSMITTAL OR A FACSIMILE COPY THEREOF (TOGETHER WITH SHARE CERTIFICATES OR CONFIRMATION OF BOOK-ENTRY TRANSFER AND ALL OTHER REQUIRED DOCUMENTS) OR THE NOTICE OF GUARANTEED DELIVERY MUST BE RECEIVED BY THE EXCHANGE AGENT ON OR PRIOR TO THE EXPIRATION DATE.

#### SHAREHOLDER REPRESENTATION

The shareholder executing the Letter of Transmittal, or on whose behalf the Letter of Transmittal is executed (the "Tendering Shareholder"), delivers to Western Resources, Inc., a Kansas corporation ("Western Resources"), the above-described common shares, par value \$0.10 per share (the "Shares"), of ADT Limited, a company incorporated under the laws of Bermuda ("ADT"), pursuant to Western Resources' offer to exchange \$7.50 net in cash and a number of shares of common stock, par value \$5.00 per share, of Western Resources (the "Western Resources Common Stock") equal to the Exchange Ratio (as such term is defined in the Prospectus (as defined below)) for each outstanding Share, upon the terms and subject to the conditions set forth in the Prospectus dated [ ] (the "Prospectus"), receipt of which is acknowledged, and in the Letter of Transmittal, including the Instructions and Shareholder Representation (which, together with the Prospectus and any amendments thereto constitute the "Offer").

Upon the terms and subject to the conditions of the Offer, subject to, and effective upon, acceptance of the Shares tendered with the Letter of Transmittal in accordance with the terms of the Offer, the Tendering Shareholder sells, assigns and transfers to, or upon the order of, Western Resources, all right, title and interest in and to all of the Shares that are being tendered and any and all Shares and other securities issued or issuable in respect thereof on or after [commencement date] (collectively, "Distributions"), and irrevocably constitutes and appoints the Exchange Agent the true and lawful agent and attorney-in-fact of the Tendering Shareholder with respect to such Shares (and any Distributions), with full power of substitution (such power of attorney being deemed to be an irrevocable power coupled with an interest), to the full extent of the Tendering Shareholder's rights with respect to such Shares (and any Distributions), to (a) deliver

such Share Certificates (as defined herein) (and any Distributions) or transfer ownership of such Shares (and any Distributions) on the account books maintained by a Book-Entry Transfer Facility, together in either such case with all accompanying evidences of transfer and

authenticity, to or upon the order of Western Resources, (b) present such Shares (and any Distributions) for transfer on the books of ADT and (c) receive all benefits and otherwise exercise all rights of beneficial ownership of such Shares (and any Distributions), all in accordance with the terms and the conditions of the Offer.

The Tendering Shareholder irrevocably appoints the designees of Western Resources, and each of them, the attorneys-in-fact and proxies of the Tendering Shareholder, each with full power of substitution, to vote in such manner as each such attorney and proxy or any substitute thereof shall deem proper in the sole discretion of such attorney-in-fact and proxy or such substitute, and otherwise act (including pursuant to written consent) with respect to all the Shares tendered (and any Distributions) which have been accepted by Western Resources prior to the time of such vote or action, which the Tendering Shareholder is entitled to vote at any meeting of shareholders (whether annual or special and whether or not an adjourned meeting), of ADT or otherwise. This proxy and power of attorney is coupled with an interest in the Shares and is irrevocable and is granted in consideration of, and is effective upon, the acceptance of such Shares (and any Distributions) by Western Resources in accordance with the terms of the Offer. Such acceptance for exchange shall revoke any other proxy granted by the Tendering Shareholder at any time with respect to such Shares (and any Distributions) and no subsequent proxies will be given (or, if given, will not be deemed effective) with respect thereto by the Tendering Shareholder. The Tendering Shareholder understands that in order for Shares to be deemed validly tendered, immediately upon Western Resources' acceptance of such Shares (and any Distributions) for exchange Western Resources or its designee must be able to exercise full voting rights with respect to such Shares (and any Distributions).

The Tendering Shareholder will, upon request, execute and deliver any additional documents deemed by the Exchange Agent or Western Resources to be necessary or desirable to complete the sale, assignment, and transfer of the Shares (and any Distributions) tendered.

All authority conferred or agreed to be conferred pursuant to the Letter of Transmittal shall not be affected by and shall survive the death or incapacity of the Tendering Shareholder and any obligation of the Tendering Shareholder hereunder shall be binding upon the heirs, personal representatives, successors and assigns of the Tendering Shareholder. Subject to the withdrawal rights set forth under "The Offer--Withdrawal Rights" in the Prospectus, the tender of Shares made is irrevocable.

The Tendering Shareholder understands that tenders of Shares pursuant to any one of the procedures described under "The Offer--Procedure for Tendering" in the Prospectus and in the instructions to the Letter of Transmittal and acceptance of such Shares will constitute a binding agreement between the Tendering Shareholder and Western Resources upon the terms and subject to the conditions set forth in the Offer.

All references herein to Rights shall include all benefits that may inure to holders of the Rights pursuant to the Rights Agreement. Each Share validly tendered on or prior to the Expiration Date and not properly withdrawn will be entitled to receive \$7.00 net in cash (the "Cash Consideration") and that number of shares of Western Resources Common Stock equal to the Exchange Ratio (as defined below) (the "Stock Consideration" and, together with the Cash Consideration, the "Offer Consideration"). The term "Exchange Ratio" means the quotient (rounded to the nearest 1/100,000) determined by dividing \$15.00 by the average of the high and low sales prices of Western Resources Common Stock (as reported on the New York Stock Exchange (the "NYSE") Composite Transactions reporting system as published in The Wall Street Journal or, if not published therein, in another authoritative source) (the "Western Resources Average Price") on each of the twenty consecutive trading days ending with the third trading day immediately preceding the Expiration Date; provided that the Exchange Ratio shall not be greater than 0.50420. Pursuant to the Exchange Ratio, each Share will be exchanged for \$7.50 net in cash and \$15.00 of Western Resources Common Stock if the Western Resources Average Price is \$29.75 or higher. The Exchange Ratio will change as the market price of the Western Resources Common Stock changes. ADT Shareholders may call (800) any time on or after the date hereof through the Expiration Date for the current Exchange Ratio calculated based on the then-current Western Resources Average Price for the twenty consecutive trading days ending with the third trading day immediately preceding the date the call is placed. The actual Western Resources Average Price and Exchange Ratio will be calculated as of the third trading day immediately prior to the Expiration Date, as described above, and a press release will be issued announcing the actual Exchange Ratio prior to the opening of the second trading day prior to the Expiration Date (as it may be extended from time to time).

THE OFFER AND WITHDRAWAL RIGHTS WILL EXPIRE AT 5:00 P.M., EASTERN TIME, ON , 1997 , UNLESS THE OFFER IS EXTENDED.

The purpose of the Offer is to enable Western Resources to obtain control of ADT. Western Resources presently intends, following consummation of the Offer, to propose and seek to have ADT effect an amalgamation of a newly created subsidiary of Western Resources organized under the laws of Bermuda with and into ADT, with ADT being the surviving corporation (the "Amalgamation"). In the Amalgamation, each then outstanding Share (other than Shares owned by Western Resources or any of its affiliates, Shares held in the treasury of ADT (if ADT is so authorized) or by any subsidiary of ADT and Shares owned by ADT Shareholders who perfect appraisal rights under Bermuda law) would be cancelled in exchange for the right to receive the Offer Consideration.

Western Resources' obligation to exchange the Offer Consideration for Shares pursuant to the Offer is conditioned upon, among other things, the satisfaction or, where applicable, waiver of the following conditions: (i) there being validly tendered and not withdrawn prior to the Expiration Date a number of Shares which will constitute at least a majority of the total number of outstanding Shares on a fully diluted basis (as though all options or other securities convertible into or exercisable or exchangeable for Shares had been so converted, exercised or exchanged) as of the date the Shares are accepted for exchange by Western Resources pursuant to the Offer, (ii) approval of the issuance of shares of Western Resources Common Stock in connection with the Offer and approval of an amendment to the Amended and Restated Articles of Incorporation of Western Resources to increase the number of shares of Western Resources Common Stock authorized for issuance, by the holders (voting as a single class) of a majority of the shares of Western Resources Common Stock and Western Resources Preferred Stock outstanding on the applicable record date, (iii) the approval by a majority of those Shares voted at a special meeting of ADT Shareholders, which has been requisitioned by Westar Capital pursuant to Section 74 of the Companies Act 1981 of Bermuda, as amended and Bye-Law 42 of the ADT Bye-Laws, of the following actions: (A) the removal, pursuant to Section 93 of the Companies Act and Bye-Law 71 of the ADT Bye-Laws, of all of the present members of the ADT Board of Directors and any person or persons elected or designated by any of such directors to fill any vacancy or newly created directorship, (B) a proposal to reduce the number of seats on the ADT Board to two and (C) the election of Steven L. Kitchen and Steven A. Millstein, the "Western Resources Nominees") as the directors of ADT (or, if any such Western Resources Nominee is unable to serve as a director of ADT due to death, disability or otherwise, any other person designated as a Western Resources Nominee by Western Resources), (iv) the ADT Board having redeemed the Rights or amended the Rights Agreement so that the Rights are inapplicable to the acquisition of Shares pursuant to the Offer, or Western Resources being otherwise satisfied in its sole discretion that the Rights are invalid or are not applicable to the acquisition of Shares pursuant to the Offer, (v) Western Resources and Westar Capital being satisfied, in their sole discretion, that the provisions of Bye-Law 104 and Bye-Law 46 of the ADT Bye-Laws do not and will not apply to Western Resources, Westar Capital or the acquisition of Shares pursuant to the Offer so as to (A) require Western Resources or Westar Capital to comply with the provisions of Bye-Law 104 of the ADT Bye-Laws or (B) prevent Western Resources, Westar Capital or any of their affiliates from voting Shares owned by any of them at any time, (vi) the receipt by Westar Capital of a final judgment from a court of competent jurisdiction declaring the Republic Warrant (as defined herein) invalid or the expiration of the Republic Warrant prior to the Expiration Date without having been exercised, and (vii) all regulatory approvals required to consummate the Offer having been obtained and remaining in full force and effect, all

statutory waiting periods in respect thereof having expired and no such approval containing any conditions or restrictions which the Western Resources Board of Directors determines will or could be expected materially to impair the strategic and financial benefits expected to result from the Offer and the Amalgamation.

The term "Expiration Date" means 5:00 P.M., Eastern time, on \_\_\_\_\_, 1997, unless and until Western Resources, in its sole discretion, shall have extended the period of time during which the Offer is open, in which event the term "Expiration Date" shall mean the latest time and date at which the Offer, as so extended by Western Resources, will expire.

Upon the terms and subject to the conditions of the Offer (including, if the Offer is extended or amended, the terms and conditions of any such extension or amendment), Western Resources will accept for exchange, and will exchange, Shares (and Rights, if applicable) validly tendered and not properly withdrawn as promptly as practicable following the Expiration Date. In addition, subject to applicable rules of the Commission, Western Resources expressly reserves the right to delay acceptance of or the exchange of Shares (and Rights, if applicable) in order to comply with any applicable law. In all cases, the exchange of Shares (and Rights, if applicable) tendered and accepted for exchange pursuant to the Offer will be made only after receipt by [ \_\_\_\_\_ ] (the "Exchange Agent") of certificates for such Shares (or a confirmation of a book-entry transfer of such Shares into the Exchange Agent's account at The Depository Trust Company or the Philadelphia Depository Trust Company (collectively, the "Book-Entry Transfer Facilities")), a properly completed and duly executed Letter of Transmittal (or facsimile thereof), with any required signature guarantees (or, in the case of a book-entry transfer) an Agent's Message (as defined in the Prospectus) and any other documents required by the Letter of Transmittal.

For purposes of the Offer, Western Resources will be deemed to have accepted for exchange Shares (and Rights, if applicable) validly tendered and not withdrawn, as if and when Western Resources gives oral or written notice to the Exchange Agent of its acceptance of the tenders of such Shares (and Rights, if applicable) pursuant to the Offer. Delivery of Western Resources Common Stock and Cash Consideration in exchange for Shares (and Rights, if applicable) pursuant to the Offer and cash in lieu of fractional shares of Western Resources Common Stock will be made by the Exchange Agent as soon as practicable after receipt of such notice. The Exchange Agent will act as agent for tendering ADT Shareholders for the purpose of receiving Western Resources Common Stock, the Cash Consideration and cash to be paid in lieu of fractional shares of Western Resources Common Stock from Western Resources and transmitting such Western Resources Common Stock and cash to tendering ADT Shareholders. Under no circumstances will interest with respect to fractional shares be paid by Western Resources by reason of any delay in making such exchange.

Tenders of Shares made pursuant to the Offer are irrevocable, except that Shares tendered pursuant to the Offer may be withdrawn pursuant to the procedures set forth in the Prospectus at any time prior to the Expiration Date and, unless theretofore accepted for exchange and exchanged by Western Resources for the Offer Consideration pursuant to the Offer, may also be withdrawn at any time after \_\_\_\_\_, 1997.

For a withdrawal to be effective, a written, telegraphic, telex or facsimile transmission notice of withdrawal must be timely received by the Exchange Agent at one of its addresses set forth on the back cover of the Prospectus, and must specify the name of the person having tendered the Shares to be withdrawn, the number of Shares to be withdrawn and the name of the registered holder of the Shares to be withdrawn, if different from that of the person who tendered such Shares. The signature(s) on the notice of withdrawal must be guaranteed by a financial institution (including most banks, savings and loan associations and brokerage houses) which is a participant in the Securities Transfer Agents Medallion Program, the New York Stock Exchange Medallion Signature Program or the Stock Exchange Medallion Program (an "Eligible Institution") unless such Shares have been tendered for the account of any Eligible Institution. If Shares have been tendered pursuant to the procedures for book-entry tender as set forth in the Prospectus, any notice of withdrawal must specify the name and number of the account at the Book-Entry Transfer Facility to be credited with the withdrawn Shares and must otherwise comply with such Book-Entry Transfer Facility's procedures. If certificates have been delivered or otherwise identified to the Exchange Agent, the name of the registered holder and the serial numbers of the particular certificates evidencing the Shares withdrawn must also be furnished to the Exchange Agent as aforesaid prior to the physical release of such certificates.

All questions as to the form and validity (including time of receipt) of any

notice of withdrawal will be determined by Western Resources, in its sole discretion, which determination shall be final and binding. Neither

Western Resources, the Exchange Agent, the Information Agent, the Dealer Managers nor any other person will be under any duty to give notification of any defects or irregularities in any notice of withdrawal or will incur any liability for failure to give any such notification. Any Shares (and Rights, if applicable) properly withdrawn will be deemed not to have been validly tendered for purposes of the Offer. However, withdrawn Shares (and Rights, if applicable) may be retendered by following one of the procedures described under the caption "The Offer--Procedure for Tendering" in the Prospectus at any time prior to the Expiration Date. A withdrawal of Shares shall also constitute a withdrawal of the associated Rights. Rights may not be withdrawn unless the associated Shares are also withdrawn.

Subject to the applicable rules and regulations of the Commission, Western Resources reserves the right, in its sole discretion, at any time or from time to time, (i) to delay acceptance for, or, regardless of whether such Shares (and Rights, if applicable) were theretofore accepted for exchange, exchange of, any Shares pursuant to the Offer or to terminate the Offer and not accept for exchange or exchange any Shares (and Rights, if applicable) not theretofore accepted for exchange, or exchanged, upon the failure of any of the conditions of the Offer to be satisfied and (ii) to waive any condition (other than the Western Resources Shareholder Approval Condition, the Regulatory Approval Condition and the condition relating to the effectiveness of the Registration Statement (each as defined in the Prospectus)) or otherwise amend the Offer in any respect, by giving oral or written notice of such delay, termination or amendment to the Exchange Agent and by making a public announcement thereof.

The information required to be disclosed by paragraph (e)(1)(vii) of Rule 14d-6 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is incorporated herein by reference.

Requests have been made to ADT pursuant to Rule 14d-5 under the Exchange Act and Section 66 of the Companies Act for the use of ADT's shareholder lists and security position listings for the purpose of disseminating the Offer to holders of Shares.
