

PROSPECTUS

Evergy, Inc.

Dividend Reinvestment and Direct Stock Purchase Plan

585,778 Shares of Common Stock (Without Par Value)

The Evergy Dividend Reinvestment and Direct Stock Purchase Plan (the Plan) offers a simple and convenient way for existing stockholders and potential investors to purchase shares of our common stock through optional cash investments and the reinvestment of dividends. The Plan offers:

- Initial purchase of common stock or purchase of additional shares of common stock;
- Reinvest all or a portion of your cash dividends in additional shares;
- Sell shares of common stock credited to Plan accounts through the Plan.

You do not have to be a current shareholder to participate in the Plan. You can purchase your first shares of our common stock by making an initial investment of not less than \$250 and not more than \$10,000. Shares purchased for participant's account under the Plan will be acquired directly from us as original issue shares or purchased on the open market.

If the administrator of the Plan buys shares of Evergy common stock on the open market (New York Stock Exchange), the price of the shares will be the weighted average cost of all shares purchased for the relevant investment date. If the administrator of the Plan buys the shares from Evergy, the price will be the average of the high and low prices of the common stock for the relevant investment date as reported on the New York Stock Exchange. All shares purchased include a nominal processing fee (currently \$0.05 per share).

Our common stock is traded on the New York Stock Exchange under the symbol "EVRG."

Participating in the Plan and investing in our common stock involves risks. You should carefully consider the information under the heading "Risk Factors" beginning on page 4.

Our principal executive office is located at 1200 Main Street, Kansas City, Missouri 64105, and our telephone number is (816) 556-2200.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement filed with the Securities and Exchange Commission (the “SEC”). Under this registration statement, we may offer up to a total of 585,778 shares of our common stock described in this prospectus pursuant to the Plan. This prospectus provides you with a general description of the Plan. We may also add, update or change the information contained in this prospectus by means of a supplement to this prospectus. If there is any inconsistency between the information in this prospectus and any prospectus supplement, you should rely on the information in the prospectus supplement. The registration statement we filed with the SEC includes exhibits that provide more detail regarding the matters discussed in this prospectus. Therefore, for a complete understanding of our securities being offered, we urge you to read carefully the registration statement (including the exhibits thereto), this prospectus and any prospectus supplement accompanying this prospectus, together with the information incorporated herein by reference under “Where You Can Find More Information,” before deciding whether to invest in the shares of our common stock being offered.

This prospectus contains and incorporates by reference information that you should consider when making your investment decision. We have not authorized anyone else to provide you with any different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not making an offer to sell securities in any jurisdiction where the offer or sale is not permitted. The information contained in this prospectus is current only as of the date of this prospectus. Our business, financial condition, results of operations and prospects may have changed materially since that date.

Unless the context otherwise requires or as otherwise indicated, when we refer to “Evergy,” the “Company,” “we,” “us” or “our” in this prospectus or when we otherwise refer to ourselves in this prospectus, we mean Evergy, Inc. and its subsidiaries, unless the context clearly indicates otherwise. Furthermore, when we refer to the “registrant,” we mean Evergy, Inc. Additionally, when we refer to the “Evergy Companies” we mean, collectively, Evergy, Inc., Evergy Kansas Central, Inc. (“Evergy Kansas Central”) and Evergy Metro, Inc. (“Evergy Metro”).

CAUTIONARY STATEMENTS REGARDING CERTAIN FORWARD-LOOKING INFORMATION

This prospectus and the documents incorporated or deemed incorporated by reference as described under the heading “Where You Can Find More Information” contain forward-looking statements that are not based on historical facts are forward-looking, may involve risks and uncertainties, and are intended to be as of the date when made. Forward-looking statements include, but are not limited to, statements relating to Evergy’s strategic plan, including, but not limited to, those related to earnings per share, dividend, operating and maintenance expense and capital investment goals; the outcome of legislative efforts and regulatory and legal proceedings; future energy demand; future power prices; plans with respect to existing and potential future generation resources; the availability and cost of generation resources and energy storage; target emissions reductions; and other matters relating to expected financial performance or affecting future operations. Forward-looking statements are often accompanied by forward-looking words such as “anticipates,” “believes,” “expects,” “estimates,” “forecasts,” “should,” “could,” “may,” “seeks,” “intends,” “proposed,” “projects,” “planned,” “target,” “outlook,” “remain confident,” “goal,” “will” or other words of similar meaning. Forward-looking statements involve risks, uncertainties and other factors that could cause actual results to differ materially from the forward-looking information.

In connection with the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, Evergy is providing a number of risks, uncertainties and other factors that could cause actual results to differ from the forward-looking information. These risks, uncertainties and other factors include, but are not limited to: economic and weather conditions and any impact on sales, prices and costs; changes in business strategy or operations; the impact of federal, state and local political, legislative, judicial and regulatory actions or

developments, including deregulation, re-regulation, securitization and restructuring of the electric utility industry; decisions of regulators regarding, among other things, customer rates and the prudence of operational decisions such as capital expenditures and asset retirements; changes in applicable laws, regulations, rules, principles or practices, or the interpretations thereof, governing tax, accounting and environmental matters, including air and water quality and waste management and disposal; the impact of climate change, including increased frequency and severity of significant weather events and the extent to which counterparties are willing to do business with, finance the operations of or purchase energy from the Evergy Companies due to the fact that the Evergy Companies operate coal-fired generation; prices and availability of electricity in wholesale markets; market perception of the energy industry and the Evergy Companies; the impact of the Coronavirus pandemic on, among other things, sales, results of operations, financial condition, liquidity and cash flows, and also on operational issues, such as the availability and ability of the Evergy Companies' employees and suppliers to perform the functions that are necessary to operate the Evergy Companies; changes in the energy trading markets in which the Evergy Companies participate, including retroactive repricing of transactions by regional transmission organizations and independent system operators; financial market conditions and performance, including changes in interest rates and credit spreads and in availability and cost of capital and the effects on derivatives and hedges, nuclear decommissioning trust and pension plan assets and costs; impairments of long-lived assets or goodwill; credit ratings; inflation rates; the transition to a replacement for the London Interbank Offered Rate benchmark interest rate; effectiveness of risk management policies and procedures and the ability of counterparties to satisfy their contractual commitments; impact of physical and cybersecurity breaches, criminal activity, terrorist attacks and other disruptions to the Evergy Companies' facilities or information technology infrastructure or the facilities and infrastructure of third-party service providers on which the Evergy Companies rely; ability to carry out marketing and sales plans; cost, availability, quality and timely provision of equipment, supplies, labor and fuel; ability to achieve generation goals and the occurrence and duration of planned and unplanned generation outages; delays and cost increases of generation, transmission, distribution or other projects; the Evergy Companies' ability to manage their transmission and distribution development plans and transmission joint ventures; the inherent risks associated with the ownership and operation of a nuclear facility, including environmental, health, safety, regulatory and financial risks; workforce risks, including those related to the Evergy Companies' ability to attract and retain qualified personnel, maintain satisfactory relationships with their labor unions and manage costs of, or changes in, retirement, health care and other benefits; disruption, costs and uncertainties caused by or related to the actions of individuals or entities, such as activist shareholders or special interest groups, that seek to influence Evergy's strategic plan, financial results or operations; the possibility that strategic initiatives, including mergers, acquisitions and divestitures, and long-term financial plans, may not create the value that they are expected to achieve in a timely manner or at all; difficulties in maintaining relationships with customers, employees, regulators or suppliers; and other risks and uncertainties..

This list of factors is not all-inclusive because it is not possible to predict all factors. Additional risks and uncertainties are discussed in the Annual Report on Form 10-K for the year ended December 31, 2020 filed by Evergy, and from time to time in current reports on Form 8-K and quarterly reports on Form 10-Q filed by Evergy with the SEC. Reports filed by Evergy with the SEC should also be read for more information regarding risk factors. Each forward-looking statement speaks only as of the date of the particular statement. Evergy undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, except as required by law.

Our principal executive offices are located at 1200 Main Street, Kansas City, Missouri 64105, and our telephone number is (816) 556-2200. We maintain a website at www.evergy.com where general information about us is available. Our Internet site and the information contained therein or connected thereto are not intended to be incorporated into this prospectus and should not be considered a part of this prospectus.

RISK FACTORS

Investing in our securities involves risks. Our business is influenced by many factors that are difficult to predict, involve uncertainties that may materially affect actual results and are often beyond our control. In addition to the risk factors described below related to participating in the Plan, you should carefully consider the information under the heading “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2020 and our Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2021 and June 30, 2021, each of which has been filed with the SEC and are incorporated by reference in this prospectus, as well as all of the other information included, incorporated or deemed incorporated by reference in this prospectus, before making an investment decision.

Risks Associated with Investing in the Plan:

There are market risks associated with investing in the Plan.

Participants in the Plan generally have no control over or authority to direct the timing or price at which shares of common stock are purchased or sold for their Plan accounts. Orders to purchase or sell shares (except for market or limit order sales) may be processed up to five business days after the order is received. Therefore, participants in the Plan bear market risk associated with fluctuations in the price of our common stock. In addition, no interest is paid on funds held by the administrator pending investment.

There are tax consequences to reinvesting cash dividends under the Plan.

In general, the full amount of cash dividends paid on a participant’s shares of our common stock under the Plan is considered to be received by the participant for U.S. federal income tax purposes whether actually received in cash or reinvested in additional shares under the Plan. Therefore, by electing to reinvest cash dividends in additional shares of our common stock, a participant in the Plan may incur tax liability without having received the cash dividends to satisfy that liability.

We may be unable to, or may choose not to, continue to pay dividends on our common stock at current rates or at all.

Any future payments of cash dividends will depend on our financial condition, our capital requirements and earnings, and the ability of our operating subsidiaries to distribute cash to us, as well as other factors that our board of directors may consider.

The price of our common stock can be volatile. This volatility may affect the price at which you could sell your common stock, and the sale of substantial amounts of our common stock could adversely affect the price of our common stock.

The market price for our common stock may be volatile. This volatility may affect the price at which you could sell our common stock, and the sale of substantial amounts of our common stock could adversely affect the price of our common stock. Our stock price may continue to be volatile and subject to significant price and volume fluctuations in response to market and other factors, including: the other risk factors described above; variations in our quarterly operating results from our securities analysts’ or investors’ expectations; downward revisions in securities analysts’ estimates; and announcement by us or our competitors of significant acquisitions, joint ventures, capital commitments or other material developments.

IMPORTANT CONSIDERATIONS

The purpose of the Plan is to provide a convenient and useful service for our current or potential shareholders. Nothing in this prospectus or other Plan information represents a recommendation by us or anyone

else that any person buy or sell our common stock. We urge you to read this prospectus and the documents incorporated or deemed incorporated by reference in this prospectus thoroughly before you make your independent investment decision regarding participation in the Plan.

The value of our shares may increase or decrease from time to time. There is no assurance whether, or at what rate, we will continue to pay dividends. The Securities Investor Protection Corporation, the Federal Deposit Insurance Corporation, or any other entity does not insure Plan accounts.

USE OF PROCEEDS

If we issue new shares of common stock under the Plan, the net proceeds will be added to our general funds and used for general corporate purposes.

SUMMARY OF PLAN HIGHLIGHTS

Because this section is a summary, it does not contain all the information that may be important to you. You should read the entire prospectus carefully.

How to Enroll. You do not need to be a shareholder to participate in the Plan. You may purchase your first shares through the Plan by either completing an enrollment form and sending it to the Plan administrator, or by enrolling on-line through the Plan administrator's website and making an initial minimum cash investment of not less than \$250 or more than \$10,000.

If you are already a shareholder but not a participant in the Plan, you can enroll either by completing an enrollment form and sending it to the Plan administrator, or by enrolling on-line through the Plan administrator's website.

If you make an initial investment, an optional cash investment, or acquire shares through dividend reinvestment, there may be per share fees and service charges for the acquisition of shares. See Summary of Participation Fees on page 11.

Optional Investments. After you enroll, you can make optional investments in our common stock in any amount from a minimum of \$50 to a monthly maximum of \$10,000 (\$120,000 annually). Investments can be automatically deducted directly from your bank account provided the amount meets the minimum/maximum requirements. You can change the amount at any time provided you give the Plan administrator proper instructions about any changes at least ten business days prior to the next investment date.

How to Pay for Shares. You can make purchases in various ways—by check, automatic deduction or dividend reinvestment. Your investment dollars (minus applicable fees) are fully used to purchase shares.

Reinvest Dividends Automatically. You can automatically reinvest all or a portion of your dividends in additional shares. If you reinvest part of your dividends, you will receive your remaining dividends in cash.

Sell Plan Shares. You can sell some or all of your shares through the Plan administrator for a service charge of \$25 for batch, market, day limit or good-til-cancelled ("GTC") limit orders plus a nominal processing fee (currently \$0.12 per share). See Summary of Participation Fees on page 11.

Direct Deposit of Dividends. If you do not reinvest your dividends, you can have your dividends deposited directly into your checking or savings account by electronic transfer on the dividend payable date.

TERMS OF THE PLAN

Eligibility. Any U.S. person or entity can participate in the Plan if they follow the steps described below under “Enrollment.” A citizen or resident of a country outside the United States is also eligible if participation does not violate any governmental regulations or laws.

If you are a beneficial owner of our stock (that is, your shares are registered in names other than your own, such as a broker or bank nominee), your beneficially owned shares are not eligible for dividend reinvestment through the Plan. You can, however, enroll these shares for dividend reinvestment by first transferring them into a book-entry account registered in your own name. Please contact your broker or nominee for more information. Once the shares are moved into a book-entry account registered in your name with the Plan administrator, the shares will be eligible for dividend reinvestment through the Plan.

Administration. Computershare Trust Company, N.A. (the “Plan administrator”) administers the Plan. The Plan administrator also serves as transfer agent, registrar and dividend paying agent for us. In addition, the administrator receives and invests all cash investments by participants, maintains participants’ Plan account records, issues periodic account statements and performs other duties relating to the Plan. If you have questions about the Plan, you may contact the Plan administrator:

Computershare Trust Company, N.A.
P.O. Box 50500
Louisville, KY 40233-5000
Phone: (866) 239-8177 (toll-free)
(781) 575-4706
Website: www.computershare.com/investor

Enrollment. Read the prospectus carefully. To participate in the Plan, you must do either one of the following:

- If you are already a shareholder, complete and sign an enrollment form and return it to the Plan administrator. The enrollment form is available from the Plan administrator. You can also enroll on-line through the Plan administrator’s website, www.computershare.com/investor, and follow the instructions provided. You can elect to reinvest cash dividends paid on at least one whole share.
- If you are not a shareholder, you can make an initial cash investment of at least \$250 (and not more than \$10,000 monthly). A processing fee will be deducted from the investment amount. See Summary of Participation Fees on page 11.

There is no obligation to reinvest dividends you receive on shares you purchase through the Plan. After the Plan administrator approves your enrollment and receives your funds (if you are investing), your participation in the Plan begins.

Optional Investments. After you enroll, you can make investments in our common stock in any amount from a minimum of \$50 to a maximum of \$10,000 monthly. You may not invest more than \$120,000 during any calendar year, not counting qualified Plan distributions, if any. **You have no obligation to make optional investments.**

You can make your investments by personal check payable to “Computershare-EVRG.” Return your payment to the Plan administrator with a completed enrollment form or the tear-off remittance portion included with your statement of account. The Plan administrator will not accept cash, money orders or third-party checks. Checks must be payable in U.S. dollars and drawn on a U.S. bank. See Summary of Participation Fees on page 11.

You may also make initial and optional investments through online bank debits by going to the Plan administrator's website, www.computershare.com/investor, and authorizing a one-time online bank debit from an account at a U.S. bank or financial institution. These funds will be held by the Plan administrator until the next investment date. You should refer to the online confirmation for the account debit date and investment date.

Automatic Investment. You can automatically invest a specified amount (not less than \$50 and not more than \$10,000 monthly) deducted directly from your U.S. bank account by completing the applicable section on a Direct Debit Authorization form and returning it to the Plan administrator, or on-line through the Plan administrator's website, www.computershare.com/investor. Funds will be debited from your account on the 15th of each month; if that day is not a business day, the funds will be debited on the next business day thereafter. You can change or stop automatic investments by completing and returning the applicable section on a new Direct Debit Authorization form, or by sending written notification to the Plan administrator, or through the Plan administrator's website. The Plan administrator must receive your instructions and authorization ten business days prior to the investment date. A processing fee may be deducted. See Summary of Participation Fees on page 11.

Investment Dates. Initial and optional investments will be invested as soon as practicable, but in any event such investments will be invested not later than five business days after good funds are received by the Plan administrator. Each date the Plan administrator invests your initial or optional investment funds is referred to as an "investment date". The Plan administrator will wait up to three business days after receipt of the check or electronic funds transfer to ensure it receives good funds and will then invest funds on the investment date. If you elect to reinvest all or a portion of the cash dividends on your shares in the Plan, those dividends will be invested in additional shares of our common stock on the dividend payment date (the "dividend investment date"). If the dividend payment date is not a trading day, then the dividend investment date will be the next trading day.

Dividend Reinvestment Options

You can reinvest cash dividends paid on all or a portion of your shares in the Plan by making the appropriate selection on the enrollment form, or on-line through the Plan administrator's website, www.computershare.com/investor. You can also change your reinvestment selection by either sending written notice to the Plan administrator or on-line through the Plan administrator's website. To be effective for a particular dividend period, the Plan administrator must receive your instructions prior to the record date for the dividend. There will be a fee of 5% of your reinvested dividend amount up to a maximum of \$2.50 per reinvestment. A processing fee may also be deducted. See Summary of Participation Fees on page 11.

Your dividend reinvestment options are:

- **Full Dividend Reinvestment** — If you choose this option, all of your dividends that become payable on shares in the account that you specify, including any book-entry shares, will be reinvested on the dividend investment date to purchase additional shares of our common stock.
- **Partial Dividend Reinvestment** — You may reinvest dividends on a specific percentage of shares in the account you specify. Dividends on remaining shares will be paid to you by cash or direct deposit.
- **No Dividend Reinvestment** — If you choose this option, all dividends on shares in the account that you specify will be paid to you in cash unless and until you direct otherwise.

OTHER INVESTMENT INFORMATION

Sources and Price of Shares. Shares of our common stock needed to meet the requirements of the Plan for optional cash investments and dividend reinvestments will be issued directly by us; purchased in the open market on The New York Stock Exchange or in privately negotiated transactions on terms and conditions acceptable to the Plan administrator.

Any purchase of shares from us by the Plan administrator will be made pursuant to a registration statement filed with the SEC of which this prospectus is a part. The price of any shares purchased from us will be the average of the high and low sale prices as reported on the NYSE Consolidated Tape on the transaction date. We may, in our sole discretion, offer a discount on original issue shares of our common stock used to satisfy the requirements of the Plan participants for dividend reinvestments or optional cash investments. If a discount is offered, the price per share is reduced by the discount. In the case of dividend reinvestments, there will be a fee of 5% of your reinvested dividend amount up to a maximum of \$2.50 per reinvestment plus a nominal processing fee (currently \$0.05 per share). See Summary of Participation Fees on page 11.

The discount for original issue shares may vary between 0% and 5%, and will be established by us after a review of various factors, including current market conditions, the level of participation and our current and projected capital needs.

If shares are purchased in the open market, the Plan administrator may combine your purchase requests with other purchase requests received from other plan participants and will generally batch purchase types (dividend and optional cash investments) for separate execution by the Plan administrator's broker. Shares for the plan will be purchased on the NYSE or in privately negotiated transactions. The Plan administrator may also direct its broker to execute each purchase type in several batches throughout a trading day. Depending on the number of shares being purchased and current trading volume in the shares, the Plan administrator's broker may execute purchases for any batch or batches in multiple transactions and over more than one day. If different purchase types are batched, the price per share of the common stock purchased for each participant's account, whether purchased with reinvested dividends, with initial cash investments or with optional cash, shall be the weighted average price of the specific batch for such shares purchased by the Plan administrator's broker on that day to satisfy plan requirements. If shares are purchased for the Plan on the open market, the Plan administrator may, at its sole discretion, begin purchasing shares no earlier than three business days prior to any investment date and complete purchasing shares no later than 30 days after such date except where beginning at an earlier date is permissible or where completion at a later date is necessary or advisable under applicable federal regulatory and securities laws. The Plan administrator will use its best efforts to cause all funds received by it to be applied to the purchase of shares within the above discussed time period. If shares are purchased directly from us, such purchase shall take place on the investment date.

The Plan administrator may combine all participants' funds for the purpose of making purchases of shares for the same investment period under the Plan.

You do not have control or authority to direct the price or time (except for market, day limit or GTC limit orders) at which common stock is purchased or sold for Plan accounts. Therefore, you bear market risk associated with fluctuations in the price of common stock.

No interest is paid on funds held by the Plan administrator pending investment. All investments must be in U.S. dollars and are subject to collection by the Plan administrator of full face value.

There is a \$35 charge for each check, electronic funds transfer, or other investment that is rejected due to insufficient funds. The Plan administrator will consider the request for investment of such funds to be null and void, and will immediately remove from your account those shares, if any, purchased upon the prior credit of such funds. The Plan administrator will be entitled to sell shares in your account to satisfy any uncollected amount, plus the \$35 charge. If the net proceeds of the sale of those shares are insufficient to satisfy the balance of any uncollected amount, the Plan administrator is entitled to sell such additional shares from your account as may be necessary to satisfy any uncollected balance. When you enroll in the Plan, you authorize the Plan administrator to deduct this charge and sell shares from your Plan account, if necessary.

Direct Deposit. You may have any cash dividend that is not being reinvested deposited directly into your bank account. Please contact the Plan administrator for details. You may also elect direct deposit through the Plan administrator's website, www.computershare.com/investor. You may change direct deposit account information or terminate direct deposit by providing notice prior to the record date to the administrator. To be effective for a particular dividend period, the Plan administrator must receive your instructions fifteen calendar days prior to the record date for the dividend.

Selling Shares through the Plan. You can sell some or all of the shares held in your Plan account at any time by contacting the Plan administrator. You have four choices when making a sale through the Plan:

- **Batch Order:** A batch order is an accumulation of all sale requests for a security submitted together as a collective request. Batch orders are submitted on each market day, assuming there are sale requests to be processed. Sale instructions for batch orders received by the Plan administrator will be processed no later than five business days after the date on which the order is received (except where deferral is required under applicable federal or state laws or regulations), assuming the applicable market is open for trading and sufficient market liquidity exists. Batch order sales are available by submitting a written request to the Plan administrator. All sales requests received in writing via U.S. Postal mail or other overnight delivery service will be submitted as batch order sales. To maximize cost savings for batch order sales requests, the Plan administrator may combine each selling participant's shares with those of other selling participants. In every case of a batch order sale, the price to each selling participant will be the weighted average sale price obtained by the Plan administrator's broker for each aggregate order placed by the Plan administrator and executed by the broker, less a service fee of \$25 and a processing fee of \$0.12 per share sold. Proceeds are normally paid by check, which are distributed within 24 hours after the transaction has settled. All sales requests processed over the telephone by a customer service representative entail an additional fee of \$15.
- **Market Order:** A market order is a request to sell shares promptly at the current market price. Market order sales are only available through the Plan administrator's website, or by calling the Plan administrator. Market order sale requests received by telephone or through the Plan administrator's website will be placed promptly upon receipt during market hours (normally 9:30 a.m. to 4:00 p.m. Eastern time). Market order sale requests received by the Plan administrator during market hours are final and cannot be stopped or cancelled. Any orders received after 4:00 p.m. Eastern time will be placed promptly on the next day the market is open. The Plan administrator will use commercially reasonable efforts to honor requests by participants to cancel market orders placed outside of market hours. To determine if your shares were sold, you should check your account online at www.computershare.com/investor or call the Plan administrator directly at (866) 239-8177. If your market order sale was not filled and you still want the shares to be sold, you will need to re-enter the sale request. Sales proceeds will equal the market price of the sale obtained by the Plan administrator's broker, less a service fee of \$25 and a processing fee of \$0.12 per share sold. All sales requests processed over the telephone by a customer service representative entail an additional fee of \$15.
- **Day Limit Order:** A day limit order is an order to sell shares when and if they reach a specific trading price on a specific day. The order is automatically cancelled if the price is not met by the end of that day (or, for orders placed after-market hours, the next day the market is open). Depending on the number of shares being sold and the current trading volume in the shares, such an order may only be partially filled, in which case the remainder of the order will be cancelled. The order may be cancelled by the applicable stock exchange, by the Plan administrator at its sole discretion or, if the Plan administrator's broker has not filled the order, at your request made online at www.computershare.com/investor or by calling the Plan administrator directly at (866) 239-8177. A service fee of \$25 and a processing fee of \$0.12 per share sold will be deducted from the sale proceeds.
- **Good-Til-Cancelled Limit Order:** A GTC limit order is an order to sell shares when and if the shares reach a specific trading price at any time while the order remains open (generally up to 30 days). Depending on the number of shares being sold and current trading volume in the shares, sales may be

executed in multiple transactions and over more than one day. If an order is traded on more than one day during which the market is open, a separate fee will be charged for each such day. The order (or any unexecuted portion thereof) is automatically cancelled if the trading price is not met by the end of the order period. The order may be cancelled by the applicable stock exchange, by the Plan administrator at its sole discretion or, if the Plan administrator's broker has not filled the order, at your request made online at www.computershare.com/investor or by calling the Plan administrator directly at (866) 239-8177. A service fee of \$25 and a processing fee of \$0.12 per share sold will be deducted from the sale proceeds.

Any fractional share will be rounded up to a whole share for purposes of calculating the per share fee. All per share processing fees include any brokerage commissions the Plan administrator is required to pay. All sale instructions are final when the Plan administrator receives them; your sale instructions cannot be stopped or cancelled. The Plan administrator may, for various reasons, require your transaction request to be submitted in writing. You should contact the Plan administrator to determine if there are any limitations applicable to your particular sale request.

A request to sell all of your shares in your Plan account will be treated as a withdrawal from the Plan, as described in the next section.

Please note that if your account share balance falls below one share, the Plan Administrator may liquidate the fractional share, remit the proceeds to you, less any applicable commission and fees, and close your Plan account.

Closing a Plan Account. You can close your Plan account at any time by completing and sending back the Transaction Request form attached to your Plan statement, or by calling or sending written notification to the Plan administrator, or through its website. Electing to sell or withdraw all shares from your Plan account automatically terminates your Plan participation. If you close your Plan account by withdrawing all shares, the Plan administrator will transfer all whole shares in your Plan account into another book-entry account in your name and the cash value of any fractional share will be paid to you by check, less a service fee of \$25 and a processing fee of \$0.12 per share sold.

If instructions to close a Plan account for which dividends are to be reinvested are received near a dividend payment record date, the Plan administrator, in its sole discretion, may either distribute such dividends in cash or reinvest them in shares on behalf of such Plan account. In the event reinvestment is made, the Plan administrator will process the account closing as soon as practicable, but in no event later than five business days after any dividend disbursement is allocated to your Plan account. After you close a Plan account, you cannot make future investments through the Plan without re-enrolling.

We, or the Plan administrator, on our behalf, have the right to deny, suspend or terminate your participation in the Plan on grounds of excessive enrollment and termination. This is intended to minimize administrative expense and encourage long-term investment.

Account Statements. You will receive quarterly statements (or, at your request, an electronic notice) from the Plan administrator showing all of your year-to-date transactions (shares, amounts invested, purchase prices) and other account information. Supplemental statements or notices will be sent in any month when you make an initial or optional cash investment, transfer or withdrawal of shares. **Please retain your account statements to establish the cost basis of shares purchased under the Plan for income tax and other purposes.** If you need a replacement statement, you should contact the Plan administrator. There may be a fee for providing copies of statements for any period in a prior calendar year. Account information may also be obtained through the Investor Center feature of the Plan administrator's website, www.computershare.com/investor.

Reports. All notices, statements and reports will be mailed to the latest address on record with the Plan administrator. Address changes may be made in writing or by telephone to the Plan administrator.

MISCELLANEOUS

Stock Splits, Stock Dividends and Other Distributions. In the event dividends are paid in shares of our common stock or if shares of our common stock are distributed in connection with any stock split or similar transaction, each account balance will be adjusted to reflect the receipt of shares of our common stock paid or distributed. You will receive a statement or electronic notice indicating the number of shares credited to your account as a result of the transaction.

Voting of Shares. We will mail you (or, at your request, notify you electronically) proxy materials, including a proxy card representing all shares credited to your Plan account, including fractional shares, and shares held in book entry. The proxy will be voted as indicated by you in accordance with the applicable proxy voting instructions. If you do not provide any instruction on your properly signed and returned proxy card, all of your shares will be voted in accordance with the recommendations of our management. If you do not return the proxy card or you return it unsigned, none of your shares will be voted by proxy.

Limitation of Liability. We, our directors, officers, employees and the Plan administrator and its representatives are not liable for anything done in good faith or good faith omissions in administering the Plan. This includes any claim of liability based on the prices or times at which shares are purchased or sold or any change in market price of shares or for the payment, any ability to purchase shares or as to the timing of any purchase or amount of any future dividends on common stock. This is not a waiver of rights you may have under applicable securities laws.

Plan Modification or Termination. We reserve the right to suspend, terminate or modify the Plan at any time. We will notify you of any such suspension, termination or, if material, modification of the Plan. Upon termination of the Plan, any whole Plan shares will be transferred to and held in “direct registration system” form and a cash payment will be made for any fractional share less any service or processing fees. We also reserve the right to change any administrative procedures, fees and commissions of the Plan without notice. **We reserve the right to close your Plan account if you do not own at least one whole book-entry or Plan share of record.**

Unclaimed Property. To prevent your dividends and/or shares of stock from being classified as unclaimed property, please remember to cash your dividend checks in a timely manner, vote your annual proxy and keep your mailing address current. Many states are moving towards ‘owner generated activity’ to determine if an account is active. If a shareholder fails to initiate action on their account in a manner that the state specifies as acceptable and within the state dormancy period, the state may make a demand for funds and/or shares. Owner generated activity generally includes any owner-initiated transactions or account inquiries, including but not limited to: optional cash or automatic investments, withdrawals, transfers, telephone inquiries and voting your proxy.

Material U.S. Federal Income Tax Consequences. The following is a summary of material U.S. federal income tax consequences of participation in the Plan as of the date of this prospectus. This summary is limited to Plan participants who hold our common stock as a capital asset (generally, property held for investment). This summary is based on current law (including administrative guidance), is for general information only and is not tax advice. This summary may not reflect every possible situation resulting from participation in the Plan and does not address the potential application of the Medicare contribution tax on net investment income or participants subject to special treatment under the U.S. federal income tax laws (including, for example, insurance companies, partnerships and other pass-through entities, tax-exempt organizations, an accrual method taxpayer subject to special tax accounting rules as a result of such taxpayer’s use of financial statements, financial institutions, broker-dealers, participants who hold our stock as part of a “straddle,” “hedge,” “conversion transaction” or other integrated investment and participants whose functional currency is not the U.S. dollar). **All participants should consult with their own tax advisors regarding the specific tax consequences to them under applicable federal, state, local and foreign tax laws and the impact of any changes in applicable tax laws, which may have retroactive effect.**

Tax Consequences to U.S. Participants. This section applies to you if you are a U.S. participant. You are a U.S. participant if, for U.S. federal income tax purposes, you are a participant in the Plan and you are:

- an individual U.S. citizen or resident alien;
- a corporation or entity taxable as a corporation for U.S. federal income tax purposes that was created under U.S. law (federal or state);
- an estate whose worldwide income is subject to U.S. federal income tax; or
- a trust if a court within the U.S. is able to exercise primary supervision over the administration of the trust and if one or more U.S. persons have the authority to control all substantial decisions of the trust, or if it has validly elected to be treated as a U.S. person.

Initial and Optional Investments. In general, a U.S. participant who makes an initial or optional investment under the Plan will not realize gain or loss for U.S. federal income tax purposes as a result of the purchase of shares pursuant to such initial or optional investment and the participant’s tax basis in such shares will equal the purchase price of the shares (including the amount of any applicable brokerage fees). A U.S. participant’s holding period for such shares generally will begin on the day following the date on which such shares are credited to the participant’s Plan account.

Reinvestment of Dividends. In general, the full amount of cash dividends paid to a U.S. participant by us (including any amount used to pay applicable brokerage commissions for open market purchases and any amount paid with respect to fractional shares) is considered received by the U.S. participant for U.S. federal income tax purposes whether actually received or reinvested under the Plan. If a reinvested dividend is used to acquire shares of our common stock from us, a U.S. participant generally will be treated as having received a distribution in an amount equal to the fair market value of the acquired common stock (including any amounts received with respect to fractional shares). If a reinvested dividend is used to purchase common shares in the open market, a U.S. participant generally will be treated as having received a distribution equal to the amount of the cash

dividend used to make such purchase (including any amount used to pay applicable brokerage commissions and any amount received with respect to fractional shares). In all cases, the amount of distribution received by a U.S. participant, for U.S. federal income tax purposes, will include the amount of any tax withholding that was deducted from the reinvested dividend.

Generally, any such distribution (including deemed distributions described above) will be taxable to a U.S. participant as ordinary dividend income to the extent of the participant's pro rata share of our current or accumulated earnings and profits for U.S. federal income tax purposes. Dividend income recognized by a corporation may be eligible for the dividends-received deduction if certain holding period and other requirements are met. Dividend income recognized by an individual or other non-corporate participant may be taxable at the preferential rates applicable to long-term capital gain if certain holding period and other requirements are met. Otherwise, dividends will be taxable at ordinary income tax rates. The amount of any distribution in excess of a U.S. participant's pro rata share of our current and accumulated earnings and profits will reduce the participant's tax basis in the common stock with respect to which the distribution was received, and, to the extent it exceeds such tax basis, will result in capital gain that will be taxable as long-term capital gain if the distribution is with respect to shares that have been held by the participant for more than one year.

Shares of our common stock purchased on the open market or purchased from us with reinvested distributions generally will have a basis equal to the amount of the distribution a U.S. participant is treated as receiving, as described above, less the amount of any tax withholding deducted from the reinvested distribution. A U.S. participant's holding period for such shares generally will begin on the day following the date on which such shares are credited to the participant's Plan account.

Deposit or Sale of Shares. A U.S. participant generally will not realize gain or loss for U.S. federal income tax purposes upon the deposit of shares to the Plan, but generally will recognize capital gain or loss on the sale or other taxable disposition of any of its shares held in the Plan (including the receipt of cash for fractional shares). The amount of gain or loss generally will be the difference between the amount realized from the sale or other taxable disposition of shares (including amounts received with respect to fractional shares) and the tax basis of those shares (or fractional shares). Unless a U.S. participant specifically identifies the shares that are being sold, a first in, first out, or FIFO, method will be used when determining the tax basis of the shares sold. Capital gain will be taxable as long-term capital gain if such shares have been held by the participant for more than one year. Under current law, net long-term capital gains recognized by individuals and other non-corporate participants are generally eligible for taxation at a preferential rate. The deductibility of capital losses is subject to limitations.

Tax Consequences to Non-U.S. Participants. This section applies to you if you are a non-U.S. participant. A non-U.S. participant is a participant in the Plan that is neither a U.S. participant nor a partnership or other pass-through entity.

Initial and Optional Investments. The U.S. federal income tax consequences of a non-U.S. participant who makes an initial or optional investment under the Plan are similar to those consequences described above under "Tax Consequences to U.S. Participants—*Initial and Optional Investments.*"

Reinvestment of Dividends. Distributions with respect to our common stock received by non-U.S. participants (including deemed distributions described above under "Tax Consequences to U.S. Participants—*Reinvestment of Dividends,*") will be treated as dividends to the extent paid from our current or accumulated earnings and profits as determined for U.S. federal income tax purposes.

Subject to the discussions below on backup withholding and FATCA, dividends paid to a non-U.S. participant that are not effectively connected with the non-U.S. participant's conduct of a trade or business within the United States will be subject to U.S. federal withholding tax at a rate of 30% of the gross amount of the dividends (or a lower rate specified under an applicable income tax treaty). In order to receive a reduced treaty

rate, a non-U.S. participant must provide to the applicable withholding agent an IRS Form W-8BEN or W-8BEN-E (or applicable substitute or successor form) properly certifying eligibility for the reduced rate. Non-U.S. participants should consult their tax advisors regarding their entitlement to benefits under an applicable income tax treaty.

Subject to the discussions below on backup withholding and FATCA, dividends that are effectively connected with a non-U.S. participant's conduct of a trade or business in the United States and, if an income tax treaty so requires, are attributable to a permanent establishment maintained by the non-U.S. participant in the United States, are taxed on a net-income basis at the regular graduated U.S. income tax rates and in the manner applicable to U.S. persons. In that case, the applicable withholding agent will not have to withhold U.S. federal withholding tax if the non-U.S. participant complies with applicable certification and disclosure requirements (which generally are met by providing an IRS Form W-8ECI). In addition, a "branch profits tax" may be imposed at a 30% rate (or a lower rate specified under an applicable income tax treaty) on a foreign corporation's effectively connected earnings and profits for the taxable year, as adjusted for certain items.

Deposit or Sale of Shares. As described above under "Tax Consequences to U.S. Participants—*Deposit or Sale of Shares,*" a non-U.S. participant generally will not realize gain or loss for U.S. federal income tax purposes upon the deposit of shares to the Plan. Subject to the discussions of backup withholding below, any gain realized by a non-U.S. participant on the sale or other taxable disposition of any of its shares held in the Plan (including the receipt of cash for fractional shares) generally will not be subject to U.S. federal income tax, unless:

- such gain is effectively connected with the non-U.S. participant's conduct of a trade or business in the United States and, if the non-U.S. participant is entitled to the benefits under an applicable tax treaty, is attributable to a permanent establishment or a fixed base in the United States; or
- the non-U.S. participant is an individual who is present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are satisfied.

If the first bullet point applies, the non-U.S. participant generally will be subject to U.S. federal income tax with respect to such gain in the same manner as U.S. participants, as described above, unless an applicable income tax treaty provides otherwise. In addition, if such non-U.S. participant is a corporation, such non-U.S. participant may also be subject to the branch profits tax described above. If the second bullet point applies, the non-U.S. participant generally will be subject to U.S. federal income tax at a rate of 30% (or at a reduced rate under an applicable income tax treaty) on the amount by which capital gains from U.S. sources (including gains from the sale or other taxable disposition of its shares held in the Plan) exceed capital losses allocable to U.S. sources.

Information Reporting and Backup Withholding. Distributions with respect to, or the proceeds of the sale or other taxable disposition of, our common stock may be subject to information reporting. Participants that fail to provide certain U.S. federal income tax certifications in the manner required by law may be subject to U.S. federal backup withholding tax. If your dividends are subject to U.S. federal backup withholding tax, the administrator will deduct the appropriate amount of tax required to be withheld, and only the remaining amount will be reinvested in common stock, or paid to you. U.S. participants are generally not subject to U.S. federal backup withholding tax if the U.S. participant supplies a taxpayer identification number, certified under penalties of perjury, as well as certain other information or otherwise establish an exemption from backup withholding. If you are a non-U.S. participant, information reporting may apply to distributions with respect to our common stock. In addition, if you are a non-U.S. participant, you may be required to comply with certification procedures to establish that you are not a U.S. person in order to avoid backup withholding tax on distributions with respect to, and proceeds from the disposition of, our common stock.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules can be refunded or credited against your U.S. federal income tax liability, provided that the required information is timely furnished to the Internal Revenue Service. If you are subject to such withholding, you should contact your tax advisors or the Internal Revenue Service for information.

In the case of dividend reinvestments by a non-U.S. participant who is subject to U.S. federal income tax withholding on distributions, the amount of tax required to be withheld will be deducted from the amount of reinvested dividends and only the remaining amount will be invested in Plan shares. Non-U.S. participants should consult their own tax advisors regarding the applicability of U.S. federal withholding tax to them and all other tax consequences to them under applicable tax laws and any applicable tax treaties.

We must report annually to the Internal Revenue Service and to each participant the amount of all actual and deemed distributions and the amount of tax withheld from those distributions. The Plan administrator, as required, will report to the participant and to the Internal Revenue Service the proceeds from the sale of any Plan shares and the tax basis of the shares sold.

FATCA. Under the Foreign Account Tax Compliance Act and related IRS guidance concerning foreign account tax compliance rules (“FATCA”) a 30% withholding tax is imposed on dividends payable in respect of our common stock to foreign financial institutions and other non-U.S. persons that fail to comply with information reporting requirements in respect of their direct and indirect U.S. shareholders and/or U.S. accountholders. If withholding is required under these rules, the appropriate amount of tax will be deducted and only the remaining amount will be reinvested or paid. Prospective participants should consult their tax advisors regarding the effects of FATCA on their investment in the Plan.

DESCRIPTION OF COMMON STOCK

The following descriptions of our common stock and the relevant provisions of our Amended and Restated Articles of Incorporation (the “Articles of Incorporation”) and Amended and Restated By-laws (the “By-laws”) are summaries and are qualified by references to the Articles of Incorporation and By-laws, each of which is incorporated by reference as an exhibit to this registration statement, of which this prospectus is a part, as well as the applicable General and Business Corporation Law of Missouri.

General. Under our Articles of Incorporation, we are authorized to issue 612,000,000 shares of stock, divided into classes as follows:

- 12,000,000 shares of preference stock, without par value; and
- 600,000,000 shares of common Stock, without par value.

No shares of our preference stock are currently outstanding.

Dividend Rights and Limitations. The holders of our common stock are entitled to receive such dividends as our board of directors may from time to time declare, subject to any rights of the holders of our preference stock. Our ability to pay dividends depends primarily upon the ability of our subsidiaries to pay dividends or otherwise transfer funds to us.

Voting Rights. Except as otherwise provided by law and subject to the voting rights of any outstanding preference stock, the holders of our common stock are entitled to one vote for each share on all matters voted on by shareholders, including the election of directors. The holders of our common stock are not entitled to cumulative voting of their shares in the election of directors. Directors are to be elected by a majority of the votes cast by the holders of common stock entitled to vote and present in person or represented by proxy, provided that in the case of a “contested election” (as such term is defined in the By-laws), the directors will be elected by a plurality of the votes cast.

Liquidation Rights. In the event of any dissolution or liquidation of the Company, after there shall have been paid to or set aside for the holders of shares of any outstanding preference stock the full preferential amounts to which they are entitled, the holders of outstanding shares of common stock shall be entitled to receive pro rata, according to the number of shares held by each, the remaining assets available for distribution.

Miscellaneous. The outstanding shares of common stock are, and the shares of common stock sold hereunder will be upon payment for them, fully paid and nonassessable. The holders of our common stock are not entitled to any preemptive or preferential rights to subscribe for or purchase any part of any new or additional issue of stock or securities convertible into stock. Our common stock does not contain any sinking fund provisions, redemption provisions or conversion rights.

Transfer Agent and Registrar. Computershare Trust Company, N.A. acts as transfer agent and registrar for our common stock.

Business Combinations. The affirmative vote of the holders of at least 80% of the outstanding shares of common stock is required for the approval or authorization of certain business combinations with interested shareholders; provided, however, that such 80% voting requirement shall not be applicable if:

- the business combination shall have been approved by a majority of the continuing directors; or
- the cash or the fair market value of the property, securities, or other consideration to be received per share by holders of the common stock in such business combination is not less than the highest per share price paid by or on behalf of the interested shareholder for any shares of common stock during the five-year period preceding the announcement of the business combination.

Listing. The common stock of Evergy is listed on the New York Stock Exchange under the symbol “EVRG.”

LEGAL MATTERS

Legal matters with respect to the common stock offered under this prospectus will be passed upon by Jeffrey C. DeBruin, Corporate Counsel and Assistant Secretary. As of the date of this prospectus, Mr. DeBruin beneficially owned a number of shares of the Company's common stock, including restricted stock and performance shares, which may be paid in shares of common stock at a later date based on the Company's performance, which represented less than 0.1% of the total outstanding common stock.

EXPERTS
