PRELIMINARY COPY--SUBJECT TO COMPLETION

[LOGO] WESTERN RESOURCES/(R)/

December , 1996

Dear Fellow ADT Shareowner:

We are pleased to enclose for your consideration Western Resources' proxy statement and GREEN proxy card relating to the special general meeting of ADT Limited shareholders.

In the past, ADT has advised Western Resources that it is not interested in discussing a business arrangement between ADT and Western Resources that could maximize ADT's potential both in its existing security business and in the emerging market of deregulated retail energy distribution. After careful study and consideration, we have determined that the potential benefits to ADT, Western Resources and ADT's other shareowners can be best realized through a combination of Western Resources and ADT. Therefore, Western Resources is taking its proposal to combine with ADT directly to the true owners of ADT-- the ADT shareowners.

Western Resources is offering to exchange each ADT common share for \$7.50 in cash and \$15.00 in Western Resources Common Stock (provided that in no event will ADT issue more than 0.50420 shares of Western Resources Common Stock per ADT common share) (the "Offer"). Following completion of the Offer, Western Resources plans to acquire the remaining equity interest of ADT by effecting an amalgamation of a Bermuda subsidiary of Western Resources with and into ADT (the "Amalgamation").

The ADT board has established certain impediments to consummation of the Offer, including ADT's recently adopted "poison pill" shareholder rights plan pursuant to which the associated preference share purchase rights were issued. Western Resources believes that the ADT board of directors may be unwilling to amend or redeem the "poison pill" and otherwise permit the Offer to be consummated. Accordingly, Western Resources is soliciting your proxy as a shareowner of ADT to remove the present members of the ADT board and to replace them with nominees of Western Resources who presently intend to take all actions necessary to expedite consummation of the Offer and the Amalgamation, including amending or redeeming ADT's "poison pill."

Based upon the closing price of ADT common shares on December 17, 1996, the Offer represents a 12% premium over ADT's market price. In addition, the Offer provides ADT shareowners with the opportunity to invest in a combined company with the potential to become a market leader in the converging energy marketing and security industries.

TO RECEIVE THE BENEFITS OF THE OFFER, IT IS IMPORTANT THAT YOU VOTE THE GREEN PROXY CARD IN FAVOR OF WESTERN RESOURCES' NOMINEES AND PROPOSALS. ONLY YOUR LATEST-DATED PROXY WILL COUNT AT THE ADT SPECIAL MEETING.

If you have any questions concerning this Proxy Statement or the Offer or need assistance in voting your shares, please contact our Information Agent, [] at 1-800- .

YOUR VOTE IS ESSENTIAL

IF YOU WANT THE OFFER TO SUCCEED, VOTE FOR THE WESTERN RESOURCES PROPOSALS BY SIGNING, DATING AND RETURNING THE ENCLOSED GREEN PROXY CARD TODAY.

Sincerely,

/s/ Illegible

SPECIAL GENERAL MEETING OF SHAREHOLDERS
OF
ADT LIMITED

RELATING TO THE REMOVAL OF THE EXISTING BOARD OF DIRECTORS OF ADT LIMITED,
THE REDUCTION OF THE SIZE OF SUCH BOARD TO TWO DIRECTORS
AND THE ELECTION OF THE NOMINEES OF WESTERN RESOURCES, INC.

PROXY STATEMENT
OF
WESTERN RESOURCES, INC.

This Preliminary Proxy Statement and the accompanying GREEN proxy card are furnished by Western Resources, Inc., a Kansas corporation ("Western Resources"), in connection with its solicitation of proxies to be voted at the special general meeting of shareholders of ADT Limited, a company incorporated under the laws of Bermuda ("ADT"), and at any adjournments, postponements, continuations or reschedulings thereof (the "ADT Special Meeting"). This Proxy Statement is first being mailed to ADT shareholders on or about _____, 1997. Westar Capital, Inc., a Kansas corporation and a wholly owned subsidiary of Western Resources ("Westar Capital"), has requested, in accordance with the Bye-Laws of ADT (the "ADT Bye-Laws") and Bermuda law, that the ADT Special Meeting be convened on February 18, 1997; however, as of the date of this Preliminary Proxy Statement, the date, time and place for the ADT Special Meeting have not been determined. Enclosed is a copy of the Western Resources Preliminary Prospectus filed with the Securities and Exchange Commission on December 18, 1996 (the "Preliminary Prospectus") which sets forth the terms and conditions of the Offer (as hereinafter defined).

At the ADT Special Meeting, ADT shareholders will be asked to vote upon the following proposals:

- (1) The removal of all eight of the present members of the board of directors of ADT (the "ADT Board") and any person or persons elected or designated by any of such directors to fill any vacancy or newly created directorships;
- (2) The reduction of the number of seats on the ADT Board to two; and
- (3) The election of Steven L. Kitchen and Steven A. Millstein (the "Western Resources Nominees") as the directors of ADT (or, if either Western Resources Nominee is unable to serve as a director of ADT due to death, disability or otherwise, any other person designated as a Western Resources Nominee by Western Resources).

Each of the foregoing actions (collectively, the "Western Resources Proposals") is designed to expedite consummation of Western Resources' offer to acquire ADT for \$7.50 net in cash and \$15.00 in Western Resources Common Stock (as defined below). Shareholders of ADT are being asked to vote FOR each of the Western Resources Proposals on the accompanying GREEN proxy card.

WESTERN RESOURCES RECOMMENDS THAT YOU VOTE FOR EACH OF THE WESTERN RESOURCES PROPOSALS.

Western Resources has filed exchange offer materials with the Securities and Exchange Commission (the "Commission"). As soon as Western Resources' registration statement has been declared effective by the Commission, Western Resources and Westar Capital intend to commence an offer to exchange shares of common stock, par value \$5.00 per share, of Western Resources ("Western Resources Common Stock"), and cash, for each outstanding common share, par value \$0.10 per share (each a "Share" and collectively, the "Shares"), of ADT, including the associated preference share purchase rights (each, a "Right" and collectively, the "Rights") issued pursuant to the Rights Agreement, dated as of November 6, 1996, between ADT and Citibank, N.A., New York branch, as Rights Agent (the "Rights Agreement"), upon the terms and subject to the conditions set

forth in the Preliminary Prospectus and in the related Letter of Transmittal (which, together with the final Prospectus, as it may be amended or supplemented, shall constitute the "Offer"). The term "Expiration Date" means 5:00 p.m., Eastern time, on _____, 1997, unless and until Western Resources, in its sole discretion, shall have extended the period of time during which the Offer is open, in which event the term "Expiration Date" shall mean the latest time and date at which the Offer, as so extended by Western Resources, will expire.

In the Offer, each Share will be entitled to receive \$7.50 net in cash (the "Cash Consideration") and that number of shares of Western Resources Common Stock equal to the Exchange Ratio (as defined below) (the "Stock Consideration") and, together with the Cash Consideration, the "Offer Consideration"). The term "Exchange Ratio" means the quotient (rounded to the nearest 1/100,000) determined by dividing \$15.00 by the average of the high and low sales prices of Western Resources Common Stock (as reported on the New York Stock Exchange, Inc. (the "NYSE") Composite Transactions reporting system as published in The Wall Street Journal or, if not published therein, in another authoritative source) (the "Western Resources Average Price") on each of the twenty consecutive trading days ending with the third trading day immediately preceding the Expiration Date; provided, that the Exchange Ratio shall not be greater than 0.50420. Pursuant to the Exchange Ratio, each Share will be exchanged for \$7.50 net in cash and \$15.00 of Western Resources Common Stock as long as the Western Resources Average Price is \$29.75 or higher. If the Western Resources Average Price is less than \$29.75, each Share will be exchanged for \$7.50 net in cash and less than \$15.00 of Western Resources Common Stock. Western Resources Common Stock is listed for trading under the symbol "WR" on the NYSE. On December 17, 1996, the closing price of Western Resources Common Stock on the NYSE was \$31.25. Based on such closing price, the Exchange Ratio would be 0.48000 and each Share would be converted into \$7.50 net in cash and \$15.00 of Western Resources Common Stock. The Exchange Ratio will change as the market price of the Western Resources Common Stock changes. Holders of Shares ("ADT Shareholders") may call (800) _____ any time on or after the date hereof through the Expiration Date for the current Exchange Ratio calculated based on the then-current Western Resources Average Price for the twenty consecutive trading days ending with the third trading day immediately preceding the date the call is placed. The actual Western Resources Average Price and Exchange Ratio will be calculated as of the third trading day immediately prior to the Expiration Date, as described above, and a press release will be issued announcing the actual Exchange Ratio prior to the opening of the second trading day prior to the Expiration Date (as it may be extended from time to time).

Complete information regarding the Offer is contained in the Preliminary Prospectus, which is available upon request from the Information Agent for the Offer, [_____] ("[_____]"), and in the Tender Offer Statement on Schedule 14D-1, which will be filed with the Commission prior to the commencement of the Offer. The Tender Offer Statement on Schedule 14D-1 and any amendments thereto, including exhibits, should be available for inspection and copies should be obtainable in the manner set forth under the caption "Certain Information Concerning Western Resources and ADT" (except that such material will not be available at the regional offices of the Commission or at the offices of the NYSE).

The purpose of the Offer is to enable Western Resources to acquire control of ADT. Western Resources presently intends, following consummation of the Offer, to propose and seek to have ADT effect an amalgamation of a wholly owned subsidiary of Western Resources, incorporated under the laws of Bermuda ("Bermuda Sub"), with and into ADT, pursuant to the provisions of Sections 104 through 109 of the Companies Act 1981 of Bermuda, as amended (the "Companies Act"), with the amalgamated company operating under the name of ADT (the "Amalgamation"). In the Amalgamation, each then outstanding Share (other than Shares owned by Western Resources or any of its affiliates, Shares held in the treasury of ADT (if ADT is so authorized) or by any subsidiary of ADT and Shares owned by ADT Shareholders who perfect appraisal rights under Bermuda law) would be cancelled in exchange for the right to receive the Offer Consideration.

THE ACCEPTANCE OF AND PAYMENT FOR SHARES BY WESTERN RESOURCES PURSUANT TO THE OFFER IS CONDITIONED UPON ADOPTION OF THE WESTERN RESOURCES PROPOSALS. ACCORDINGLY, APPROVAL OF THE WESTERN RESOURCES PROPOSALS AT THE ADT SPECIAL MEETING WILL FACILITATE THE PROMPT CONSUMMATION OF THE OFFER.

WESTERN RESOURCES URGES ADT SHAREHOLDERS TO PRESERVE THEIR OPPORTUNITY TO ACCEPT THE SIGNIFICANT BENEFITS OF THE OFFER BY PROMPTLY SIGNING, DATING AND RETURNING THE ENCLOSED GREEN PROXY CARD. YOU MUST SEPARATELY TENDER YOUR SHARES PURSUANT TO THE OFFER IF YOU WISH TO PARTICIPATE IN THE OFFER. VOTING FOR THE WESTERN RESOURCES PROPOSALS DOES NOT OBLIGATE YOU TO TENDER YOUR SHARES PURSUANT TO THE OFFER, AND YOUR FAILURE TO VOTE FOR THE WESTERN RESOURCES PROPOSALS DOES NOT PREVENT YOU FROM TENDERING YOUR SHARES PURSUANT TO THE OFFER.

If your Shares are held in your own name, please sign, date and return the enclosed GREEN proxy card in the postage-paid envelope provided with this Proxy Statement. If your Shares are held in the name of a brokerage firm, bank or other institution, please sign, date and return the GREEN proxy card to such brokerage firm, bank or other institution in the envelope provided by that firm.

THE WESTERN RESOURCES PROPOSALS

THE REQUISITION

On December 18, 1996, Westar Capital deposited a requisition (the "Requisition") with ADT, pursuant to Section 74 of the Companies Act and Bye-Law 42 of the ADT Bye-Laws, requiring the ADT Board to convene the ADT Special Meeting so that ADT Shareholders will have the opportunity to vote on the Western Resources Proposals. Under the Companies Act and the ADT Bye-Laws, the ADT Board is required to convene the ADT Special Meeting. In the event that the ADT Board does not within twenty-one days from the date of the deposit of the Requisition convene the ADT Special Meeting, Westar Capital may itself convene the ADT Special Meeting. Westar Capital has requested that the date of the ADT Special Meeting be February 18, 1997; however, as of the date of this Preliminary Proxy Statement, the date, time and place for the ADT Special Meeting have not been determined and there can be no assurances that the ADT Special Meeting will be convened on such date.

DESCRIPTION OF THE WESTERN RESOURCES PROPOSALS

Western Resources is soliciting proxies in connection with the ADT Special Meeting for the approval of the Western Resources Proposals, which are described below. At the ADT Special Meeting, ADT Shareholders will be asked to adopt the resolutions attached as Annex 1 hereto in order to implement the Western Resources Proposals.

(1) Removal of Directors. The Western Resources Proposals include the removal of all eight of the present members of the ADT Board and any other person who may be a director of ADT at the time of the ADT Special Meeting. Pursuant to Section 93 of the Companies Act and Bye-Law 71 of the ADT Bye-Laws, any director of ADT may be removed from office as a director by a resolution of ADT Shareholders to that effect.

(2) Reduction of the Number of Seats on the ADT Board. The Western Resources Proposals include a proposal to reduce the number of seats on the ADT Board to two. Section 91(1) of the Companies Act provides that the affairs of a company shall be managed by not less than two directors. Bye-Law 52 of the ADT Bye-Laws provides that the number of directors shall be such number, not less than two, as the shareholders in general meeting may from time to time determine. The ADT Board is currently comprised of eight directors.

(3) Election of the Western Resources Nominees. The Western Resources Proposals include the election as directors of ADT of the two Western Resources Nominees named in the table below, each of whom has consented to serve as a director, if elected, until the next annual general meeting of shareholders of ADT and until his successor has been elected and qualified. Westar Capital plans to nominate each of the Western Resources Nominees in accordance with the ADT Bye-Laws which require that written notice be given of Westar Capital's intention to propose the Western Resources Nominees for election to the ADT Board, together with notice in writing signed by the Western Resources Nominees of their willingness to be elected, to the Corporate Secretary of ADT not less than 6 and not more than 28 days prior to the day appointed for the shareholder meeting at which directors are to be elected. In order to comply with the requirement of Bye-Law 53 of the ADT Bye-Laws that a director of ADT own one Share, each of the Western Resources Nominees will own at least one Share at the time of the ADT Special Meeting. Western Resources' primary purpose in seeking to elect the Western Resources Nominees to the ADT Board is to take all actions necessary to expedite consummation of the Offer and the Amalgamation. The Western Resources Nominees would also be responsible for managing the business and affairs of ADT and intend to discharge fully their obligations under Bermuda law. Although Western Resources has no reason to believe that any of the Western Resources Nominees will be unable to serve as a director of ADT, if either of the Western Resources Nominees is not available for election, the persons named as proxies on the GREEN proxy card will vote for the election of such other nominee or nominees as may be proposed by Western Resources.

ADT, and ADT Shareholders (other than Western Resources and ADT and their respective affiliates, and ADT Shareholders who perfect appraisal rights under Bermuda law) will receive the Offer Consideration in exchange for the cancellation of each Share (the "Amalgamation Agreement") and (iv) proposing an amendment to the ADT Bye-Laws providing that an amalgamation may be approved by the affirmative vote of a simple majority of the votes cast at a general meeting of ADT (the "Bye-Law Amendment").

VOTING AT THE ADT SPECIAL MEETING

Adoption of each of the resolutions to be presented at the ADT Special Meeting requires the affirmative vote of a simple majority of votes, assuming the presence of a quorum of two holders of Shares present either in person or by proxy. Such vote may be decided on a show of hands, with each ADT Shareholder present in person or by proxy entitled to one vote, provided, that if a poll is demanded, the required vote shall be determined by reference to the number of Shares voted. A poll may be demanded at the ADT Special Meeting, before or on the declaration of the result of a show of hands, by (a) the chairman of the meeting, (b) at least three ADT Shareholders present in person or represented by proxy, (c) any ADT Shareholder(s) present in person or represented by proxy holding between them not less than one-tenth of the total voting rights of the ADT Shareholders entitled to vote at the ADT Special Meeting; (d) any Sentry Shareholder(s) present in person or represented by proxy holding Shares on which an aggregate sum has been paid up equal to not less than one-tenth of the total sum paid up on all Shares entitled to vote at such meeting. Western Resources and Westar Capital intend to vote Westar Capital's Shares and those Shares for which Western Resources or its representatives hold valid proxies at the ADT Special Meeting in favor of each of the Western Resources Proposals.

The accompanying GREEN proxy card will be voted in accordance with your instructions on such card at the ADT Special Meeting. You may vote FOR the Western Resources Proposals or vote against, or abstain from voting on, the Western Resources Proposals by marking the proper box on the GREEN proxy card for the ADT Special Meeting. If no marking is made, you will be deemed to have given a direction to vote the Shares represented by the GREEN proxy card FOR the Western Resources Proposals, provided that you have signed the proxy card.

WESTERN RESOURCES RECOMMENDS A VOTE FOR THE WESTERN RESOURCES PROPOSALS.

It is not expected that any matter other than those referred to herein will be brought before the ADT Special Meeting.

REASONS FOR THE SOLICITATION

The purpose of this solicitation (the "Proxy Solicitation") is to remove all of the present members of the ADT Board, to reduce the number of seats on the ADT Board to two and to elect the Western Resources Nominees to the ADT Board in order to expedite consummation of the Offer and the Amalgamation, which Western Resources believes will be beneficial to both ADT and Western Resources shareholders.

ENHANCED BUSINESS OPPORTUNITIES

The Western Resources Board believes the combination of ADT and Western Resources will provide significant benefits to the shareholders of both companies. The combination of ADT's leading national presence and unmatched brand equity in the security business and Western Resources' strong core utility business and customer service expertise should provide the combined entity with opportunities not available to either company on its own. Following the Amalgamation, Western Resources intends to capitalize on these opportunities to become one of the leading providers of energy and energy-related products and services, including security, to homes and businesses.

As deregulation continues for electric and natural gas utilities, individual homes and businesses will have the opportunity to choose their energy providers. As this process unfolds, companies with nationally recognized brand names will have a significant advantage in marketing energy and energy-related products and services. Consummation of the Offer and the Amalgamation will position ADT to take advantage of this emerging market, as Western Resources intends to leverage ADT's strong brand name by marketing energy and energy related products and services to existing ADT customers and to new customers who know and trust the ADT brand name. Western Resources believes this package of services will add another vital dimension to the security products and services that ADT is currently marketing.

GROWTH OPPORTUNITIES IN THE SECURITY INDUSTRY

The U.S. security business is a growth industry with annual revenue of \$13 billion estimated to be growing at about 10% per year. Many opportunities for further growth exist, particularly in the residential segment.

Currently, the security industry serves approximately 17.4 million residential customers in the U.S. The number of households purchasing security alarm services each year has grown at a 13% rate in recent years with growth expected at an annual rate of 10% through the year 2000. This sustained growth will be driven by a combination of increased demand for security alarm services and the low current penetration rate. Today, only 22% of single family households and 18% of total U.S. households have the protection provided by an electronic security alarm system. With the advent of more reliable, less costly, equipment, which is easier to install, the price of the average alarm system has decreased dramatically, permitting a significantly larger segment of the population to afford this service. The average price of a residential alarm system was \$1,500 in 1990, compared with only \$1,200 today. This decrease has coincided with an increased awareness and concern over the incidence of crime, and a stronger general desire on the part of consumers to protect their families and property. Industry estimates project the penetration rate of the residential market segment at least double its current level to over 40% by the year 2005, which would result in the creation of 17.6 million new residential customers.

The commercial market penetration rate is currently estimated to be 50-60%, with a continued opportunity for growth driven by the same demand factors affecting the residential market. In addition, a large segment of the existing commercial customer base requires upgrading of older systems with newer technology, and the

integration of security enhancements such as access control and closed circuit television equipment. The cost of these technologies has decreased dramatically and now offers an economical and reliable alternative to security guards and outdated methods of controlling and documenting activities within the workplace.

In order to maximize these growth opportunities, successful industry participants would ideally utilize sophisticated mass marketing techniques to reach consumers, develop and leverage strong brand names, and fully achieve the available economies of scale. This maximization is unlikely within the current industry structure due to its high fragmentation of providers. There are presently approximately 9,000-11,000 alarm companies in the U.S. Although over 90% of such companies have less than \$500,000 in annual revenue, these same companies currently have a 75% share of the market. Only 13% of the U.S. market is controlled by larger companies with ADT having the largest share at 7%, which is more than three times the size of Canada, the next largest provider.

Western Resources believes that the security industry's characteristics of rapid growth and provider fragmentation offers a unique opportunity for the emergence of a dynamic, growth-oriented market leader. Western Resources believes it is one of the first, and most successful, energy companies to pursue the opportunities presented by the security business. Western Resources' wholly owned security subsidiary, Westar Security, has grown through acquisitions and internal growth. Westar Security currently monitors 110,000 customer accounts in eleven states, making it the tenth largest monitoring security company, by customer count, in the nation. With the addition of the customers of Westinghouse Security, Inc. ("Westinghouse Security"), Westar Security will have over 400,000 accounts in 44 states, making it the third largest security service provider in the country. See "Recent Developments." Western Resources believes that a combination of ADT's 1,100,000 residential and 600,000 commercial customers in the U.S., Canada and Europe with Western Resources' financial strength and energy businesses will expand and strengthen ADT's current industry leadership in the security business.

EXPANSION OF BRANDED ENERGY MARKETING

The electric and natural gas utility industry in the United States is rapidly evolving from a historically regulated monopolistic market to a dynamic and competitive integrated marketplace. The successful providers of energy in a deregulated market will not only provide electric or natural gas service but also a variety of other services, including security. Several factors are primarily responsible for the current trend toward deregulation in the energy industry. Three of the most significant factors are: customer demand, technology and economics. Western Resources believes that customer demand is a key element as more sophisticated consumers continue to demand new and innovative options and insist on the development of more efficient products and services to meet their energy needs. Western Resources believes that its strong core utility business provides it with the platform to offer the more efficient products and energy services that customers will desire. Furthermore, Western Resources believes it is necessary to continuously seek new ways to add value to its customers' lives and businesses. Recognizing that its current customer base must expand beyond its existing service area, Western Resources views every person, whether in the United States or abroad, as a potential customer. Western Resources also recognizes that its potential to emerge as a leading national energy and energy-related services provider is enhanced by having a strong brand name. Western Resources has been establishing its brand identity through the Westar Security name. The combination of Western Resources and ADT would immediately provide an ideal brand name to capitalize on the emerging security and energy marketplaces.

The U.S. electric industry had retail revenues of approximately \$200 billion, serving approximately 117 million homes and businesses, and the U.S. natural gas retail industry had revenues of approximately \$100 billion, serving approximately 58 million homes and businesses in 1995. In Western Resources' view, the deregulation of the energy business will result in a model similar to that used by the long-distance telecommunications industry, with low-cost providers serving customers throughout the country. However, unlike the long-distance telecommunications market which is dominated by large companies with powerful brands, today's energy market is highly fragmented. In 1995, no utility company had a market share in the U.S. greater than 4%. It is Western Resources' view that this market fragmentation presents a superior opportunity for national industry leaders to emerge. Western Resources believes that a combination with ADT will give it the brand name recognition and complementary services to excel in the emerging deregulated electric and natural gas markets.

In Western Resources' view, there are several product and service streams into any home or business, two being energy and security. The combination of Western Resources and ADT will allow the combined company to integrate energy, energy-related products and services, and security into a packaged group of products and services to homes and businesses under the internationally recognized ADT brand name. Western Resources believes that energy and security are naturally compatible services with many similar operating requirements such as installation, maintenance, billing and monitoring.

To date, ADT's management has not recognized the opportunities presented by the deregulation of the energy industry. Western Resources believes that a combination of the strong core utility business and customer service skills of Western Resources and the brand name, customer base and support infrastructure of ADT will provide both Western Resources and ADT shareholders with an invaluable opportunity to succeed in the security and energy markets. As the retail electric and natural gas markets become fully open to competition, substantial opportunities exist to increase market share and to sell a menu of integrated services which enhance the comfort and security of energy customers.

COST SAVINGS FROM OPERATIONAL SYNERGIES

Western Resources believes that the combination of Western Resources' and ADT's businesses following consummation of the Offer and the Amalgamation would lead to cost savings due to various operating synergies. Western Resources estimates that operational savings would be achieved by adopting the best practices of each of Western Resources and ADT, consolidating facilities and redundant operations, and integrating various corporate and administrative functions, including, but not limited to, finance, accounting, and purchasing.

THE OFFER

Western Resources has filed exchange offer materials with the Commission. As soon as Western Resources' registration statement is declared effective by the Commission, Western Resources and Westar Capital intend to commence the Offer in order to exchange the Offer Consideration for each outstanding Share, and associated Right, upon the terms and subject to the conditions set forth in the final Prospectus and in the related Letter of Transmittal.

The purpose of the Offer is to enable Western Resources to acquire control of ADT. Western Resources presently intends, following consummation of the Offer, to propose and to effect the Amalgamation. In the Amalgamation, each then outstanding Share (other than Shares owned by Western Resources or any of its affiliates, Shares held in the treasury of ADT (if ADT is so authorized) or by any subsidiary of ADT and Shares owned by ADT Shareholders who perfect appraisal rights under Bermuda law) would be cancelled in exchange for the right to receive the Offer Consideration.

OFFER PREMIUM AND DIVIDEND IMPACT

Western Resources believes that the Offer is in the best interests of ADT Shareholders because, among other things, the Offer Consideration represents a substantial premium to the price per Share prior to (i) the public announcement of Westar Capital's initial investment in ADT, and (ii) the public announcement of the Offer. The following table shows the premium of the Offer Consideration over the closing per Share price on the NYSE on the last trading day immediately prior to such events.

	ADT OFFER PRICE*	ADT SHARE PRICE	PERCENT DIFFERENTIAL**
December 21, 1995, the last trading day before the public announcement of Westar Capital's initial investment in ADT.....	\$22.50	\$13.50	66.7%
December 17, 1996, the last trading day before the public announcement of the Offer.....	\$22.50	\$20.13	11.8%

* Assumes the Offer Consideration is \$7.50 net in cash and \$15.00 of Western Resources Common Stock per Share.
 **Based on the closing prices of Western Resources Common Stock and Shares on the indicated dates.

In addition to these substantial per Share price premiums, the Offer also provides ADT Shareholders the opportunity to receive an ongoing cash return on their ADT investment in the form of dividends on Western Resources Common Stock. Western Resources has paid dividends every year since its formation in 1924 and dividends have been increased every year since 1958 (except for 1975, in which the dividend remained unchanged). It has been Western Resources' past practice to return a substantial portion of its earnings to shareholders in the form of dividends, Western Resources does not anticipate any significant change with respect to such dividend practice as a result of the Offer or the Amalgamation. However, the declaration of future dividends will depend upon future earnings, the financial condition of Western Resources and other factors.

THE EXCHANGE RATIO

The per Share price premium which ADT Shareholders will receive in the Offer, and the dividend which ADT Shareholders will receive as holders of Western Resources Common Stock, will depend on the Exchange Ratio at the time of consummation of the Offer. Such Exchange Ratio will be determined based on the Western Resources Average Price; provided, that the Exchange Ratio will not be more than 0.50420 shares of Western Resources Common Stock per Share. The amount of cash provided in the Offer will be \$7.50 net per Share, regardless of the level of the Exchange Ratio. Pursuant to the Offer, each Share will be exchanged for \$7.50 net in cash and \$15.00 of Western Resources Common Stock as long as the Western Resources Average Price is \$29.75 or higher. If the Western Resources Average Price is less than \$29.75, then each Share will be exchanged for \$7.50 net in cash and less than \$15.00 of Western Resources Common Stock.

The following chart sets forth a range of possible Western Resources Average Prices and the corresponding (i) Exchange Ratio, (ii) the dollar value of the Stock Consideration to be received per Share, (iii) the dollar value of the Cash Consideration to be received per Share, (iv) the total dollar value of the Offer Consideration to be received per Share, (v) Share price premium over the closing Share price on the last trading day prior to the public announcement of the Offer, (vi) Share price premium over the closing Share price on the last trading day prior to the public announcement of Westar Capital's initial investment in ADT, and (vii) equivalent 1996 dividend per Share. The Western Resources Average Prices set forth below are for illustrative purposes only and are not intended to be an exhaustive list of Western Resources Average Prices. There can be no assurance that the actual Western Resources Average Price will be in the range set forth below.

CERTAIN CONDITIONS OF THE OFFER

Western Resources' obligation to exchange the Offer Consideration for Shares pursuant to the Offer will be conditioned upon, among other things, the satisfaction or, where applicable, waiver of the following conditions: (i) there being validly tendered and not withdrawn prior to the Expiration Date a number of Shares which, together with Shares owned by Western Resources and its affiliates, will constitute at least a majority of the total number of outstanding Shares on a fully diluted basis (as though all options or other securities convertible into or exercisable or exchangeable for Shares had been so converted, exercised or exchanged) as of the date the Shares are accepted for exchange by Western Resources pursuant to the Offer (the "Minimum Tender Condition"), (ii) approval of the issuance of shares of Western Resources Common Stock in connection with the Offer and the Amalgamation and approval of an amendment to the Amended and Restated Articles of Incorporation of Western Resources to increase the number of shares of Western Resources Common Stock authorized for issuance, by the holders on the applicable record date (voting as a single class) of a majority of

the shares of Western Resources Common Stock and Western Resources preferred stock outstanding (the "Western Resources Shareholder Approval Condition"), (iii) the approval by a majority of those Shares voting at the ADT Special Meeting of the Western Resources Proposals (the "ADT Shareholder Approval Condition"), (iv) the ADT Board having redeemed the Rights or amended the Rights Agreement so that the Rights are inapplicable to the acquisition of Shares pursuant to the Offer, or Western Resources being otherwise satisfied in its sole discretion that the Rights are invalid or are not applicable to the acquisition of Shares pursuant to the Offer (the "Rights Plan Condition"), (v) Western Resources and Westar Capital being satisfied, in their sole discretion, that the provisions of Bye-Law 104 and Bye-Law 46 of the ADT Bye-Laws do not and will not apply to Western Resources, Westar Capital or the acquisition of Shares pursuant to the Offer so as (A) to require Western Resources or Westar Capital to comply with the provisions of Bye-Law 104 of the ADT Bye-Laws or (B) to prevent Western Resources, Westar Capital or any of their affiliates from voting Shares owned by any of them at any time (the "ADT Bye-Law Condition"), (vi) the receipt by Westar Capital of a final judgment from a court of competent jurisdiction declaring the Republic Warrant invalid or the expiration of the Republic Warrant prior to the Expiration Date without having been exercised (the "Republic Warrant Condition"), and (vii) all regulatory approvals required to consummate the Offer having been obtained and remaining in full force and effect, all statutory waiting periods in respect thereof having expired and no such approval containing any conditions or restrictions which the Western Resources Board of Directors (the "Western Resources Board") determines will or could be expected to materially impair the strategic and financial benefits expected to result from the Offer (the "Regulatory Approval Condition"). For a complete discussion of the conditions of the Offer, see "The Offer--Conditions of the Offer" in the Preliminary Prospectus.

TIMING OF THE OFFER

The Offer is currently scheduled to expire on _____, 1997; however, it is Western Resources' current intention to extend the Offer from time to time as necessary until all conditions to the Offer have been satisfied or waived. Western Resources expects that the Western Resources Shareholder Approval Condition will be satisfied at a special meeting of Western Resources shareholders to be held on February 11, 1997 (the "Western Resources Special Meeting"). Western Resources currently anticipates that all of the other conditions to the Offer will be satisfied by the time that each of the ADT Shareholder Approval Condition and the Rights Plan Condition is satisfied.

THE RIGHTS AGREEMENT

The Rights Plan Condition may be satisfied in a number of ways, including the following: (i) the current ADT Board may redeem the Rights or amend the Rights Agreement so that the Rights would not be triggered by the Offer and the Amalgamation, (ii) following the satisfaction of the ADT Shareholder Approval Condition, the newly elected ADT Board may, subject to its fiduciary obligations, take such actions as may be necessary with respect to the Rights so that they would not be triggered by the Offer and the Amalgamation, or (iii) Western Resources may be successful in its litigation seeking, among other things, the invalidation of the Rights or an injunction requiring the ADT Board to redeem the Rights. See "Prospectus Summary--Litigation" and "Litigation."

Set forth below is certain additional information concerning the Rights.

On November 4, 1996, the ADT Board declared a dividend of one Series A First Preference Share Purchase Right for each Share in issue at the close of business on November 15, 1996 and the issuance of one Right with respect to each Share issued after such date but prior to the Distribution Date (as defined below).

The terms of the Rights are set forth in the Rights Agreement. The following description of the Rights does not purport to be complete and is qualified in its entirety by reference to the Rights Agreement which is further described and filed as an exhibit to the ADT Form 8-A.

After the Distribution Date, each Right entitles the holder thereof to purchase from ADT one hundredth of a Series A First Preference Share at a price of \$90 (the "Purchase Price"), subject to adjustment for dilution. The Rights are not exercisable and will not separate from the Shares until the distribution date (the "Distribution Date") which occurs on the earlier to occur of (i) the close of business on the tenth day (or such later date as

may be designated by a majority of the Continuing Directors (as defined below) following the date of the first public announcement that a person (other than certain persons described below) has become the beneficial owner of 15% or more of the Shares then issued and outstanding (an "Acquiring Person") (such date of public announcement being a "Share Acquisition Date") or (ii) the close of business on the tenth business day (or such later date as may be designated by a majority of the Continuing Directors) following the commencement of a tender or exchange offer which would result in the person making the tender or exchange offer becoming an Acquiring Person. None of ADT, a subsidiary of ADT, an employee benefit plan of ADT or of any of its subsidiaries or any person organized, appointed or established by ADT or any of its subsidiaries for or pursuant to such a plan may be considered an Acquiring Person. In addition, a person (together with its affiliates and associates) (a "Grandfathered Person") owning 15% or more of the issued and outstanding Shares (such person's share percentage being a "Grandfathered Percentage") is not an Acquiring Person if such person acquired its Shares prior to 5:00 p.m., Eastern time, on November 4, 1996, provided that such Grandfathered Person will become an Acquiring Person if its Grandfathered Percentage increases. Under this formulation, each of Western Resources and Westar Capital is a "Grandfathered Person."

A "Continuing Director" is defined under the Rights Agreement to be any member of the ADT Board who, while such person is a member of the ADT Board, is not an Acquiring Person (or an affiliate or associate thereof) or a representative or nominee of an Acquiring Person or of any such affiliate or associate and either (i) was a member of the ADT Board immediately prior to the time any person becomes an Acquiring Person or (ii) subsequently becomes a member of the ADT Board, if such person's nomination for election or election to the ADT Board is recommended or approved by a majority of the Continuing Directors.

After any person becomes an Acquiring Person, each Right (other than Rights beneficially owned by an Acquiring Person and its affiliates and associates, or transferees thereof) will entitle the holder thereof to purchase, for the Purchase Price, Shares having a market value equal to twice the Purchase Price.

In the event that, after a Share Acquisition Date, (i) ADT consolidates, amalgamates, or otherwise combines with any other person and ADT is either not the continuing or surviving corporation or the Shares are changed or exchanged or (ii) ADT or one of its subsidiaries sell, or otherwise transfer, assets or earning power aggregating more than 50% of the assets or earning power of ADT and its subsidiaries taken as a whole, each Right will entitle the holder thereof to purchase, for the Purchase Price, a number of shares of common stock of the other party to such business combination or sale having a market value equal to twice the Purchase Price.

The Rights may be redeemed at a redemption price of \$.01 per Right at any time prior to the earlier of (i) the close of business on the tenth day following the Share Acquisition Date (or such later date as a majority of the Continuing Directors may designate prior to such time as the Rights are no longer redeemable) and (ii) November 14, 2005. If the Rights are to be redeemed on or after the Share Acquisition Date after there has been a change in the majority of the directors on the ADT Board as a result of a proxy or consent solicitation and a participant in such solicitation has stated that such person intends to take, or may consider taking, any action which would result in such person becoming an Acquiring Person or would result in the occurrence of any of the events specified in the immediately preceding paragraph, a majority of the Continuing Directors will be required to authorize such redemption.

The Rights Agreement may be amended in any respect prior to the Distribution Date. After the Distribution Date, the Rights Agreement may be amended in certain respects, if such amendments would not adversely affect the interest of the holders of Rights (other than the Acquiring Person and any of its affiliates or associates). After an Acquiring Person has become such, to be effective, any amendment must be approved by a majority of the Continuing Directors.

Unless previously redeemed in accordance with terms of its Agreement, the Rights will expire on November 14, 2005.

The Rights have certain anti-takeover effects. The Rights will cause substantial dilution to a person or group of persons that attempts to acquire ADT in a manner which causes the Rights to become exercisable.

ADT BYE-LAWS AND THE UNITED KINGDOM CITY CODE PROVISIONS

Following their election, the Western Resources Nominees do not currently intend to serve notice pursuant to Bye-Law 104 or 46 of the ADT Bye-Laws ("Bye-Law 104" and "Bye-Law 46," respectively) upon Western Resources or any affiliate of Western Resources that, following consummation of the Offer, owns 30% or more of the Shares. Thus, in the event the Western Resources Nominees are elected at the ADT Special Meeting, Western Resources believes that Bye-Law 104 and Bye-Law 46 of the ADT Bye-Laws should not apply to Western Resources or its affiliates and that the ADT Bye-Law Condition should, therefore, be satisfied.

ADT Bye-Law 104

Pursuant to Bye-Law 104(1)(A) of the ADT Bye-Laws, where any person is or becomes interested in Shares, whether as a result of one transaction or a series of transactions, in circumstances in which such person would be obligated to make an offer to shareholders of ADT or to the holders of every class of securities convertible into, or of rights to subscribe for, share capital of ADT under the Rules of the City Code on Take-overs and Mergers of the United Kingdom of Great Britain and Northern Ireland, as amended (the "City Code"), the ADT Board may require such person to make an offer under the City Code as if the City Code applied to ADT, provided that references in the City Code to the "Panel" will be construed as if they were references to the ADT Board. Rule 9 of the City Code, as it is applied by the ADT Bye-Laws, provides that, except with the consent of the ADT Board, when any person (and persons acting "in concert" with such person) acquires shares which carry 30% or more of the voting rights of a company, such person must make an offer for all shares of that class (whether voting or non-voting). The offer must be for cash or offer a cash alternative, in each case at not less than the highest price paid (in cash or otherwise) for shares of the same class by the offeror, or anyone acting in concert with the offeror, during the offer period and within the 12 months prior to commencement of the offer.

Pursuant to Bye-Law 104(3) of the ADT Bye-Laws, where any person is interested, whether as a result of a series of transactions over a period of time or not, in 30% or more of the outstanding Shares, the ADT Board may demand that a cash offer for all of the outstanding voting or nonvoting securities of ADT be made if the ADT Board determines that an offer pursuant to Bye-Law 104(1)(A) of the ADT Bye-Laws is not expedient or if a person required to make such an offer fails to do so. Pursuant to Bye-Law 104(4) of the ADT Bye-Laws, if the ADT Board serves a notice under Bye-Law 104(3) of the ADT Bye-Laws, the ADT Board may also require that the offeror offer to purchase securities of ADT convertible into voting or non-voting shares of ADT on terms considered "fair and reasonable" by the ADT Board in its sole discretion. Such offer must be made within 30 days of the demand. Unless the ADT Board otherwise agrees, an offer for each class of ADT capital stock under Bye-Laws 104(3) and 104(4) of the ADT Bye-Laws must be for cash or must offer a cash alternative at not less than the highest price paid by the offeror or any person acting in concert with it for shares of such class within the preceding 12 months. Such offer must remain open for at least 14 days after the date on which it becomes unconditional as to acceptances and, in the case of an offer under Bye-Law 104(3) of the ADT Bye-Laws, must provide that all shares will be purchased within 21 days of the offer becoming unconditional in all respects.

ADT Bye-Law 46

Subject to any rights or restrictions attached to any class of capital stock of ADT, at any meeting of ADT, a shareholder present in person or by proxy is entitled, on a poll, to one vote for each share held by such shareholder. Pursuant to Bye-Law 46 of the ADT Bye-Laws, a ADT Shareholder is not entitled (except as a proxy for another shareholder) to be present or to vote at any meeting if such ADT Shareholder received a notice under Bye-Law 104 of the ADT Bye-Laws stating that upon failure to make an offer pursuant to Bye-Law 104 of the ADT Bye-Laws before a period of not less than 28 days from the date of service of such notice the ADT Shareholder would not be entitled to vote and the shareholder upon whom such notice was served (i) fails to make such an offer within the period so specified, or (ii) having made such an offer or acquired shares of ADT in contravention of a notice served under Bye-Law 104 of the ADT Bye-Laws, fails to remedy such noncompliance.

If elected, the Western Resources Nominees intend to take all actions necessary and desirable to facilitate consummation of the Offer and the Amalgamation, including, among other things, not invoking the provisions of Bye-Law 104 or Bye-Law 46 of the ADT Bye-Laws in connection with the acquisition of Shares by Western Resources pursuant to the Offer or otherwise.

The foregoing does not purport to be a complete description of Bye-Law 104 or Bye-Law 46 of the ADT Bye-Laws. ADT Shareholders are urged to, and should, read Bye-Law 104 and Bye-Law 46 of the ADT Bye-Laws, copies of which are included herein as Schedules E and F, respectively.

If the Offer is consummated, Western Resources and its affiliates will own a majority of the outstanding Shares. Accordingly, Western Resources and its affiliates will at such time have sufficient voting power in ADT to approve the Bye-Law Amendment and the Amalgamation Agreement independently of the vote of any other ADT Shareholders. Western Resources presently intends to vote any and all Shares then owned by Western Resources and its affiliates to approve such proposals.

The Amalgamation will be subject to certain conditions, including the consent of the Minister of Finance of Bermuda (the "Minister of Finance"). As soon as practicable following the acceptance of Shares by Western Resources pursuant to the Offer, the newly elected ADT Board presently intends to cause all necessary actions to be taken to seek the consent of the Minister of Finance to the Amalgamation. Western Resources has no reason to believe that the Minister of Finance will not grant approval for the Amalgamation; however, there can be no assurance that the Minister of Finance would grant his consent for the Amalgamation. An adverse decision by the Minister of Finance may not be subject to appeal or review in any court. Western Resources also presently intends to condition the Amalgamation upon holders of not more than 5% of the outstanding Shares at the effective time of the Amalgamation perfecting appraisal rights with respect to the Amalgamation pursuant to Section 106(6) of the Companies Act. See "Absence of Appraisal Rights."

ADT

The following information concerning ADT is derived from ADT's Annual Report on Form 10-K for the period ended December 31, 1995:

ADT was incorporated in Bermuda on September 28, 1984 under the name Hawley Group Limited and is an exempted company limited by shares with its registered office at Cedar House, 41 Cedar Avenue, Hamilton HM12 Bermuda. The executive office of the subsidiary which supervises ADT's North American activities is located in the United States at One Boca Place, 2255 Glades Road, Suite 421A, Boca Raton, Florida 33431, and its telephone number is (407) 997-8406.

ADT is currently engaged in two service businesses: electronic security services in North America and Europe and vehicle auction and related services in the United States. ADT is the largest provider of electronic security services in North America and the largest provider in the United Kingdom, providing continuous monitoring of commercial and residential security systems for 1.6 million customers. ADT is also the second

largest provider of vehicle remarketing services in the United States, operating a network of 28 vehicle auction centers.

ADT's principal activities in the electronic security services businesses are the electronic monitoring of its installed base of security systems and the installation of new, monitored security systems to add to its installed base. Monitored systems may be sold or, as is most often the case, ADT may retain ownership of installed systems. ADT receives contractual recurring fees for monitoring security systems through its electronic monitoring centers and for maintenance of security systems installed at customer premises and other related services. ADT sells, installs and maintains monitored security systems, integrated electronic security systems and other electronic security products for additional fees. In 1995, approximately 60% of ADT's total electronic security services revenues in North America and Europe were derived from contractually recurring fees for electronic monitoring and maintenance of security systems installed at customer premises and other related services. The remainder of ADT's security revenues were derived from the outright sale and installation of security systems, the installation of security systems in accordance with a monitoring service agreement and the maintenance of security systems on a non-contractual basis.

In September 1996, ADT acquired the entire equity interest in Automated Security (Holdings) PLC, a United Kingdom company ("ASH"). ASH is engaged in the provision of electronic security services in North America and Europe.

In a press release issued by ADT on November 6, 1996, ADT announced its intention to sell its United States vehicle auction business. ADT's vehicle auction business operates a network of large modern auction centers which provide an organized wholesale marketplace for the sale and purchase of used vehicles. Principal sellers, or consignors, include new and used vehicle dealers, vehicle manufacturers, fleet operators, leasing companies, financial institutions and government agencies. Principal purchasers include franchise and non-franchise vehicle dealers and distributors who acquire vehicles to sell in the retail market.

Western Resources and ADT are subject to the informational requirements of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and in accordance therewith file reports, proxy statements and other information with the Commission. Copies of information may be obtained from the Public Reference Section of the Commission at 450 Fifth Street, N.W., Washington, D.C. 20549 at prescribed rates. The Western Resources Common Stock and the Shares are listed and traded on the NYSE. The Shares are also listed and traded on the London Stock Exchange, the Frankfurt Stock Exchange and the Bermuda Stock Exchange. Reports, proxy statements and other information filed by Western Resources and ADT with the Commission may be inspected at the offices of the NYSE, 20 Broad Street, New York, New York 10005.

Pursuant to Rule 409 promulgated under the Securities Act of 1933, as amended, and Rule 12b-21 promulgated under the Exchange Act, Western Resources plans to request that ADT and its independent public accountants, Coopers & Lybrand, L.L.P., provide to Western Resources the information required for complete disclosure concerning the business, operations, financial condition and management of ADT. Neither ADT nor Coopers & Lybrand, L.L.P. has yet provided any information in response to such request. Western Resources will provide any and all information which it receives from ADT or Coopers & Lybrand, L.L.P. prior to the ADT Special Meeting and which Western Resources deems material, reliable and appropriate in a subsequently prepared supplement hereto.

BACKGROUND OF THE SOLICITATION

In the past, ADT has advised Western Resources that it is not interested in discussing a business arrangement between ADT and Western Resources that could maximize ADT's potential both in its existing security business and in the emerging market of deregulated retail energy distribution. After careful study

and consideration, Western Resources determined that potential benefits to ADT, Western Resources and the companies' respective shareholders can be best realized through a combination of Western Resources and ADT, and has, therefore, decided to proceed with the Offer.

In December 1995, Western Resources entered into a stock purchase agreement with Laidlaw Transportation, Inc. ("Laidlaw"), and Laidlaw, Inc., pursuant to which Westar Capital subsequently purchased a total of 30,800,000 Shares, on or prior to March 18, 1996, at an average price of \$14.40 per Share. Since March 18, 1996, from time to time Westar Capital has purchased Shares in the open market at prevailing market prices. Westar Capital owns 38,287,111 Shares, or approximately 27% of the outstanding Shares, including 14,115 Shares issuable upon exchange of 500 LYONS, which are exchangeable for Shares at a rate of 28.23 Shares per LYON.

On July 1, 1996, ADT entered into an Agreement and Plan of Amalgamation (the "Republic Agreement") with Republic Industries, Inc. ("Republic") and Republic Sub Ltd., a newly created wholly owned subsidiary of Republic ("Republic Sub"). Pursuant to the terms of the Republic Agreement, Republic Sub was to be amalgamated with and into ADT with the amalgamated company operating under the name of ADT. Pursuant to the terms of the Republic Agreement, ADT granted to Republic a warrant to subscribe for 15 million Shares at a purchase price of \$20 per share, subject to adjustment (the "Republic Warrant"). The Republic Warrant was to become exercisable for a period of six months following the termination of the Republic Agreement. On September 30, 1996, ADT and Republic jointly announced the termination of the Republic Agreement citing uncertainty attributable to market conditions, and amended the Republic Warrant to include certain restrictions on the issuance of Shares pursuant thereto and the transfer of such Shares by Republic to persons with interests in 10% or more of ADT. As described below, Western Resources has commenced litigation challenging the validity of the Republic Warrant. See "Litigation."

On November 4, 1996, ADT declared a distribution of one Right for each outstanding Share, payable to holders of record as of the close of business on November 15, 1996, pursuant to the Rights Agreement. The Rights Agreement provides, among other things, that after certain persons acquire 15% or more (or, in certain limited situations, a greater percentage) of the issued and outstanding Shares, holders of Shares (other than such persons) will be entitled to purchase Shares at half of the current market value and that if, after such an acquisition, ADT is involved in an amalgamation, other business combination or certain sale transactions, holders of Shares (other than such persons) will be entitled to purchase either Shares, or common stock of the other party to such transaction, at half of the current market value of such securities. See "The Offer--Conditions of the Offer--Rights Agreement" and "--ADT Rights" in the Preliminary Prospectus.

On November 6, 1996, ADT announced its intention to sell its United States vehicle auction business.

On December 17, 1996, the Western Resources Board met and determined to proceed with the Offer. On December 18, 1996, in the letter set forth below to Mr. Michael A. Ashcroft, Chairman of the Board, President and Chief Executive Officer of ADT, Mr. John E. Hayes, Jr., Chairman of the Board and Chief Executive Officer of Western Resources, informed Mr. Ashcroft and the ADT Board of Western Resources' intention to pursue the Offer and the Amalgamation and encouraged Mr. Ashcroft and the ADT Board to meet with Western Resources to discuss the possibility of a mutually beneficial negotiated transaction.

December 18, 1996

Mr. Michael A. Ashcroft
ADT Limited
Cedar House
41 Cedar Avenue
Hamilton HM12
Bermuda

Dear Michael:

We have demonstrated our belief in ADT's future by investing \$589 million to purchase 27% of ADT's outstanding common shares, making us ADT's largest shareowner. In the past you and your board

have advised us that you are not interested in discussing a business arrangement between our companies that could maximize ADT's potential, both in its existing security business and in the emerging market of deregulated retail energy distribution.

Now, after careful study and consideration, we have determined that the potential benefits to ADT, Western Resources and ADT's other shareowners from a combination of Western Resources and ADT are simply too compelling to ignore. We firmly believe that this combination will provide significant benefits to our respective shareowners, customers and employees not available to either company on its own.

We believe ADT's full potential can only be realized in a strategic business combination. In our proposed transaction, ADT shareowners will become a part of one of the most innovative and dynamic companies in the business of making people's lives safer and more comfortable. Our subsidiary, Westar Security, is one of the fastest growing security companies in the nation. Combined with ADT, the leading brand name in the security industry, Western Resources will serve the energy and security needs of customers across the country and around the world.

Western Resources, therefore, will file with the Securities and Exchange Commission a preliminary prospectus for an offer by Western Resources to ADT shareowners. Under our proposed offer, ADT shareowners (other than Western Resources and its affiliates) will receive \$7.50 net in cash and \$15.00 of Western Resources common stock in exchange for each ADT common share, up to a maximum of 0.50420 shares of Western Resources common stock. Based upon the closing price of ADT common shares on December 17, 1996, our proposal represents a 12% premium above ADT's market price.

In order to ensure ADT's other shareowners receive the chance to consider our proposal for themselves, we will also demand a special general meeting of ADT shareowners for the purposes of (i) removing the present members of the ADT board, (ii) reducing the number of seats on the ADT board from eight to two, and (iii) electing Western Resources' nominees to the ADT board. We will also file preliminary proxy materials relating to such special meeting. Once the Western Resources nominees are elected to the ADT board, Western Resources intends to consummate the exchange offer and a subsequent amalgamation pursuant to which Western Resources will acquire 100% of ADT's equity.

We trust that you and the other members of ADT's board will consider the best interests of ADT's shareowners, customers and employees and agree to meet with us to achieve a mutually beneficial transaction, that ensures that ADT executives and employees will enjoy exciting opportunities for career growth with the combined company. We are, however, committed to achieving the strategic benefits of a business combination of ADT and Western Resources and prepared to take all necessary steps to ensure that we and ADT's other shareowners have the opportunity to decide the future of our investment in ADT.

I look forward to hearing from you soon.

Sincerely,

/s/ John

On December 18, 1996, Western Resources also publicly announced its intention to commence the Offer and filed this Preliminary Proxy Statement with the Commission for use in soliciting proxies from ADT Shareholders to approve the Western Resources Proposals at the ADT Special Meeting. On December 18, 1996, Westar Capital deposited the Requisition with ADT, requiring the ADT Board to convene the ADT Special Meeting.

LITIGATION

On December 18, 1996, Western Resources announced that Westar Capital had commenced litigation in the United States District Court for the Southern District of Florida charging ADT and the ADT Board with breaches of their fiduciary duties to ADT and the ADT Shareholders. Specifically, the complaint alleges, among other things, that the ADT Board breached its fiduciary duty to ADT and the ADT Shareholders in connection with the grant of the Republic Warrant and use of the ADT Rights Agreement. Republic is also joined in the lawsuit.

The lawsuit seeks injunctive relief and unspecified damages.

WESTERN RESOURCES' OFFER FOR KCPL

Kansas City Power & Light Company, a Missouri corporation ("KCPL"), is a public utility engaged in the generation, transmission, distribution and sale of electricity to approximately 430,000 customers in western Missouri and eastern Kansas.

On July 8, 1996, Western Resources commenced an offer (the "KCPL Offer") to exchange shares of Western Resources Common Stock for each outstanding share of common stock, without par value, of KCPL ("KCPL Common Stock"). The purpose of the KCPL Offer is to obtain control of, and ultimately the entire equity interest in, KCPL.

Western Resources intends, as soon as practicable after consummation of the KCPL Offer, to seek to merge KCPL with and into itself (the "KCPL Merger"). Pursuant to the exchange ratio in the KCPL Offer, KCPL shareholders would receive \$31.00 of Western Resources Common Stock in exchange for each share of KCPL Common Stock, subject to a maximum of 1.100 and a minimum of 0.933 shares of Western Resources Common Stock for each share of KCPL Common Stock. According to KCPL's Quarterly Report on Form 10-Q for the period ended September 30, 1996, as of November 5, 1996, there were 61,904,744 shares of KCPL Common Stock outstanding. Based on the number of shares of KCPL Common Stock outstanding on November 5, 1996, if the KCPL Offer and KCPL Merger were consummated, KCPL shareholders would receive approximately 61,409,506 shares of Western Resources Common Stock, representing approximately 31.5% of the total Western Resources Common Stock (assuming that the Offer and the Amalgamation had previously been completed). Western Resources reserves the right, in its sole discretion, at any time or from time to time to amend or terminate the KCPL Offer in accordance with its terms.

On November 15, 1996, representatives of Western Resources' and KCPL's respective boards and managements met and had a cordial discussion regarding the proposed KCPL Merger. On November 25, 1996, representatives of Western Resources' and KCPL's respective boards and managements met again and continued their discussions.

As of December 13, 1996, the most recently scheduled expiration date for the KCPL Offer, approximately 29.6 million shares of KCPL Common Stock, or 48% of the outstanding shares of KCPL Common Stock, had been tendered to Western Resources pursuant to the KCPL Offer. Western Resources believes that this level of tenders demonstrates the support of KCPL shareholders for a merger of Western Resources and KCPL. On December 13, 1996, Western Resources issued a press release which stated that Western Resources and KCPL have agreed to proceed with substantive merger negotiations between now and January 15, 1997, the newly scheduled expiration date for the KCPL Offer. Although there can be no assurance that any agreement will result from such negotiations, if a definitive merger agreement is reached prior to January 15, 1997, it is Western Resources' present intention to terminate the KCPL Offer at such time and proceed with the KCPL Merger.

If an agreement with KCPL is not reached, Western Resources expects that it will extend the KCPL Offer from time to time in its sole discretion until all conditions thereto are satisfied, which Western Resources currently expects to occur prior to the end of 1997. Western Resources' obligation to exchange shares of Western Resources Common Stock for shares of KCPL Common Stock pursuant to the KCPL Offer is subject to various terms and conditions set forth in the KCPL Prospectus.

RECENT DEVELOPMENTS

On December 12, 1996, Western Resources and ONEOK announced that they had entered into a strategic alliance in which Western Resources will contribute its regulated local natural gas distribution operations and MCMC and Westar Gas Marketing, and will become the largest shareholder of ONEOK. A division of ONEOK, the Oklahoma Natural Gas Company, provides local natural gas service to 75 percent of the state of Oklahoma. ONEOK also has interests in natural gas marketing, processing and production.

In the transaction, which is expected to close in mid-1997, Western Resources will receive 2,996,702 shares of ONEOK common stock ("ONEOK Common Stock") and 19,317,584 shares of a new series of convertible preferred stock of ONEOK ("ONEOK Preferred Stock"), representing 45% of the total equity of ONEOK. The ONEOK Preferred Stock will pay an annual dividend of up to 1.5 times the ONEOK Common Stock dividend, with a minimum dividend of \$1.80 per share. The transaction is expected to be accretive to Western Resources in the first full year.

As a result of its alliance with Western Resources, ONEOK will become the ninth largest gas distribution company in the United States, serving 1.4 million customers. The strategic alliance will also include a marketing agreement under which Western Resources will provide electric energy products, security products and other unregulated services to ONEOK's 735,000 customers. The transaction requires the approval of ONEOK's shareholders, the Oklahoma Corporation Commission (the "OCC"), the KCC and the Commission. Pursuant to the HSR Act, the transaction may not be consummated unless certain information has been furnished to the Antitrust Division and the FTC and certain waiting period requirements have been satisfied. Western Resources shareholders will not vote on the transaction.

On December 16, 1996, Western Resources agreed to purchase for approximately \$368 million, subject to certain adjustments, all of the assets used in, related to or necessary for the operation of the security installation, monitoring and service business currently operated by Westinghouse Security, a subsidiary of Westinghouse Electric Corporation. Westinghouse Security serves approximately 300,000 customer accounts. The asset purchase is expected to be completed prior to the end of 1996.

VOTING AND PROXY PROCEDURES

GENERAL

Only persons entered in the register of members of ADT as holders of Shares at the time of the ADT Special Meeting will be entitled to vote at such meeting unless the ADT Board sets a record date for the ADT Special Meeting. In the event the ADT Board sets a record date for the ADT Special Meeting, only holders of Shares at the close of business on such record date will be entitled to vote at the ADT Special Meeting. Each Share is entitled to one vote upon each matter presented at the ADT Special Meeting. Holders of ADT preferred stock, if any, are not entitled to vote on any of the Western Resources Proposals. Pursuant to Bye-Law 43 of the ADT Bye-Laws, at any general meeting of ADT not less than two holders of Shares present either in person or by proxy constitutes a quorum for the transaction of business. Each of the Western Resources Proposals may be approved by the affirmative vote of a majority of those Shares voted at the ADT Special Meeting. ADT Shareholders do not have cumulative voting for directors.

Pursuant to Bermuda law, only votes cast for a matter constitute affirmative votes. Votes withheld or abstaining from voting are counted for quorum purposes only.

Any ADT Shareholder owning Shares held in the name of a brokerage firm, bank or other institution should sign, date and return the GREEN proxy card to such brokerage firm, bank or other institution in the envelope provided by that firm. The accompanying GREEN proxy card will be voted in accordance with the ADT Shareholder's instructions on such GREEN proxy card. In order to comply with Bye-Law 48(1) of the ADT Bye-Laws, which requires that any person acting as a proxy must be a shareholder of ADT, each of the representatives of Western Resources named as a proxy on the accompanying proxy card will own at least one Share at the time of the ADT Special Meeting.

OTHER PROPOSALS

EXCEPT FOR THE WESTERN RESOURCES PROPOSALS AS SET FORTH ABOVE, WESTERN RESOURCES IS NOT AWARE OF ANY PROPOSALS TO BE BROUGHT BEFORE THE ADT SPECIAL MEETING. SHOULD OTHER PROPOSALS BE BROUGHT BEFORE THE ADT SPECIAL MEETING, THE PERSONS NAMED ON THE GREEN PROXY CARD WILL ABSTAIN FROM VOTING ON SUCH PROPOSALS UNLESS SUCH PROPOSALS ADVERSELY AFFECT THE INTERESTS OF WESTERN RESOURCES AS DETERMINED BY WESTERN RESOURCES IN ITS SOLE DISCRETION, IN WHICH EVENT SUCH PERSONS WILL VOTE ON SUCH PROPOSALS AT THEIR DISCRETION.

REVOCAION OF PROXIES

An executed proxy may be revoked at any time prior to its exercise by submitting another proxy with a later date, by voting in person at the ADT Special Meeting or by sending a written, signed, dated revocation which clearly identifies the proxy being revoked to the Chairman of the ADT Special Meeting prior to the ADT Special Meeting or to the Secretary of ADT at the registered office of ADT at Cedar House, 41 Cedar Avenue, Hamilton HM12, Bermuda, so as to arrive before the ADT Special Meeting. A revocation may be in any written form validly signed by the registered holder as long as it clearly states that the proxy previously given is no longer effective.

PROXY SOLICITATION

Proxies for the ADT Special Meeting will be solicited by mail, telephone, telegraph, telex, telecopier, facsimile and advertisement and in person. Certain information about the directors and executive officers of Western Resources and certain employees and other representatives of Western Resources who may also assist [] in soliciting proxies is set forth in the attached Schedule A. Schedule B sets forth certain information relating to Shares owned by Western Resources and its affiliates and Western Resources' directors, executive officers, employees and other representatives and certain transactions between any of them and ADT.

The entire expense of the Proxy Solicitation is being borne by Western Resources. Western Resources may seek reimbursement for such expenses from ADT, but does not expect that the question of such reimbursement will be submitted to a vote of ADT Shareholders. Costs related to the Proxy Solicitation include expenditures for attorneys, accountants, financial advisors, proxy solicitors, public relations advisors, printing, advertising, postage, litigation and related expenses and filing fees and are expected to aggregate approximately \$ million. Election of the Western Resources Nominees and consummation of the Offer may, among other things, (i) result in acceleration of credit facilities currently available to ADT Operations, Inc., a subsidiary of ADT ("ADT Operations"), (ii) enable the holders of certain debt instruments of ADT Operations to require the repurchase of their securities, and (iii) accelerate the date on which certain options outstanding under ADT's stock option plans become exercisable. Although Western Resources and Westar Capital do not believe that these events would materially and adversely impact the financial condition of ADT, the actual impact of such events cannot be presently ascertained and will depend, among other things, on interest rates and the future conditions in the credit markets.

Western Resources has retained [] to act as Information Agent in connection with the Proxy Solicitation. The Information Agent may contact holders of Shares by mail, telephone, telex, telegraph, facsimile

and personal interviews and may request brokers, dealers and other nominee shareholders to forward Proxy Solicitation materials to beneficial owners of Shares. The Information Agent will be paid a customary fee of [\$] for such services, plus reimbursement of out-of-pocket expenses, and Western Resources will indemnify the Information Agent against certain liabilities and expenses in connection with the Proxy Solicitation, including liabilities under federal securities laws.

Salomon Brothers Inc ("Salomon"), Bear, Stearns & Co. Inc. ("Bear Stearns") and Chase Securities Inc. ("Chase") are acting as Dealer Managers (the "Dealer Managers") in connection with the Offer.

Salomon is acting as financial advisor to Western Resources in connection with its effort to acquire ADT, for which services, and for assistance rendered by Salomon in connection with prior purchases of Shares by Westar Capital, Western Resources has agreed to pay Salomon aggregate fees up to a maximum of \$5 million (a substantial portion of which is contingent upon the consummation of an acquisition of 50% or more of the Shares of ADT or upon consummation of the Amalgamation).

Bear Stearns is acting as financial advisor to Western Resources in connection with its effort to acquire ADT, for which services, and for assistance rendered by Bear Stearns in connection with prior purchases of Shares by Westar Capital, Western Resources has agreed to pay Bear Stearns aggregate fees up to a maximum of \$4.3 million (a substantial portion of which is contingent upon the consummation of an acquisition of 50% or more of the Shares of ADT or upon consummation of the Amalgamation).

Chase is acting as financial advisor to Western Resources in connection with its effort to acquire ADT, for which services Western Resources has agreed to pay Chase aggregate fees up to a maximum of \$1.5 million (a substantial portion of which is contingent upon the consummation of an acquisition of 50% or more of the Shares of ADT or upon consummation of the Amalgamation).

In addition to the compensation set forth above, Western Resources has agreed to reimburse the Dealer Managers for their reasonable travel and other out-of-pocket expenses. Western Resources has also agreed to reimburse each of the Financial Advisors for necessary and reasonable attorney's fees incurred in connection with their engagement, and has agreed to indemnify each of the Dealer Managers and certain related persons and entities against certain liabilities and expenses in connection with the Dealer Managers' engagement, including certain liabilities under the federal securities laws. In connection with each of Salomon's, Bear Stearns' and Chase's engagement as Dealer Manager, Western Resources anticipates that certain employees of Salomon, Bear Stearns and Chase may communicate in person, by telephone or otherwise with a limited number of institutions, brokers or other persons who are ADT Shareholders for the purpose of assisting in the Proxy Solicitation. Neither Salomon, Bear Stearns nor Chase will receive any fee for or in connection with such solicitation activities by its employees apart from the fees it is otherwise entitled to receive as described above.

In addition to the fees to be received by each of Salomon, Bear Stearns and Chase in connection with their engagement as Dealer Managers for the Offer, Salomon, Bear Stearns and Chase have in the past rendered various investment banking and financial advisory services for Western Resources for which they have received customary compensation. In particular, pursuant to a letter agreement dated September 5, 1995, as amended (the "Salomon KCPL Letter Agreement"), Salomon is providing certain financial advisory services to Western Resources in connection with the KCPL Offer. Under the terms of the Salomon KCPL Letter Agreement, Western Resources has agreed to pay Salomon for its financial advisory services (including services as Dealer Manager) in connection with the KCPL Offer, a financial advisory fee of (i) \$400,000 upon execution of the

Salomon KCPL Letter Agreement, (ii) \$500,000 upon public announcement of the KCPL Offer, and (iii) up to an additional \$6,000,000 (less amounts paid or payable described in (i) and (ii) above) upon Western Resources' acquisition of more than 20% of the outstanding KCPL Shares or upon the consummation of the KCPL Merger.

Western Resources will not pay any fees or commissions to any broker or dealer or other person (other than the Information Agent and the Dealer Managers) for soliciting proxies for the ADT Special Meeting. Brokers, dealers, commercial banks and trust companies will be reimbursed by Western Resources for customary mailing and handling expenses incurred by them in forwarding material to their customers.

ABSENCE OF APPRAISAL RIGHTS

ADT Shareholders do not have appraisal rights with respect to the Offer.

However, pursuant to Section 106(6) of the Companies Act, a registered holder of Shares who does not vote in favor of the Amalgamation, if it is proposed and submitted to a vote of ADT Shareholders, and who is not satisfied that he or she has been offered fair value for his or her Shares, may, within one month of the giving of the notice of the general meeting of ADT Shareholders, apply to the Supreme Court of Bermuda (the "Court") to have the fair value of such Shares appraised by the Court.

Western Resources presently intends to condition the Amalgamation upon, among other things, holders of not more than 5% of the outstanding Shares having perfected appraisal rights with respect to the Amalgamation.

SHAREHOLDER PROPOSALS

Proposals of ADT Shareholders intended to be presented at the 1997 Annual Meeting of ADT Shareholders must have been received at ADT's Corporate Secretary's Office on or before November 13, 1996 for consideration for inclusion in the proxy statement and form of proxy relating to such meeting.

The following employees (the "Salomon Individuals") of Salomon may engage in solicitation activities in connection with the solicitation to which the Preliminary Proxy Statement relates (and to the extent that any such Salomon Individual does, in fact, engage in such solicitation activities, any such Salomon Individual would thereby become a "participant," as defined in Schedule 14A):

ADT BYE-LAWS

BYE-LAW 104. TAKE-OVER OFFERS FOR THE COMPANY.

- (1) (A) Where any person is or becomes interested, whether as a result of transactions over a period of time or not, in shares in the capital of the Company in circumstances in which he would be obliged to make or extend an offer or offers to shareholders or holders of other securities or rights referred to in paragraph (4) below of the Company under the Rules for the time being of the City Code on Take-overs and Mergers of the United Kingdom of Great Britain and Northern Ireland (the "City Code", which expression shall include any revision or modification thereof) issued by the Panel on Take-overs and Mergers ("the Panel", which expression shall include any body which succeeds to the functions of the said Panel) if the Company was a company incorporated in the United Kingdom of Great Britain and Northern Ireland to which the City Code applied, the Directors may serve upon that person a notice requiring him to make or extend an offer or offers in writing in accordance with the requirements of the City Code in all respects as if the City Code did apply to the Company but so that references in the City Code to the Panel shall be construed, for the purposes of this Bye-Law, as if they were references to the Board of Directors of the Company.
- (B) Where any person has acquired, is in the process of acquiring, or appears to the Directors likely to acquire an interest in shares in the capital of the Company in circumstances in which he would be subject to the Rules Governing Substantial Acquisitions of Shares (the "SARs", which expression shall include any revision or modification thereof issued by the Panel, if the Company was a company incorporated in the United Kingdom of Great Britain and Northern Ireland to which the SARs applied, the Directors may serve upon that person a notice requiring him to comply with the provisions of the SARs in relation to any acquisition made (after the date of adoption of this paragraph (1)(B)) or proposed to be made by him and if that person has made (after the date of adoption of this paragraph (1)(B)) or subsequently makes any acquisition in contravention of the provisions of the SARs such a notice or a further notice issued by the Directors may require that person to dispose or to procure the disposal by any person with whom he has acted in concert of any interest in shares so acquired within twenty-eight days of the date of such notice.
- (C) If a notice served under paragraph (1)(B) requiring a disposal of shares is not complied with in accordance with its terms and has not been withdrawn, the Directors may, so far as they are able, dispose of the shares to which such notice relates at the best price reasonably obtainable in all the circumstances in which case they shall give written notice of such disposal to the person or persons on whom such notice was served. Except as hereinafter provided such a disposal shall be completed as soon as reasonably practicable after the giving of a notice under this paragraph (1)(C) as may in the opinion of the Directors be consistent with obtaining the best price reasonably obtainable and in any event within thirty days of expiry of such notice provided that a disposal under this paragraph (1)(C) shall be suspended during the period when dealings by the Directors in the Company's shares are not permitted either by law or by the regulations of any stock exchange upon which those shares of the Company which are to be disposed of are listed, but any disposal under this paragraph which is suspended as aforesaid shall be completed within thirty days after expiry of the period of such suspension and provided further that neither the Company nor the Directors shall be liable to any holder or any person having an interest in any share or other person for failing to obtain the best price so long as the Directors act in good faith within the period specified above.
- (D) For the purpose of effecting any disposal under paragraph (1)(C) above, the Directors may authorise in writing any officer or employee of the Company to execute any necessary transfer on behalf of any holder and may issue a new certificate to the purchaser. The net proceeds of such disposal shall be received by the Company, whose receipt shall be a good discharge for the purchase money, and shall be paid (without any interest being payable thereon) to the former holder upon surrender by him of the certificate in respect of the shares sold and formerly held by him.

- (E) The provisions of these Bye-Laws relating to the protection of purchasers of shares sold under a lien or upon forfeiture shall apply mutatis mutandis to disposals under this Bye-Law.
- (2) Any notice served under paragraph (1) above may also require the person on whom it is served to execute an undertaking under seal in favour of the Directors (as trustees for all the holders of shares in the capital of the Company) and in a form satisfactory to the Directors to observe and perform the rules and requirements of the City Code or the SARs as the case may be as if the same were applicable to the Company and in the manner prescribed in paragraph (1) above.
- (3) Where any person is interested, whether as a result of a series of transactions over a period of time or not, in Common Shares which (taken together with shares held or acquired by persons acting in concert with him) represent 30 per cent. or more of all the Common Shares for the time being in issue and the Directors determine that it is not expedient to serve a notice under paragraph (1)(A) above or if any person upon whom such a notice is served fails within thirty days to comply with the same, the Directors may serve upon that person a notice requiring him to make an offer in writing (the "Offer"), within 30 days of the date of such notice on the basis set out in the following paragraphs, to the holders of every class of share capital of the Company (whether voting or non-voting) to purchase all such shares for cash on terms that payment in full therefor will be made within 21 days of the Offer becoming or being declared unconditional in all respects.
- (4) Where the Directors serve a notice upon any person in accordance with paragraph (3) above, they may also include in that notice a requirement that such person shall make an appropriate offer or proposal in writing to the holders of every class of securities convertible into, or of rights to subscribe for, share capital of the Company (whether such share capital is voting or non-voting). Such appropriate offer or proposal is referred to in this Bye-Law as a "Convertible Offer". The Convertible Offer shall be made at the same time as the Offer. The terms of the Convertible Offer shall be such terms as the Directors, in their absolute discretion, consider to be fair and reasonable having regard to the terms of the Offer and the Directors shall notify such terms to the person specified in paragraph (3) above (the "Offeror"). The Convertible Offer shall be conditional only upon the Offer becoming or being declared unconditional in all respects.
- (5) In addition to the Offeror, the Directors may require, in their absolute discretion, each of the principal members of a group of persons acting in concert with him and who appear to be interested in any shares in, or convertible securities of, the Company to make the Offer and/or the Convertible Offer. For the purposes of this Bye-Law, persons shall be deemed to be acting in concert if, pursuant to an agreement or understanding (whether formal or informal) they actively co-operate in acquiring or seeking to acquire shares in, or convertible securities of, the Company.
- (6) Unless the Directors otherwise agree, an offer made under paragraphs (3), (4) or (5) of this Bye-Law must, in respect of each class of share capital or convertible securities involved, be in cash or be accompanied by a cash alternative offer at not less than the highest price paid by the Offeror or any person acting in concert with it for shares or convertible securities of that class within the preceding 12 months. If such price cannot be ascertained by the Directors or if such shares or convertible securities have been acquired other than for cash pursuant to a bargain made on any recognised stock exchange or if the Directors consider that such highest price is, for any reason, inappropriate, unfair or unreasonable having regard to the size and timing of the relevant purchases, the relationship (if any) between the seller and purchaser of such shares or convertible securities or the number of shares or convertible securities purchased in the preceding 12 months, the Directors may, in any such case, fix the price at which the Offer, the Convertible Offer or the cash alternative offer is to be made. The cash Offer, the cash Convertible Offer or the cash alternative offer must, in each case, remain open for not less than 14 days after the date on which the Offer or the Convertible Offer, as the case may be, has become or is declared to be unconditional as to acceptances.

- (7) Any person who makes or is about to make or who is or can be required to make an offer under this Bye-Law or who has made such an offer which has lapsed, shall observe and shall procure that any persons acting in concert with him shall observe the rules and requirements of the City Code both in letter and in spirit prior to, during the pursuit of and, if applicable, after the failure of such an offer.
- (8) For the purposes of this Bye-Law, any questions or disputes arising out of the grant of consent by the Directors, the comparability of offers, the terms of offers, any question as to whether any person shall be regarded as acting in concert with another, any question regarding the interpretation or application of the City Code and the meaning of any terms or phrases used in this Bye-Law or the City Code shall be determined by the Directors in their absolute discretion.
